Some kinds of ready-made clothing look very well behind plate glass windows, when all pressed up, embellished with bright satens and millinery bouquets.

The prices on such goods will positively surprise you. It may even sometimes occur that you'll wonder how they are sold so cheap.

A valuable commentary on the value of screw-steamers may be gathered from the fact that a British steamer, 2,525 tons deadweight, which had just discharged a cargo of grain in perfect order in the United Kingdom, was recently sold at the rate of 12s 6d per ton on her deadweight capacity.

The inclement weather last night did not deter a large audience from listening to a fine concert at the M. E. church. Our home soloists are too well known to need notice from our columns. They were ably assisted by Misses Baker and Lloyd, from Portland—a soprano of remarkably true and pure qualities, and a contralto of volume and sweetness. All numbers on the program were admirably rendered, the frequent encores responded to with music light, gay, sparkling and pathetic. The senses of sight and hearing were both charmed by the choruses of the Schubert Club. Too much praise cannot be accorded to Mrs. Crosby for her artistic selections, and her mastery skill in presenting so delightful a program to the music lovers of Astoria.

A retired newspaper man gives this philosophical reason for quitting the business: "A child is born, the doctor in attendance gets \$25; the editor notes it and gets 5; it is christened, the minister gets \$10; the editor writes it up and gets 50; it marries, the ministers gets another \$10; the editor gives a column puff and gets 500; in course of time it dies, the doctor gets from \$5 to \$100; the minister gets another \$5; the undertaker \$25 to \$300; the editor prints an obituary and gets 5000—and then the privilege of running free of charge a "card of thanks," and a half-column of "poms."

A GREAT TIDAL WAVE.

BUDD LEADS.

Republicans Elect Six Congressmen in California.

San Francisco, Nov. 6.—At 11:30 p. m. from incomplete returns from various sections of the state, indications are that the contest for governor is very close, with the chances slightly in favor of Budd, Democrat.

Maguire, Democrat, is probably elected from the Fourth district. With the exception of governor, the Republicans seem to be leading on the state ticket, and will probably have a majority in the legislature. Estee is not getting as large a vote in the country districts as was expected, while Budd is running well in San Francisco, and the estimate of his plurality in this city runs as high as 10,000.

SUTRO CLAIMS A VICTORY. San Francisco, Nov. 6.—Nothing definite is known as to the result in the municipal fight. Adolph Sutro, Populist candidate for mayor, claims that he is elected.

REPUBLICAN GAINS IN MINNESOTA. St. Paul, Nov. 6.—Figures are slow in coming, only a few scattering reports having been received. Republicans get a falling off, in the Democratic districts, and gains by both Republicans and Populists. The latter gained most. The Republicans will win if they hold their own. The other parties did not entirely join together. Therefore it seems that Governor Nelson, Republican, is elected by an increase over his plurality of 14,000 two years ago.

DOOLITTLE AND HYDE. Seattle, Nov. 7.—Seventy-eight precincts complete in the state of Washington, give the following for congressman: Doolittle, Republican, 3,713; Hyde, Republican, 3,599; Houston, Democrat, 1,624; Saton, Democrat, 1,600; Adams, Populist, 1,949; VanPatton, 1847. The vote for supreme judge is about the same as that for congressmen, and Dunbar and Gordon, Republicans, are elected by about the same plurality given Hyde. If the same ratios are maintained throughout the state, the Republican plurality will be over 15,000. The legislature is safe; Republican.

REPUBLICAN BY 15,000. Tacoma, Nov. 7.—The Republican state committee at midnight claim the state by a plurality of 15,000, and the legislature on a joint ballot by 25. The Democratic committee admits defeat all along the line.

The Ledger's returns for Pierce county, including half the city of Tacoma, and several important country precincts, indicate the election of the entire Republican county ticket, and a majority of the legislative ticket. Counting is very slow. In this county a light vote has been polled.

DEMOCRATS NOT IN IT. Seattle, Nov. 7.—Bad weather made a light vote, about 75 per cent of the registration. The Democratic party is almost extinguished in King county, the candidates being nowhere, except where they fused with the Populists. The latter run ahead of the Democrats. Incomplete returns for congress from 18 precincts give Hyde and Doolittle, Republicans, 652; Houston, Democrat, 131; Caton, 124; VanPatton, 181; Adams, 198. The Democrats elect one, and the Populists one legislator; others are all Republican.

