## UPRISING IS FEARED

The Philadelphia and Champion's Queer Maneuvers.

CHARGES AGAINST EZETA.

A Cattle Man Lynched at Lake View By a Mob of Indignant Citizens.

Associated Press.

San Francisco, August 22.—The United States ship Philadelphia arrived today from Honolulu, bringing the following letter:

"Honolulu, August 12.—Several days ago it was announced that the Philadelphia was to leave here, and about the same time, the captain of the British ship Champion said that his ship would leave in two weeks for a cruise, ostensibly to look over the route proposed by the Pacific cable. The day after the above events a petition was circulated by the British residents asking that the Champion remain, as they claimed to be in fear of having no protection in the event of trouble.

The Champion's commander agreed to stay, and Admiral Walker at once announced his intention of doing the same thing. The sudden change in the plans of the vessels has caused a great deal of comment. The Royalists claim that had the Philadelphia left there would have been an uprising at once. The other side claims to want the Philadelphia to go, that it may show the Royalists it is not afraid of them. Their wish was attained by word received yesterday, ordering the Philadelphia to proceed at once home. War between Japan and China is having an effect here. Reports were received of a fight between the Chinese and Japanese, and serious trouble is feared from some of the large plantations.

EZETA STILL FLOATS.

Navy Officers Refuse to Assist the U. S. Marshal.

San Francisco, August 22.—The singular international complication involving the liberty of General Antonio Ezeta and his fellow-refugees, which has been so prolific of opera bouffe sensations, developed a new tangle of conflicting authority today. Warrants were finally issued for the arrest of the refugees, but the local federal authorities became tangled up in government red tape, and the warrants could not be served. United States Marshal Baldwin, armed with the authority of the federal courts, set out to have the refugees brought within the authority of the law, but he ran up against Captain Howison, the naval officer who commands at Mare Island navy yard. Capt. Howison declared that he had no authority to furnish transportation to the marshal, and he refused to place that officer on board the Bennington. Without the assistance of the navy department the marshal could not reach the gunboat. It is probable the matter will be settled tomorrow.

THE BAVARIA HOP YIELD.

The Bill Ratifying the Nez Perce Indian Treaty a Law.

Washington, August 22.—United States Consul Stein, at Hamburg, states that if nothing unforeseen arises the hop harvest in Bavaria will prove equal to the yield of the most favorable hop years. United States Consul General Jonas at St. Petersburg states that the early completion of the Siberian railroad is likely to have a depressing effect upon the prices of grain throughout the world.

The bill ratifying the Nez Perce Indian treaty is now a law, and carries \$1,668,622, \$668,622 to be paid as soon as the department can arrange the necessary details. The land will be opened for settlement by proclamation of the president in ample time. The agricultural land will be sold at \$3.75 per acre, and mineral and stone lands at \$5 per acre.

MURDER WILL OUT.

North Yakima, August 22.—Two months ago N. S. Bagwell, better known as "Tex" Bagwell, a gambler of more than local repute, was shot in the back and killed while going home at night. Robbery was not the purpose, as he had money and diamonds valued at several hundred dollars on his person when found. The coroner's inquest developed nothing more than suspicion and no arrests were made until the present time. Now there are in the county jail five prisoners who are charged with being accessories, including a woman who claims to be Mrs. Bagwell, and who is said to have incited a man named Harvey to commit the crime. Harvey is now being brought here from Walla Walla.

CAUSED BY SPECULATORS.

New York, August 22.—The drift of

opinion on Wall Street is that up to the present time the demand for silver has come from speculators. They profess to know that there is no direct buying for China, and may in making prices they entirely follow the London market. One prominent bullion broker said the rise was probably assisted by the introduction in the house yesterday by Johnson, of North Dakota, of a bill for the unlimited coinage of silver. At the New York agency of the Hong Kong and Shanghai Banking Corporation, it was said that the recent loan of 40,000,000 taels was equal to \$700,000 of our money if it was a silver loan, but if a large war loan was issued, it is likely to be in gold, and therefore the Chinese loan should not be necessarily the result of advancing the prices of silver.

QUICK JUSTICE.

Lake View Citizens Lynch a Man to the Court House Steps.

