HANDS OFF NEW YORK

So Says Ex-President Harrison In an Interview.

SENATORS BECOMING UNEASY.

The Sundry-Civil Bill Signed by President Cleveland Yesterday Other Late Dispatches.

Associated Press.

New York, August 18.—The Commercial advertiser today prints the following interview with ex-President Harrison at the house of Captain Barghoit, at Spring Lake, New Jersey, Thursday: "My position is a peculiar one. It is hard for the people to understand how I am situated. My life is necessarily sealed so far as criticism of this administration goes. It would be very bad taste or form to draw a comparison between my own and Mr. Cleveland's administration. It would be highly discourteous for me to state wherein I believe this administration errs. Therefore, I have uniformly refused to express any opinion to draw any comparison, or to criticize, and shall continue that policy."

"Shall you not have something to say about the new tariff bill?" "That is a different matter. That measure is not fathered by the administration, as I understand it, and is a legitimate matter for discussion, but I am not yet ready."

"I do not wish to speak hastily of a matter that so intimately concerns the welfare of the party and country, and goes to the root of our prosperity as a nation. Later, I shall prepare a careful analysis of the situation and shall speak to the people during the Indiana campaign. I shall speak two or three times, and will let people know my views on the tariff question. Some things that I say may be worth printing."

"What do you think of the situation in New York?"

"I think that the situation in New York state demands that every man outside of the state keep his hands off. That is what I think. Let outsiders keep their hands off and attend to their own business. The two wings of the party still maintain separate opinions, and are as far apart as ever. Suggestions, advice, or talk of any kind from outsiders would be impertinent and ill advised."

THEY ARE GETTING TIRED.

Members of the Senate Are Anxious to Go Home.

Washington, August 18.—The senate has decided that there shall be no further legislation over which there is to be a contest at this session of congress, by adopting Murphy's resolution to that effect by a majority. Indeed, it is doubtful if anything would have been done even without the adoption of this resolution, as it was impossible to secure a working quorum today or any party division, and other senators are about to leave the city. The resolution appointing White, of California, a member of the finance committee, met with no opposition, and was agreed to unanimously. Gray's resolution instructing the committee on finance to report the free silver bill immediately with the amendment, putting a flat duty on sugar, did not fare so well, and went over without attention, on account of the lack of a quorum. Another resolution was offered by Lindsay, declaring it was the sense of the senate that congress could not adjourn without striking out of the tariff bill the benefit it gives the sugar trust, which was amended by including the "whisky trust," and as amended, went over under objection. At 2:25 the senate went into executive session and at 3:40 adjourned.

NEGROES FOR THE COAL MINES.

Tacoma, August 18.—A special to the Ledger from Roslyn says:

"Two hundred and sixty-five miners arrived at Roslyn this morning. Of that number 157 are men, and the remainder are women and children. The negroes will work mine No. 2, which can turn out 2,000 tons of coal per day. If the Roslyn mines are worked to their full capacity, as now seems probable, 1,000 men will be employed. The importation of negroes cost the company about \$25,000, money for their expenses and transportation, to be paid out of their wages. The imported men are well dressed and appear to be of a better class than the miners. It is a better class than the miners because no trouble."

A BRIGHT OUTLOOK.

Washington, August 18.—Senator Davis, of Minnesota, member of the committee on foreign relations, expects great things from the treaty with China. He said it will prove most beneficial to our commercial interests, which for years have been obstructed

by the contention over the question of immigration. This country has the best geographical position for securing this trade. The Chinese exclusiveness is breaking down. China has granted concessions for an immense iron and steel plant, and for railways. China uses silver in her trade but produces little of it. This should give our silver mines a market. In 1893 the Chinese imports were \$123,500,000, and her exports \$102,000,000. Great Britain furnished \$119,000,000 of imports, and took \$50,000,000 of exports, giving a balance in her favor of \$50,000,000. The United States' share of the imports was but \$10,000,000 and she took \$10,000,000 imports. Now access to the twenty-three treaty ports is as free as to any other nation.

THE YANKEE RACER SCORED.

An English Writer Gives It to George Gould's Vigilant.

London, August 18.—The Field today gives prominence to a violent letter against the Vigilant, which is said to be a true reflection of the English comments bearing on all sides, but which have not appeared in print. The writer of the letter says that international courtesy has been overdone, especially in view of the fact that the courtesy is not reciprocated. It is asserted that America's cup was defended by a non-construction, which in no way conformed to British ideas of a yacht, and that shifting ballast was used during the cup races.

The letter then recounts certain alleged violations by the Vigilant of the British yacht racing association rules as to the wood of bulkheads, etc., and says the Vigilant was not measured "until British patience was exhausted."