SLIGHT REPUBLICAN MAJORITIES. Spokane, Wn., Nov. 7.—Indications at midnight are that the Republicans will not have to exceed 500 plurality in this city. In the country the situation is uncertain. Medical Lake goes Republican by a small plurality. So does Rockford, and Latah. The country precincts are returning heavy Populist pluralities. The Democrats hardly figured in the contest.

RETURNS ARE SLOW. Boise, Nov. 7.—The election passed off quietly in this state so far as heard. A very large vote has been polled. There will be no figures obtainable until after midnight. During the day both Democrats and Republicans have claimed the governorship. The Democrats concede the Republican state ticket, but the Populists have laid claim to the congressmen. It is the opinion of the most conservative, that the state has gone Republican on the state ticket, congressmen and legislature.

CONNECTICUT GOES REPUBLICAN. New Haven, Nov. 6.—Indications are that the Republican governor will be elected. Three Republican congressmen are also claimed, and both branches of the legislature by the Republicans.

NORTH DAKOTA REPUBLICAN. Fargo, N. D., Nov. 6.—Returns are coming in unusually slow. Allen, Republican, for governor, is running ahead of his ticket. Allen's election is claimed by 5,000 plurality by the Republicans. The Democrats concede it by 1,000.

OHIO GIVES REPUBLICAN GAINS. Cleveland, Nov. 6.—All the returns indicate that Ohio county has gone Republican by nearly 5,000 or almost as big a plurality as McKinley received a year ago. This insures the defeat of Johnson, Democrat, for congress in the 21st district by at least 3,000. Returns from the Western reserve show a Republican gain everywhere over their vote of a year ago.

OHIO'S GREAT RECORD. Columbus, Nov. 7.—Ohio broke the record for Republican pluralities. Taylor, for secretary of state, claims a plurality of 150,000 to 130,000.

ST. LOUIS SOLIDLY DEMOCRATIC. St. Louis, Nov. 6.—At 9 o'clock it is generally conceded that the entire Democratic state ticket is elected by some pluralities. Sam D. Cook, secretary of the state Democratic committee, says that every Democratic congressman is elected. The entire city ticket is elected by majorities ranging from 2,000 to 8,000.

REPUBLICAN GAINS IN NEW JERSEY. Jersey City, Nov. 6.—The election in this state is light. Returns of the total vote polled show the heaviest voting in Republican districts. The Republicans claim eight congressmen. The Democrats concede five congressmen.

REPUBLICAN GAINS. Milwaukee, Nov. 6.—Returns from the interior of the state show Republican gains everywhere and indicate a Republican ticket elected by 35,000 to 40,000 majority.

SOLID DEMOCRATIC. Washington, Nov. 6.—The Fifth congressional Virginia district elects Swanson, Democrat; the First Georgia congressional district elects Lealla, Democrat; the Second Georgia congressional district elects Russell, Democrat; the Third Georgia district elects Crisp, Democrat; the Seventh district elects Turner, Democrat.

KANSAS IS REPUBLICAN. Chicago, Nov. 6.—David A. Verney, for governor in Kansas, wires the Associated Press at 1:30 as follows: "Indications point to the election of Morrill, and the Republican ticket by a good majority. Suffrage is probably defeated. The Republicans will carry all but two congressional districts, the Sixth and Seventh being in doubt. The legislature will probably be Republican on joint ballot."

ILLINOIS REPUBLICAN. Chicago, Nov. 7.—Tanner, chairman of the Republican state committee, said at 1:30 a. m.: "We will have 44 majority on a joint ballot; Cook county by 20,000, and Illinois by 125,000."

THEY GIVE IT UP. Chicago, Nov. 7.—The Times (Democrat) says: "It is our opinion that the state has gone Republican. Cook county is yet in doubt."

SPRINGER GIVE IT UP. Chicago, Nov. 7.—Congressman Springer wired the Associated Press as follows: Returns up to 11 p. m. indicate my defeat.

HARD TO BELIEVE. Pittsburg, Nov. 6.—The Post will say that it will not concede Wilson's defeat and claim that the bulletins furnished have been for deceptive purposes. Defeat cannot become certain until the returns are all in.

DAYTON ELECTED. Pittsburg, Nov. 7, 1 a. m.—Special to the Dispatch from Grafton, W. Va., indicate the election of Dayton over Wilson by 1,000.

