

Is there A man

With soul so dead that he isn't willing to save a dollar or two on his clothes and buy them at home? We believe not. We believe that the only reason we haven't five times more business in men's suits is simply because enough men have not inspected our lines. Once a looker, always a buyer. We certainly would like you men to look at the grand suits we sell as \$35.

CHAS. McDONALD,
The Tailor.
523 Commercial Street.

THE BEST

E. L. Dwyer, it is said, is putting in the time while waiting for a railroad to Astoria, booming a town in Massachusetts. He has not given up his interest in this city, however, and may be expected back here at any time.

The steamer E. L. Dwyer went into the water again yesterday morning after a thorough overhauling. On her trial trip she made much better time, and appears to better advantage in the water. One can expect any day now to hear of a trial of speed between the Electric and Dwyer, as they make the same run between this city and Warrenton.

The O. R. and N. Co.'s main entrance to the dock will shortly be made attractive by an arc electric light. The pole for stringing the wires was yesterday placed in position.

From reports circulated during the day it is evident that before the time of the next meeting arrives, the town will be filled with railroad men. The time is growing short, and if Astoria is going to have a railroad the contract will be signed in the very near future.

Between the cities on the Sound there is a great deal of rivalry regarding the new steamship line which is to be established between some North American port and the trans-Alberian railway at Vladivostok, the chief port of Siberia. Everett claims the lead, and Seattle has just extended her congratulations. As it will be five years before the railroad is completed, there is ample time for speculation, and it would not be at all surprising if Astoria with her transcontinental railway connections, and great shipping facilities, will make a stronghold for the new line. Considering that everything in the way of distance and superior natural harbor advantages are in favor of this port, she will probably get what she reaches out for.

A methodical man died in Berlin recent at the age of seventy-three years. When sixteen years old he began keeping a record, which he continued for fifty-two years, and which is the best commentary we have seen on the life of a mere worldling. His book shows that in the fifty-two years this "natural man" had smoked 63,715 cigars, of which he had received 43,692 as presents, while for the remaining 20,023 he had paid about \$10,432. In fifty-two years, according to his book-keeping, he had drunk 23,780 glasses of beer, and 36,696 glasses of spirits, for all of which he spent \$5,348. The diary closes with these words: "I have tried all things, I have seen many, I have accomplished nothing."

LIFE ON THE OCEAN WAVE.

The pilot schooner San Jose, after loading supplies, went to sea yesterday afternoon. She struck a comparatively smooth sea outside, only long ocean swells that would not have been noticeable from the mainland.

The life of the bar pilot is not all sunshine, as a great many people are prone to imagine, for he passes many a sleepless night on the turbulent ocean, and here in the city, when the land lubber is toasting his toes before a cheerful grate fire, and listening to the winds howling without and the rain pouring in torrents against the window pane, there is little thought of the tiny schooner tossing on the white-crested waves outside the bar, her half-dozen passengers eagerly watching for the coming of the morn, all on the alert to keep the little vessel's head well to the sea and away from the rugged coast. One pleasant feature about the pilot's life is, that each has his turn at the incoming vessels, and as each pilot leaves, the remaining ones take turns at the wheel, or act as skipper of the schooner.

The San Jose has braved some heavy storms, and is certainly a staunch little craft, for she always turns up without a scratch.

DEATH OF MRS. MARGARET WEST

Mrs. Margaret West, mother of David West and wife of John West, of Westport, died Tuesday night at Marquam, Oregon.

Mrs. West was well known to every pioneer in the state, having come to Oregon in 1856, when, with her husband and family, a settlement was made at Westport, the town named after the family.

Mrs. West was the mother of five surviving children, three daughters and two sons, Mrs. Robert Scott, of Woodlawn; Mrs. E. Skirvin, of Marquam; Mrs. James McGuire, of Sunny-side, and Messrs. David and Robert West, of Westport.

The remains of the deceased will be transported to this city by rail, and Mr. David West was in the city last night endeavoring to charter a boat to take the last that is mortal of his mother to Westport, where she will be buried near the site of her early married life—Sun.

PERSONAL MENTION.

Mr. Andy Reed went to Portland on the Telephone last evening.

Mr. E. A. Seeley went up the river on the Telephone last night.

Will Clinton has left Portland for Colorado, where he will be in the employment of the Thomson-Houston Electric Co.

W. J. Ingalls, of Chadwell, left Portland last night for Denver and other Eastern cities. He expects to remain away long enough to ride into Astoria on a railroad train when he returns.

It comes from pretty good authority that the Umpqua cannery is using Columbia river labels on their catch of Salmon. It is said that Al. Reed, of that institution, secured a number of labels that belonged to the old Eagle Canning Company, which once flourished in this city, and that they have been used for labeling cans of salmon packed at the Umpqua cannery. The pack this year amounted to something like 40,000 cases. Of course, anyone familiar with the famous Chinook of the Columbia, could not be fooled with the inferior fish packed at that place. Several fishermen who have been working down there this season, vouch for the truth of the above, and exhibited labels that were being used. The label referred to is a highly colored design bearing the following inscription: "Best Fresh Columbia River Salmon—Eagle Canning Company—Packed at Astoria, Clatsop County, Oregon—Scotchier & Gibbs, Agents, San Francisco—Spring Catch."

The R. P. Elmore arrived in from Tillamook this morning at 1:55. She left Tillamook at 4 o'clock last evening, having a large cargo of farm produce, hides, and hocks, ten passengers, and six fishing boats in tow.

STANDS WITHOUT A RIVAL.

In my opinion they stand without a rival; they have cured me in every case. JNO. N. WILKIE, 38 Adams ave., West, Detroit, Mich. For sale by Chas. Rogers, sole agent, Astoria, Oregon.

PROVEN A BOON.

Gentlemen:—I have always recommended Krause's Headache Capsules wherever I have had a chance. They have proven a veritable boon in my family against any and all kinds of headache. Yours truly, J. P. WALTER, Leavenworth, Kansas. For sale by Chas. Rogers, Astoria, Oregon, sole agent.

EXTENDED SYMPATHY.

"Do unto others as you would have others do unto you," is sympathetically shown in the following lines, the presumption being that sympathy is born, or akin to pain or sorrow: "Gentlemen:—Please send Krause's Headache Capsules as follows: Two boxes to Flora Seay, Havana, N. Dak. Two boxes to Lillie Wilcox, Brookland, N. Dak. I have always been a great sufferer from headache and your Capsules are the only thing that relieves me." Yours very truly, FLORA SEAY, Havana, N. Dak. For sale by Chas. Rogers, Astoria, Or., Sole Agent.
