You Can't Eat a Piano

Nor wear it—nor live it in. Consequently it is not really necessary. Here's how just to eat, sleep, and wear clothes: Men should brighten every house and the piano with its completion of short notes should be placed within the reach of all. We have 3000 pieces of sheet music that are not selling at 10c a sheet: You have paid them 60c to 6c for the same.