SENDS A DEMOCRAT. Albuquerque, N. M., Nov. 6.—Partial returns from the territory indicate that Antonio Joseph, Democrat, is elected to congress.

DELAWARE REPUBLICAN TICKET. Wilmington, Del., Nov. 6.—Returns are slow from lower Delaware. The state ticket (Republican) is probably elected, but the Democrats have the legislature.

A GREAT LANDSLIDE. New Haven, Nov. 6.—Returns at midnight indicate that Connecticut has experienced its greatest Republican landslide yet.

DOUBLED THEIR PLURALITY. Philadelphia, Nov. 6.—The Republican plurality in this state is about 250,000.

BULLETINS AS RECEIVED. New York, Nov. 6.—Ex-Mayor Grant at 8 p. m. concedes the loss of the city and state as regards the head of the ticket.

Washington, Nov. 6.—A dispatch to the Republican headquarters from James Poe, at Charleston, West Virginia, says: "Wilson loses heavily; Dayton's election is almost certain."

New York, Nov. 6.—The press claims the election of Morton by a majority of 125,000 to 150,000, the election of Strong by from 35,000 to 40,000, and the election of Goff by at least 60,000.

Pueblo, Nov. 6.—Under a clear sky and the mild weather, the vote in Pueblo county is 55 per cent of the registration, the vote being very large. Thomas, of Rowen, Republican, for congress from the Second district, and A. W. McIntyre, Republican, for congress, have pluralities of 1800 to 2000. The election of the entire Republican ticket is claimed.

San Francisco, Nov. 6.—At 7 p. m. D. M. Burns, secretary of the Republican state central committee, made the following statement to the Associated Press: "We claim the state by at least 30,000 majority. Estee is elected

Three Leading Scientists Proclaim the Superior Value of Dr. Price's Baking Powder. Scientists are devoting closer attention to food products. Recent examinations of baking powders by Prof. Long, Dr. Haines, and Prof. Prescott, were made to determine which powder was the purest, highest in leavening strength, most efficient in service, and most economical in cost.

They write:— "Chicago, March 28th, 1894. We have purchased in the open market cans of Dr. Price's Cream Baking Powder and also of the other leading brands of baking powders, and have submitted them to chemical analysis. We find that Dr. Price's Cream Baking Powder is a pure cream of tartar powder, that is has a considerably greater leavening strength than any of the other baking powders we have ever tested."

Prof. JOHN H. LONG, Northwestern University, Chicago. Dr. WALTER S. HAINES, Rush Medical College, Chicago. Prof. ALBERT B. PRESCOTT, Univ. of Michigan, Ann Arbor.

as well as the rest of the state ticket. Estee will carry San Francisco by 5,000, and the Republicans will elect most of the municipal ticket. The legislature will be Republican by a comfortable majority. New York, Nov. 6.—The Western Union and Postal Telegraph Company's wires are badly crippled by the havoc caused to their lines by the storm of last night in the Eastern states, particularly on the coast lines. At 5 p. m. the Postal had one wire working as far as Springfield, but they did not expect to go any further East before tomorrow.

The Western Union Company's lines are in trouble East of New Haven, and it is not likely that communication over their lines will be established as far east as Boston tonight. August, Nov. 6.—There were several fights during the day in this city. John M. Goss, one of the Populist workers, challenged a negro vote. In the difficulty Goss drew his gun and a general melee and fusillade of shots followed. Goss was instantly killed and a number wounded.

Washington, Nov. 6.—A dispatch from Gen. Sperry, secretary of the Republican state committee of Louisiana, says: "We will carry the Second and Third districts sure, and the First if the count is fair."

Washington, Nov. 6.—Senator Faulkner, Democratic congressional committee chairman, received advice that in Martinsburg, W. Va., Wilson gains seven votes, and that he is holding his own.

New York, Nov. 6.—At 8 o'clock tonight Mayor Gilroy said: "The returns are more eloquent than anything I can say." When he was told of the probable defeat of Wilson in West Virginia he said: "That is good."

New York, Nov. 6.—Mr. Grant at 8:45 entered the room at police headquarters where Mr. Strong was receiving the returns and congratulated him on his acknowledged victory. Mr. Strong thanked him.

President Martineo, of the police board, says Tammany has abandoned all hope of carrying a single office.