Klamath Falls, Or., August 22.—Word was received from Lakeview, Oregon, that last Monday night a mob of masked men surrounded the county jail and compelled City Marshal Helmeyer, who is acting as jailer, to hand over the key of the jail. The mob entered the jail and brought out a prisoner named W. S. Thompson and hanged him on the court house steps. Thompson was confined in jail on a charge of assault with a dangerous weapon. He was a resident of Warner Valley where he had a host of enemies who allege that Thompson did as he pleased, killing horses and cattle and abusing people. At one time he was charged with almost having caused the death of his wife and child. The coroner's jury returned a verdict that Thompson came to his death by strangulation by unknown hands.

THEIR FONDNESS FOR BEER.

Chicago, August 22.—Several witnesses were examined by the strike commission today who gave testimony favorable to the Pullman company. Paul E. Herms, a newspaper, said the trouble of the men was largely due to their fondness for beer. All the saloon keepers in the surrounding towns had grown rich.

MORE MISTAKES.

New York, August 22.—A special from Washington says: In addition to the long list of errors found in the Gorman tariff bill, a surprising discovery has been made by the treasury department officials that no appropriation has been made for putting into effect the income tax provisions.

HALF FINISHED.

Chicago, August 22.—The strike commission has concluded its inquiry into the strike from the side of the employees, and will now hear the statements of public officials and those who wish to testify on the part of the employers.

ONLY TWENTY-ONE PRESENT.

Washington, August 22.—There were 21 senators present today when the senate was called to order. The sergeant at arms was directed to request the presence of absent senators. The senate went into executive session.

NO OFFICIAL NEWS.

Washington, August 22.—The Japanese legation has received no news of the engagement between the Japanese and Chinese forces reported from Shanghai, in the dispatches published this morning.

HOLMAN RE-NOMINATED.

Shelbyville, Ind., August 22.—Congressman Holman was re-nominated today. At the expiration of this term Holman will have been a member of congress for thirty years.

SILVER IN LONDON.

New York, August 22.—The Evening Post's London cable says: The further rise in silver was a feature today. It was up to 39 3/4, but closed weak at 39d.

CAMINETTI NOMINATED.

San Francisco, August 22.—The Second District Democratic convention this afternoon unanimously re-nominated Congressman Caminetti.

MASONS MEET AT TOPEKA.

Topeka, August 22.—About 300 Masons from all the states in the Union are in Topeka attending the 29th Triennial Convention.

PATTON FOR CONGRESS.

San Francisco, August 22.—The Sixth District Democratic convention nominated Geo. S. Patton for congress over I. G. Messmer.

THE PRESIDENT RETURNS.

Washington, August 22.—President Cleveland returned here tonight from Buzzard's Bay.

THE PRESIDENT STARTS BACK.

New York, August 22.—President Cleveland left for Washington this afternoon.

## GOLD IS ROLLING IN

Receipts From Internal Revenue Sources Increasing.

THE PRESIDENT IS BACK.

The Nomination of Majors in Republican Convention at Omaha Causes a Scene.

Associated Press.

Washington, August 18.—The receipts from the internal revenue sources continue to be abnormally large with every prospect of continuing so till the new tariff bill goes into effect. During the last seven days from August 20th, the receipts reached the unprecedented sum of \$11,000,122, and it is confidently expected that by next Saturday at midnight, when the new act will become operative, the aggregate receipts for the preceding ten days will have reached \$15,000,000. These large receipts under the circumstances are deprecated by the treasury officials. The reason for this is that the aid coming to the treasury this way is only temporary at best, and will add to the deficit later on, for every gallon of whisky now being withdrawn, the government, sooner or later, is bound to lose 20 cents.

As soon as the tariff bill goes into operation the receipts from this source are expected to drop to merely a nominal amount, and so continue for some months until the new supply is exhausted. This abnormal receipts have swelled the cash balance in the treasury to nearly \$121,000,000. At the same time the gold reserve is increasing till it has reached about \$54,000,000. This increase is due almost entirely to the western demand for small notes with which to harvest the crops.

For the present, at least, the embarrassments which have threatened the treasury have passed.

ALTGELD IS WRONG.

Judge Cooley's Opinions Before the American Bar at Saratoga.

Saratoga, August 22.—The address of Judge Thomas Cooley, president of the American Bar Association, was read by Judge Hunt at a meeting today. Cooley condemned the Cooley movement as antagonistic to the existing political and social state of sympathetic strikes. He pronounced it bad in morals and impossible to be settled in arbitration. Governor Altgeld's contention that the president could not send troops into Illinois to enforce the federal laws he declared as wholly incorrect.

