MAKES RED BLOOD

New Life for the Worn Out Nervous Tissues.

The Body Gains Rapidly in Weight and Strength,

most casual observer. When the body is but poorly filled out with flesh, and a feeling of languor pervades the system, plainly there is something lacking in the vital, nutritive powers. Impure blood is keeping the tissues poorly fed and starvingly vitalized.

Get the blood pure with Paine's celery compound, and languor and debility will leave the body. Restore the ner- wit: yous energy to the brain and nerve cells, and good spirits and vigor will take the place of despondency and moodiness, Backaches, persistent headaches, that general feeling of fatigue, neuralgia, rheumatism and heart weakness that shows itself in frequent palpitation-are all but various symptoms of a nervous organization badly nourished. Paine's celery compound promotes the healthy activity of the organs that make the blood and keep it pure. The weak parts of the body are thus enabled to build themselves up when this magnificent nerve and tissue builder is employed. The complete recovery and repair of the diseased orguns in this way goes on rapidly, naturally, and the happy results are permanent. The effect of the intelligent use of Paine's celery compound in all wasting and debilitating diseases is to check at once the decline in strength

Twentyseven great, big, strapping fellows hopped out with the alacrity of champagne corks. "Come forward and give me your hands, my dear boys." Jones gave each one a hearty shake, after which he ranged them all side by side in front of the pulpit, and facing the audience. He looked them over carefully and solemnly, and then, turning bround to the audience, he said: "I want you all to take a good look at the twenty-seven biggest liars in the state