Atlanta, Ga., Nov. 6.—Of Georgia's eleven districts, ten have elected Democrats. The Seventh is also probably Democratic.

Nashville, Nov. 6.—Part-returns from 15 counties show a decidedly diminished vote, with Republican gains, though not sufficient to defeat Turney, Democrat, for governor.

New Haven, Nov. 6.—Owing to last night's storm, returns from all the towns are slow, and in many instances it is doubtful if the vote will be in till tomorrow. The returns thus far show a light vote, and a large falling off of the county vote. It is doubtful if there will be an election by the returns.

Cheyenne, Nov. 6.—The weather throughout Wyoming today was fair, and a full vote was polled. Indications at 9 p. m. are that the full Republican state, and a majority of the Republican legislative ticket is elected, thus insuring the election of two Republican United States senators.

MARINE INTELLIGENCE. San Francisco, Nov. 6.—Arrived—The schooner Neptune, from Coos Bay; the whaling steamer Grampus, from Fox Island. Departed—Bark Gen. Fairchild, for Nanaimo; barkentine Tureka, for Tacoma and Lapaz; Umatilla, for Victoria and Port Townsend.

CHINESE WANT QUARTER. London, Nov. 6.—A dispatch from Tien Tsin to the Times which will be published tomorrow, is that representatives of all the powers were assembled by Sung Li Yamen to hear the Chinese government's statement respecting the situation of affairs. Prince King, president of the Sung Li Yamen, calmly avowed the impotency of China to withstand the Japanese attack, and appealed to the powers to intervene, say-

ing China is willing to abandon her sovereignty over Corea and to pay a war indemnity. The ministers applauded the frankness of this confession, and promised to support China's appeal to their respective governments, with a view of restoring peace in order to avert the dangers threatening all interests.

JAPAN'S ADVANCE. The Japanese Have Seized Kin Chow Near New Chang. Washington, Nov. 6.—A short cablegram received by Secretary Gresham today from United States Minister Denby at Peking, chronicles another important forward movement by the Japanese. It reads as follows: "The Japanese have taken Foo Choo in the Gulf of Liastun, approaching Shang Kai Kuan. Two campaigns against Moukden and Tsin Tsin."

All this means according to the interpretation arrived at by the state department officials, that the Japanese have seized the important strategic point of Kin Chow, near New Chang, and on the railroad leading in one direction toward Tsin Tsin, and in the other towards the Manchurian capital, Moukden. The latter is thus threatened on two sides, as the Japanese forces which have crossed the Yalu river from Corea are advancing rapidly from the southeast upon this doomed capital, and according to Minister Denby's cablegram, another force will start northward from Kin Chow to join them.

It is believed the Japanese intend to occupy Moukden with Port Arthur and Tien Tsin, thus completing the strategic position which will command peace on the terms they desire, or in the absence of peace, will permit the Japanese to go into winter quarters and rest the campaign until spring.

POLITICAL NOTES. Hill has made a brave fight, but he could not win with the tiger clinging to his neck. Silver-tongued Bryan, of Nebraska, will probably prove that the senior senator of Kansas is after all only silver-plated.

Gov. Morton may not be a presidential possibility, but he doubtless will be the cause of a number of presidential possibilities.

If Governor Peck has succeeded in getting the scalp of Candidate Upsham, he might as well make use of it and serve as a good figure-head for Peck.

The Democrats of New York are now in the wilderness, shouting for a Moses to lead them out, and judging from the distance, his name spells Wm. C. Whitney.

The press dispatches yesterday claimed that the Republicans would surely carry New York if the weather wouldn't prove so cold and disagreeable. Judging from the result, the atmosphere in New York must have been decidedly hot yesterday.

Honor those Democrats of New York City who sacrificed their partisan feelings for the sake of good government. The defeat of Tammany will be an object lesson that all corrupt cliques should take to heart; American people are patient, but when their wrath is justly aroused, they are sure to exterminate the authors of their grievances.

At an inquiry by the Greenock Local Marine Board, on October 8th, Duncan Brown, master of the British ship Alcinous, was charged with being drunk on several occasions on the voyage from Penarth to New South Wales and back, via Iquiqui, to Hamburg. He pleaded not guilty. The evidence showed that the captain had been seen staggering about the deck on several occasions, and was once carried on board. The court, after deliberation, found three charges of drunkenness proved, and suspended the master's certificate for six months.