The writer asks if the Vigilant is to be allowed to break every rule with "an empty shell for a hull, which enables her to compete with racing yachts, and with a crew of Norsemen and English sailors." In conclusion the Vigilant's critic remarks that British laborers boast in their national pride of a British yacht, not a machine, with British canvas and manned by British crew.

WHITE FOR A VACANCY.

Washington, August 18.—In the senate today a resolution for the appointment of White to a vacancy on the finance committee was adopted. The Murphy resolution declaring against further tariff legislation went over. A resolution of Gray instructing the finance committee to report back the free sugar bill with an amendment to strike out the one-eighth differential on refined sugar was adopted.

Murphy then called up the resolution declaring against further tariff legislation this session. Murphy offered an amendment to the resolution declaring it to be the sense of the senate that no further tariff legislation be considered this session, and that it is advisable to adjourn at the earliest possible moment. The vote in detail is as follows:

Ayes—Allison, Aldrich, Blanchard, Caffery, Carey, Chandler, Collum, Davis, Dolph, Gallinger, Gibson, Gorman, Jones, (Nev.) Kyle, Manderson, Mitchell, (Or.) Murphy, Patton, Peffer, Pettigrew, Platt, Pugh, Quay, Raft, Shoup, Smith, Stewart—27.

Nays—Bate, Berry, Blackburn, Cockrell, Coke, Paulkner, George, Harris, Hanton, Jarvis, Lindsay, Ransom, Turpie, Vilas, Vest, and White—16.

STEERING COMMITTEE MEETS.

Washington, August 18.—Unless the president is heard from in the shape of a veto by midnight, the river and harbor appropriation bill will, by expiration of ten days, become a law.

The Republican steering committee of the senate met today to put in shape the amendments decided upon by the caucus yesterday. One is a resolution instructing the finance committee to report the free sugar bill so as to provide for revenue duty on sugar and a continuance of the present bounty. Other amendments agreed upon by the caucus and put in shape by the steering committee provide for a modification of the Murphy resolution as to declare against further tariff legislation this session.

MAJOR WORTH DISCHARGED.

Omaha, August 18.—Major Wm. M. Worth, Second Infantry, who was ordered court martialled by President Cleveland for ordering Private Codarquist to participate in target practice on Sunday, was acquitted today and released from custody. The findings of the court were that the orders to Codarquist were warranted by the exigencies of the occasion, and that the proclamation of the president was not in force at present, not being part of the army regulations. The exigencies of the case to which the finding refers were the disturbances on the railroads and the commensal movement, which led army officers to believe that troops would shortly be called out.

HAS SIGNED THE BILL.

Washington, August 18.—A telegram received at the White House today announced that the president had signed the sundry civil bill.

'HELL LET LOOSE'

So Says an English Lieutenant of a Chinese Man-of-war

REGARDING NAVAL BATTLE.

Fought on July 25th Between Chinese and Japanese Men-of-war.

Associated Press.

Vancouver, B. C., August 18.—From Asiatic advices per steamer Empress of Japan, it was learned that a bloody battle between China and Japan was fought on July 25th at Selkan. There were 6,000 Chinese with forty cannon, and 15,000 Japanese engaged. About 1,000 were killed on each side and as many more wounded by arrows and bullets. The Chinese at a sacrifice of several cannon and 300 wounded on the field, said to have afterwards been butchered, retired to Kasu, where they fortified themselves on the Korean ships. The Japanese army followed them to Asan, where another battle took place. Of this battle, no official word can be gained. It is claimed that Japan is suppressing the news owing to its troops being defeated. Some newspapers say the Chinese were reinforced by 10,000 troops and slaughtered them to a man. In Japan the postoffices are 'being' closed, and all telegrams are overlooked. All newspapers are prosecuted that publish the news of the battles. The Chinese Herald claims that China gained several victories by sea and land of late, news of which has been suppressed. There have been naval engagements between the two powers near the coast but not one little can be obtained of any importance of the battle. Both Chinese and Japanese troops continue to pour into Korea, and it is expected in a short time that the greatest battle, numerically, of modern times will take place.

Yokohama Nippon says: On the 16th of July a naval fight took place at Nanyang Bay. The ships engaged were a second-rate Chinese man-of-war and a second-rate Japanese man-of-war. The former was victorious, and though riddled with bullets and shot, and her decks running with blood, chased her foe out of the bay. The latter being faster, steamed away, but at night the Chinese war-ship approached under cover of darkness and the bloody contest was renewed by the light from lanterns. The Chinese and Japanese fought like demons, and the scene was described by an English lieutenant on board the Chinese ship "Hell let loose and a sea of blood." Men fought until there were not enough left to work the guns. The ships shuddered and a hand to hand contest ensued. When the Japanese cried for quarter there were but fifty able-bodied men on board.

