TOYS.

The space that we gave for toys last year was not half large enough to accommodate the great gatherings and curious and gretty things for this holiday season.

That's why we've rented the store-room farther up the street and fitted it up as a reception room for the Dolls and Mechanical Toys and many of the other playthings that the little folks delight in. It's like a miniature fairyland to the tots.

You'll enjoy a stroll up and down the aisles among these ingenious bits. So would the children.

GUESTS OF ST. LOUIS

Delegates of the Trans-Mississippi Congress all Present.

MORE ARKANSAS BANDITS

They Fire on a Freight Train Riding it With Bullets--Other News.

Associated Press.

St. Louis, Nov. 26.—The seventh session of the Trans-Mississippi Congress was called to order this afternoon by H. R. Whitmore, president of the last congress. Greetings of the Merchants' Exchange were given by President W. G. Boyd. Mayor Walbridge welcomed the delegates to the city. The hospitalities of the state were extended by Gov. Stone. In the absence of Gov. McConnell, of Idaho, who telegraphed his regrets, Hon. Eugene Semple, of Washington, responded to the addresses of welcome. He declared the congress not here for the purpose of demanding anything radical but simply that in the government of the nation of the good of the people shall be the supreme law. President Whitmore reviewed the purpose for which the congress exists, declared against allowing this congress to be any way controlled by political interests, and announced the gathering ready for business. Upon recommendation of the executive committee, the convention took a recess to allow the state delegations to select members of committees on credentials, rules and order of business and permanent organization.

Ex Governor Prince, of New Mexico, on invitation of President Whitmore, took the chair. The introduction of resolutions to be referred without debate to the committee on resolutions when that committee shall be appointed, was begun. By Delegate Castle, of California, memorial to congress favoring the construction of the Nicaragua canal under the control and supervision of the United States government. By Delegate Harding, of Missouri, resolution demanding the repeal of the free lead bill now before the United States senate. By Delegate Lubin, of California, resolution favoring the payment of a bounty upon exported agricultural products, as a just return for aid the affair afforded the manufacturers by protective tariffs. By Delegate Smith, of Iowa, resolution favoring appropriations by the federal government for the completion of the Hennepin canal. By Delegate Zenzel, of Arkansas, resolution favoring a tariff commission with plenary powers, thereby removing that matter from the influence of the mutations of any party. By Delegate Frye, of Missouri, memorial covering all the subjects to come before the congress and suggesting curative processes for all ills of the financial system as relating to silver. By Delegate Parsons, of California, resolution favoring government construction of a deep water harbor for Southern California at San Pedro. By Delegate Bowen, of Utah, resolution favoring the restoration by the United States of silver to its status prior to the enactment of the law of 1873. By Delegate Stoddard, of Colorado, resolution favoring free gold and silver coinage at a ratio of 16 to 1; providing for use of coin certificates and directing the retirement of national bank notes as fast as bonds supporting them can be taken up by the coinage of gold and silver. By Delegate Starnard of Missouri, favoring the use of silver coinage to the fullest extent possible at such a ratio as may be susceptible of being definitely maintained; also endorsing the efforts of the government to secure a more extended use of silver by other nations. Delegate Rush, of Idaho, introduced a short resolution favoring the free coinage of silver at a ratio of 16 to 1.

THE STUART SYNDICATE.

Their Bid Secures the \$50,000,000 Bond Issue.

Washington, Nov. 26.—Secretary Carlisle decided to accept the Stewart syndicate bid for the entire issue of \$50,000,000 bonds. The figure offered by the syndicate was 117.977. The proceeds of the bonds under this bid will be \$49,817.82 greater than they would be if the other highest bids were accepted. A very important advantage to the government in accepting this bid is the fact that all the gold will be furnished outside and none drawn from the treasury. It is also more convenient and less expensive to deal with one party rather than with so many.

UNCLE SAM IN IT.

Rome, Nov. 26.—An official dispatch has been received from Tokio saying

that Japan has intimated that as soon as China may make peace proposals Japan will accept the good offices of the United States in the negotiations.

FIRED ON A FREIGHT.

Bandits Committing Depredations in Arkansas.

