"NOBLE ART OF SELF DEFENSE."

Set Forth by an Author.

self defense is instinctive. Persons who find themselves afflicted with heart disease as manifested by its many symptoms, palpitation, short breath, irregular pulse, pain in side or shoulder, smothering, fainting or dropsy, etc., naturally desire a defense against what may terminate fatally. For this express purpose no remedy has ever approached Dr. Miles New Heart Cure, sold by Chas Pegers on a guarantee. Mrs. O. F. Perkins, of Northwood, Ia., says, Dr. Miles New Heart Cure, saved her life. She suffered from palpitation and her heart would frequently beat as high as 125 a minute. Was not expected to live. Was a mere sheleston, no relief from physicians, New Heart Cuer cured her.
