CREATED A SENSATION.

Mrs. Herman Proved a Good Witness Yesterday.

CHINESE WILL VOTE TUESDAY.

Fifty-seven Register in San Francisco—Levi Morton's Coachman Was Discharged.

Associated Press.

New York, Nov. 3.—The Lexow committee has closed its investigations for the time being, and no further attempts will be made to probe the departments of New York until after election. The adjournment has been taken until November 19, when the labors of the commission will be resumed. Just before the committee concluded its labors for the day, Goff was tendered a vote of thanks for his energy and persistency in conducting the examination, and with loud cheers for that lawyer the crowd dispersed.

Mrs. Herman resumed the witness chair before the Lexow committee today. At the outset she made a voluntary statement: "I am not afraid of Judge Hogan or Recorder Smythe. I see in the morning papers that they deny what I said. I can prove that what I said is true, and I can tell lots more."

"Lots more?" repeated Goff. "They have threatened to indict me for what I have said. I am not afraid of Judge Hogan."

Here the woman became intensely excited, and pointed out Policeman Peterman, who sat near. She shrieked: "You are a thief. How dare you sit there looking at me so? You took money from my sister." The witness half rose, and trembling with emotion, continued: "You are the man, you and another policeman, who ruined my niece, who was once a good girl. The police ought to be ashamed—ashamed."

This caused great excitement. Dr. Newton Whitehead took the stand. He is a person charged with having performed a criminal operation. The witness said he had been arrested four times. Once for sending improper literature through the mails, and three times for committing abortion, and the charges in all the cases were dismissed when he paid money. He said Detective Frink, who arrested him, urged him to retain Lawyer Friend, who the officer said had a "pull" with the police and courts.

"When I was brought to the police court, Friend demanded \$500, and I offered him a check. He wanted money. While I was waiting for the judge to arrive, Lawyer Friend asked me for \$200 more. I said, 'I have already given you \$500.' Friend answered, 'Don't kick, doctor, about \$200 more. I do not get it all. I give \$50 apiece to the police; that's how I get my case.'"

Lawyer Friend was in court, and appeared uncomfortable.

"Well," continued the witness, "Judge Ryan discharged me, just as Friend said he would."

"Last spring a woman named Alexander came to me. She wanted an operation performed. I declined on the ground that I had been in trouble enough. She said, 'a judge is responsible for my condition,' and asked me what justice I had been arraigned before. When I told her Judge Kerch, she exclaimed: 'Great God, that's the judge who has gotten me this way five times.' She told me to see Judge Kerch, and I did so. He said, 'Why, has my girl been to you? I have had her that way five times.' Just then Mr. Friend came in. Judge Kerch turned to Friend and said: 'I'm in trouble with that Alexander woman again.' The woman came to my house again. Meanwhile I had told Goff. He was to have a dozen detectives on hand to hear the statements regarding Judge Kerch. She came before the appointed time, and when I put her off, she went to another who treated her."

THE CHINESE WILL VOTE.

Fifty-seven Native Born Chinamen Have Registered in San Francisco.

San Francisco, Nov. 3.—A local newspaper which has been investigating the matter, finds that fifty-seven Chinese have registered in the city of San Francisco, and will vote at the coming election. Of course they are all Chinese who claim to have been born on American soil. These Mongolian electors, it is said, have formed an organization and elected a "boss," and from his headquarters in Chinatown, the "boss" has announced that he is ready to "make arrangements with the men who are doing politics in the interests of the various candidates. The same newspaper announces that there are 2,000 Chinese in California who are native born, and who might have registered

for the coming election. It is stated the majority of them will vote two years hence.

SECRETARY CARLISLE'S DECISION
Howard Ordered Taken Back to Mr. Morton's Service.