Port Smith, Nov. 26.—Indian Agent Wisdom and ex-Indian Agent Bennett, both of Muskogee, came down on last night's train from the bandit part of the territory. At Wagoner they were notified that a freight train just ahead of them had been fired into near Bragg station, seven men mounted on horseback and armed to the teeth undertaking to halt the train in daylight, but the engine pulled the throttle wide open and ruffed at full speed. A volley of bullets was fired into the cab, and when the engine went by it was also fired on and riddled with bullets. The passenger train was expected to be held up, and preparations were made for a fight, but the train came through without molestation.

A NEW STEAMER LINE

The Great Northern Will Put An Ocean Flyer between Portland and San Francisco.

San Francisco, Nov. 26.—P. P. Shelby, assistant general traffic manager of the Great Northern, in Seattle, is in the city. He says that a traffic arrangement has been effected between the Great Northern, the O. R. and N. Co. and the Southern Pacific, by which passengers can be ticketed through to Eastern points from San Francisco by way of Portland, and also westward over the same lines. The Great Northern is preparing to compete for business between San Francisco and Portland by inaugurating a fast steamer service between the two ports which will rival the speed by rail. For this purpose a new steamer is being built with a speed of 25 knots, on the same lines as the Northwest, now operated by the company on the lakes between Duluth and Buffalo.

THE PORT ARTHUR AFFAIR.

The Chinese Loss Is Estimated at 3,000.

Yokohama, Nov. 26.—It is now stated the Chinese loss at the battle of Port Arthur was 3,000 men. It is reported that during the hottest fighting a portion of the Chinese forces fled to the warships that were being held in readiness for the embarkation of the troops in the event the position became untenable. The Japanese squadron fired upon and sank two of the warships. The advance guard of Field Marshal Oyama's army and the second Japanese army has started on a march to New Chang.

WILL RE-APPORTION THE STATE.

New York, Nov. 26.—The suit brought by the Republican state committee to contest the constitutionality of the legislative apportionment passed by the Democratic legislature two years ago was dismissed in the supreme court today by the plaintiff. The Republicans announce that the legislature, which is Republican in both houses, will repeal the apportionment law in question and will enact a fair one. It is also announced the Republicans will re-apportion the state for congressional purposes.

THE WARDNER STRIKE.

Wardner, Idaho, Nov. 26.—The strike situation remains unchanged. Secretary Murphy says a wrong impression has gone out relative to the Union's demands. "All we asked," he said, "was that non-union men be discharged. There is no controversy over wages." It was rumored tonight that a telegram was received this evening from officers of the company to shut down indefinitely. Manager Bradley refused to deny or confirm the rumor.

THE INJUNCTION PERPETUAL.

Los Angeles, Nov. 26.—The famous omnibus suit against E. V. Debs, president of the A. R. U. and 400 others, issued by Judge Ross early in the strike, forbidding the defendants to in any way interfere with the moving of mail trains was brought up in the United States court this morning on a plea of pro confesso to the complaint. Judge Ross issued a decree on the plea, making the injunction perpetual.

TWO PRISONERS ESCAPED.

San Diego, Nov. 26.—Customs Inspector Ralph Conklin was assaulted Sunday evening at a lonely place about 17 miles this side of Campo, by Prefane Callego and Ignacio Sotello, whom he had under arrest for smuggling and was bringing to the county jail. The prisoners escaped. Conklin was severely handled, but his condition is not serious.

BUDD'S HEALTH GOOD.

San Francisco, Nov. 26.—In a denial of the rumor that his health was seriously impaired, Governor-elect Budd tonight said: "I never had a hemorrhage in my life, and there is nothing the matter with my lungs."

THE TURKS ARE ANGRY

They Boycott the American Newspapers.

MT. RANIER-TACOMA SHOOK

A Hunting Party at Its Base Listen to the Noise of an Avalanche.

Associated Press.

Constantinople, Nov. 26.—The Turkish government has prohibited the entry of every American newspaper into Turkey containing accounts of the Armenian massacres.

THE NEWS IN WASHINGTON.