Alluding to the recent railroad trouble, he said: "A sympathetic strike is bad in morals and must be quite as bad in policy when the probable injury to innocent parties will exceed the probable benefit to the parties it aims to assist." Referring to the state and federal rights and the protest of Governor Altgeld, he says: "The position of the governor that the maintenance of peace and suppression of disorder was a state affair, and that the president was guilty of usurpation when he thus without request ordered the troops into that state for a purpose, we cannot admit the position taken is plausible. It has no warrant whatever in the federal constitution, which is on the contrary distinctly against it. The president is to take care that the federal laws are faithfully executed, and his doing so is not made to depend upon the will or consent of any one."

Of arbitration he says: "The sympathetic strikes can never be settled by arbitration. Parties to the strike are not parties to the controversy that needs to be settled, and if the sympathizers are held and justified, the original quarrel remains undetermined. A finding made by a given number of arbitrators as to the merits of the original controversy in such cases would be an idle culmination of opinion, having behind it no force of law, and going no further to fix the frail objection on any party concerned than would like expression by any other equal number of equally intelligent members of the community."

DEATH SENTENCE SET ASIDE.

North Yakima, August 22.—The death

sentence of C. W. Nordalein, of King county, who was to be hanged on Friday, was set aside by Chief Justice Dunbar upon an appeal to the United States supreme court on the grounds of irregularity of the indictment. The application was made by James Hamilton Lewis, of Seattle who met Justice Dunbar here today.

COL. T. J. MAJORS FOR GOVERNOR.

Editor Rosewater Resigns as National Committee-man.

Omaha, August 22.—The largest Republican convention ever held in Nebraska met today. Lieut-Gov. T. J. Majors was nominated for governor. In Omaha there will be an anti-monopoly element of the party who will fight Majors.

A letter from Edward Rosewater, of the Omaha Bee, was read to the convention. He explained he was too loyal a Republican to support Majors. Continuing he said:

"The action of our convention compels me to tender my resignation as a national committee-man. You have made a nomination for governor of a man who is branded as an accessory to forgery and perjury by the Republican congressional committee, of which Thos. B. Reed was chairman, a man who stands self-convicted of falsifying the official records and procuring the issue of a fraudulent voucher while acting in the capacity of president of the state senate; a man who has consorted with hoodlums and jobbers; a man who is the plant tool for railroads and whose nomination was procured by the influence of corporate cappers, professional bribers, jury fixers, and impeached state officials.

"Believing it my sacred duty to uphold the standard of true Republicanism at any sacrifice, I desire to be freed from all restraint which might be imposed upon me by remaining on the national committee."

The resignation was accepted, and Hon. John M. Thurston elected to fill the vacancy.

"The party declares that 'the party in Nebraska has always been the consistent friend and aggressive champion of honest money, and it now takes no step backward. While favoring bimetallicism and demanding the use of both gold and silver as a standard money, the convention insists that the parity of value of the two metals be maintained so that every dollar of paper or coin issued by the government shall be as good as any other.'"

SOLICITED CAMPAIGN FUNDS.

Washington, August 22.—The civil service commission has been investigating the charges that J. H. Taylor, recorder of deeds of the District of Columbia, had been soliciting campaign funds from the government employees contrary to the provisions of the civil service laws, and will in the next two days submit the report to the president. It is said the report will find Taylor has been connected with the solicitation of campaign contributions, and will recommend his removal from office.

RE-ORGANIZED DEMOCRACY RECOGNIZED.

San Francisco, August 22.—The Democratic state convention re-convened at 10:30 today. The first railroad fight was settled by the report of the committee on credentials in the case of contesting the delegation from Sacramento. "Old Liers" was defeated and the convention recognized the "reorganized Democracy" delegates who are outspoken against the Southern Pacific interests. The usual committees were then appointed, after which the convention adjourned until tomorrow.

THE KING DID IT.

Tokio, August 22.—It is officially announced that on June 30, the King of Corea declared himself independent of China and appealed to Japan to assist him in driving the Chinese troops from Asia with the assistance of Korean troops. The same date Corea renounced all treaties with China.

VIGILANT ON THE DRY DOCK.

Hampton, August 22.—The Vigilant was placed on the dry dock today and thoroughly inspected. It was found that the hooks supporting the fore part of the center-board had been carried away, and that the lead about that portion of the keel was damaged. The center-board was only chafed, and was virtually uninjured.