Washington, Nov. 3.—Secretary Carlisle today wrote the following letter to Hon. Herman Stump, superintendent of immigration, in relation to the case of John James Howard, who was arrested, charged with landing in violation of the contract labor laws. Howard was employed as an under coachman by ex-Vice-President Morton, who, it is alleged, had brought Howard to this country under a contract previous to his arrival, in violation of the acts of 1885 and 1887. Howard was ordered released. In the letter, the secretary says:

"I reached the conclusion that Howard comes within the first provision of Section 5, of the act provided February 28, 1885, and therefore ought not to be deported. The decisions of Secretary Windom and Assistant Secretary Spaulding, that immigrants who come here under employment strictly as domestic or personal servants, cannot be lawfully admitted into the country, or permitted to remain here unless they actually come with their employers, are not approved, and will not hereafter be regarded as precedents by the immigrant officials attached to the department. You are directed to make a proper order for the release of Howard, and for his return to the place from which he was taken, if he desires to go there."

THE UTAH SITUATION.

Church Influence Said to Be Used in the Campaign.

Salt Lake, Nov. 3.—Today practically closes one of the warmest political contests ever waged in Utah. Church influence appears to be significant in the contest, and it is conceded that the successful ticket will have to carry a majority of the Mormon Church vote. It is conceded by the best political authority on both sides that will result in Utah will eventually control the destinies of from six to ten United States senators. This is claimed on a theory that the Mormons hold the balance of power in Utah, Wyoming, Nevada, and Arizona, and that the Mormon vote in these states will become permanently allied with the dominant party in Salt Lake. Betting is in favor of the Republicans.

Muncie, Ind., Nov. 3.—As the Big Four, Limited, which brought General Harrison back to Indiana today, crossed the state line at Union City, it was surrounded by a majority of the population. Harrison spoke briefly at Muncie, and 5,000 enthusiastic people saluted the ex-president with cheers. He spoke twenty minutes. He alluded to the prediction made at Evansville, that Germany would find something the matter with her pork and cattle, which he said had proven true so far as cattle were concerned. From Muncie the party were taken to Newcastle.

CHAUNCEY AT BATAVIA.

Batavia, N. Y., Nov. 3.—Two thousand people gave an enthusiastic greeting to Chauncey M. Depew at Batavia today. He spoke from the rear platform of the car for thirteen minutes. A man in the crowd shouted "Hurrah for the next president," which was greeted with laughter, in which Depew joined. GERMANY AT EASE.

The Czar's Manifesto Causes Anxiety to Disappear.

PRINCESS ALIX ANNOINTED.

The Czar's Funeral Will Occur on November 16 and 20—Other News.

(Copyrighted 1894 by Associated Press.)

Berlin, Nov. 3.—The anxiety which prevailed here during the last stages of the illness of the Czar of Russia, has been succeeded by a feeling of satisfaction at the tenor of the new Czar's proclamation. The terms in which this first official utterance of Nicholas II were couched, have produced the best impression. This is especially the case in regard to the assurance of the young emperor that he will endeavor to promote a pacific development of the country he has been called upon to rule. The fact that the Czar personally telegraphed to Emperor William the news of his father's death, has dispelled any doubts regarding the friendly relations of the heads of the two great empires. The imperial decree was published here today on army orders, commanding fourteen days of mourning throughout the army.

It is expected the Czar will on this occasion, grant extensive political amnesty.

THEY DISGORGE.

Frank Turk is Forced to Furnish the Iroquois Sailors with More Clothing.

The nineteen sailors mentioned in yesterday's Astorian, who were shipped on the Iroquois by Frank Turk, one of the notorious Turk gang of Portland, were yesterday supplied with an amount of clothing, that under favorable circumstances will last them on their trip to New York, and keep them comparatively comfortable—after the equator is reached. When he found that the payment of shipping money had been stopped, he was not long in going to one of the stores and purchasing a quantity of clothing and other things requested by the men. The latter seemed satisfied to go to sea with Captain Nickels, but no sooner was this difficulty settled than the first mate and carpenter notified the captain that they would not go to sea with the crew then on board, as half of them were green men. The captain tried to persuade them that they should be willing to take the chance if he was, but no amount of argument would change their minds. Captain Nickels feels very much worked up at the manner in which he has been treated in this port, and as the matter stood late last night, he had no idea when he would be able to get away.

Yesterday morning the Astorian made a mistake when it stated that an officer notified the captain that he would wire the insurance companies if the green men Turk had shipped were not replaced by experienced sailors. The insurance feature was not mentioned.