Washington, Nov. 26.—The edict permanently excluding all American newspapers from Turkey as announced by the Associated Press cable from Constantinople, has not been officially communicated to the Turkish legation here. Secretary Norrighian Effendi expressed surprise that the edict should have scope as to be a permanent exclusion to the American press, and he thinks the report may prove overdrawn in this respect. There is a press censorship in Turkey, he said, similar to that conducted in most European countries. The reason for the order of exclusion is doubtless to be found in the fact that American papers at present abound with long articles descriptive of the outrages alleged to have been perpetrated on the Armenians and reports of a mass meeting held by active Armenian agents in the United States to protest against these atrocities. The Turkish government is properly apprehensive that the free circulation of such literature in the disaffected provinces may stir up open rebellion, the outcome of which, in the present temper of Europe it would be difficult to forecast. So far as the Armenians are concerned, our government can do nothing for them, no matter how much it may be disposed to alleviate the fortunes of these native christians. Great European powers are bound by a treaty to protect them, and they will unquestionably strongly resent any interference by the United States in the line of suggestion as to their duty in the matter. So the resolutions which are being directed to the president by sympathetic mass meetings held in various cities are likely to be of no avail, save, perhaps, to direct the attention of the civilized world to the miserable state of the Armenians.

CAUSED AN-AVALANCHE.

A Hunting Party Felt Mt. Ranier Tremble Violently.

Tacoma, Nov. 26.—F. L. Lowe and Northing Carpenter says he and some hunting companions were within six miles of Mount Tacoma's top last Wednesday afternoon, and that several shocks of earthquakes were distinctly felt at the mountain's base. This occurred on the north side of the mountain. Rocks were piled over a hundred feet high in Fuyallup river, and returning they crossed the debris of an avalanche which was of great depth, half a mile wide and four or five miles long.

THE ITALY-BRAZIL RUMOR.

Washington, Nov. 26.—Nothing is known officially here of the reported trouble between Italy and Brazil, which is said to have reached a phase so acute that Italy threatened to send a fleet of war vessels to Brazil to enforce her demands. But it is known from unofficial sources that the two governments have been at odds for many years, owing to a demand made by the Italian government for indemnity for the maltreatment of a number of Italian subjects and the destruction of their property in the course of riots in Rio Janeiro. The question at issue is one of the amount of indemnity rather than of principle.

AMERICANS WILL MEDIATE.

London, Nov. 26.—The Times will to-

morrow publish a dispatch from Yokohama saying it is officially stated that Japan will allow the American ministers at Tokio and Peking to submit any proposals for Peace that China may make.

REVISED RULES A FAILURE.

This is the Verdict of Many of Yale's Faculty.

New Haven, Nov. 26.—A report circulated here that the Yale faculty intends to forbid the team playing Princeton on account of Saturday's slugging is denied. President Dwight says he knows nothing of any such intention. A number of the faculty express disgust at the game, saying they have lost all interest in it when slugging began. The college verdict is that the revised rules are a failure.

THE HIRSCHFELDT SCANDAL.

Fargo, N. D., Nov. 26.—It is reported from Helena that Attorney General Haskell, of Montana, will bring suit for criminal libel against Aaron Hirschfeldt because of charges made by the latter in testimony here against Haskell and Mrs. Hirschfeldt. It is likely the divorce case will be brought to a speedy termination. The feeling is so bitter against Hirschfeldt that he was publicly insulted.

A CORRESPONDENT CAPTURED.

Shanghai, Nov. 26.—The report is confirmed of the capture, at Port Arthur, of Shiel, the correspondent of Reuter's telegraph company. He was subsequently released. It is believed here that the Japanese army will land west of Wei Hai Wei and attack that place in the rear, and after its capture, march to Peking.

WESTERN PASSENGER ASSOCIATION.

Omaha, Nov. 26.—General Passenger Agent Lomax, of the Union Pacific, today said:

"We have no intention whatever of joining the Western Passenger Association. We have not a line east of the Missouri river, and we do not propose to tie up our road just for the Denver line and give out competitors of the coast traffic a snap. We have been fooled that way too often, and certainly will not be fooled that way again."

THE GAME IS OFF.

New Haven, Nov. 26.—Owing to the roughness of the Yale-Harvard football game Saturday, there is a probability that the Yale-Princeton game on Thanksgiving day will not be played.

BURGE AND PRITCHARD.

London, Nov. 26.—A boxing match of ten rounds for a purse of £400 took place tonight between Dick Burge and Ted Pritchard, in this city. Burge was knocked out in the second round.