THEY WANT TO FIGHT.

The Japanese Have a Mania for War With the Chinese.

San Francisco, August 18.—The steamship China arrived this afternoon from Asiatic ports. She brings Yokohama advices to August 6, two days later than the news received at Victoria on the Empress of Japan. News advices continue, however, to be of an unsatisfactory character. War having been formally declared, the Chinese minister and consuls were preparing, when the China sailed, to leave Japan. The flag on the Chinese consulate at Yokohama had been hauled down, and the archives conveyed to the United States consulate general. It was also reported that all Japanese officials were hurriedly leaving China.

The Japanese nation appeared to be affected with a mania for war. So fierce is the public spirit for war that the constitutional reform party is out with a manifesto declaring it to be the duty of the Japanese army to force its way into China, to dictate terms of peace under the walls of its capital, and to display the glory of the Japanese empire.

HAVE MONEY AT HOME.

London, August 18.—The Japanese legation has not received any news from

Japan to confirm the report that an imperial decree has been issued authorizing the raising of a Japanese loan of \$50,000,000. It is stated at the legation that if a loan is required it will be entirely raised in Japan.

A dispatch to the Times from Tien Tsin says: The Northern Chinese squadron is valiantly searching the gulf of Pe Ch' Li for the Japanese war-ships.

THE SEATTLE REGATTA.

Seattle, Wash., August 18.—Following are the results of the second day's regatta at Lake Washington:

Senior fours, mile and a half straight away, Portland Rowing Club won; Seattle Athletic Club, second; Burrard Inlet club, third; time, 8:52 2-5.

Junior singles, mile and a half straight away, F. T. Burgeola, Williamette Rowing Club, won; no competitor. Time, 15:38 2-5.

Senior doubles, mile and a half straight away, Portland Rowing Club rowed over Senior doubles, mile and a half straight; Double paddling canoe race, half a mile straight away, J. D. Watson and H. C. McCauley, Victoria Rowing Club won; P. W. Charleston and A. E. Sallisbury, Vancouver Rowing Club, second; William M. Redfield and R. S. Redfield, Seattle Athletic Club, third. Time, 4:47.

FOR RESTORATION OF SILVER.

Washington, August 18.—The policy to be pursued in advancing the principles of bi-metalism was outlined at today's session of the American Bi-metallic League. Speeches were made by several of the congressmen and by delegates from the various states. Congressman Bland characterized the silver question as a purely practical one, and urged that the political battles of the future be fought on the proposition without any change of basis. It is recommended that a convention be held at some central point in both the mining and agricultural states to procure an organization to work for this end and that the committee of five appointed to carry it out, be held in abeyance until the full restoration of silver is accomplished.

AN OREGON WILD MAN.

Boia, August 18.—A wild man has been found on Malheur Creek, in Oregon. For many days past the ranchers have heard strange noises among the willows and the wall of a human being, blending with the lonesome yells of coyotes. Yesterday Lloyd Garrison was at work on the Malheur when a wild man suddenly made his appearance and frightened him terribly. He heard a series of yells, and then out of the brush came the figure of a man with a scabby rag about his loins, his eyes wild and protruding from the eye sockets, and his emaciated body covered with short hair of a dark color.

CHRISTOPHER IS HELD.

Baltimore, August 18.—At a conference between Governor Brown, Attorney General Poe, and counsel for a hundred imprisoned Cayeyites, it was agreed that the governor pardon all hands except Christopher Columbus Jones and Marshall McKee, who will be held for the purpose of testing the right of the state to take the army from the encampment and imprison them without trial.

LOST THE CENTER BOARD.

Fresh Water Gate Sale of Wight, August 18.—The match race between the Britannia and Vigilant is off. Before the starting gun was fired, the Vigilant hauled down the racing flag and took in her top sails, having lost her center board. The queen had gone on board her yacht to watch the race.

THREE MEN DROWNED.

Tacoma, August 18.—A special to the Ledger from North Yakima says: Yesterday at Snipe's ford, this county, Frank Woods and Herbert Blake were drowned while crossing the river. Their team became unmanageable, and the victims jumped into the water, being carried away by the swift current.

STILL AFTER THE MAJOR.

Omaha, August 18.—The Federated Board of the Union Pacific has decided to bring a new suit to prevent Receiver McNell, of the Oregon Railway and Navigation Company, from reducing the wages of the employees.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.
