The committee on order of business made the following recommendations: First, election of officers. Second (recommend going into a committee of the whole to settle on some plan to provide money with which to build roads.

Resolved, That the residents of any precinct or township shall have the power to levy a special road tax.

FOR THE REGATTA

The Various Committees Were Selected Last Night.

The Finance Committee Meet With Encouraging Results.

The regatta finance committee were out on a round-up yesterday, and succeeded in collecting a goodly amount of the money subscribed. It is an actual pleasure to note how promptly the business men have responded with their help, both financially and morally, and if the regatta is not a success it will be no fault of the majority of the citizens.

There was a rumor started yesterday that the above two companies proposed to stand in with the up-river combination and keep the rate up to its regular standard, but as nearly as could be ascertained, there is no truth in the report.

Up the river at the various canneries they are making preparations to enter some of their fastest boats. Big sloops will be taken from the water, their bottoms scraped, and newly calked.

There are a number of private bets, some of them pretty good-sized wagers, already up on the fishermen's race, and it will probably be the most interesting event on the whole program.

The directors of the Athletic Association met last evening and selected the following committees: Judges—Mr. C. P. Uphur, British Vice-Counsel P. L. Cherry, and Hon. John Fox.

Handicappers—Mr. Scott Johnson, and Mr. F. L. Parker.

Starter—Captain Howes. Reception Committee—Messrs. Fred. Newell, Robert Gibson, P. W. Weeks.

It is suggested that parties having rooms to let, leave their names, together with the number of rooms, with the committee. Residents of other cities who contemplate attending the regatta can find suitable accommodations by addressing the committee.

Everybody knows this is a good place to be, but everybody does not take measures to be there. An efficient preventative places us on the safe side of incipient disease, and there is no one more reliable than Hostetter's Stomach Bitters in cases where the kidneys are inactive, which is the preliminary to various destructive maladies, which disregarded have a fatal termination.

Bright's disease, diabetes, dropsy, oedema, are but the outgrowths of neglected inaction of the kidneys and bladder. They should be checked at the outset with bitters, which will prevent their progress by arousing the renal organs to activity, and thus place those who resort to this saving medicine on the safe side.

This preservative of safety also conquers constipation, liver complaint, malarial fever, nervousness and dyspepsia.

The regular quarterly teachers' examination will be held beginning at 1 o'clock p. m., Wednesday, August 8th, 1894, at Court Street School House, Astoria, Oregon, continuing the rest of the week.

Applicants for county certificates or state diplomas, will be present promptly and remain until the close.

ACTIVE EXERCISE and good food in plenty, tends to make children healthy. If children suffer, however, from Scrofulous, Skin or Scalp Diseases—if their blood is impure and pimples or boils appear, they should be given the right medicine. Tunny, pale, weak children get a lasting benefit and "a good start" from the use of the "Discovery." What is It? A substitute for lard? Upsetting the customs, habits, and prejudices of centuries? Yes, all this and more. Cottolene is a new cooking product—it is better than lard or butter for cooking, so say such noted housekeepers as

Marion Harland, Catharine Owen, Christine Terhune Herrick, Emma E. Sewell, Mrs. S. T. Florer, Mrs. F. A. Benson, Amy Barnes, Margaret Wister, and many others; it is healthier—so says every thoughtful physician; and it is cheaper as every housekeeper knows when she finds that one-half the quantity answers every purpose.

COTTOLENE is the purest clarified cottonseed oil mixed with pure beef fat. It is the best cooking material ever devised for frying anything and everything—easily digested and highly nutritious.

Beware of imitations. Ask your grocer for the genuine Cottolene. MADE BY N. K. FAIRBANK & CO., ST. LOUIS and CHICAGO, NEW YORK, BOSTON.
