CITY ELECTION.

Wednesday, December 12, 1894.

REGULAR REPUBLICAN TICKET.

For Councilman, First Ward— G. WINGATE. For Councilman, Second Ward— JAS. W. WELCH. For Councilman, Third Ward— CHRIST. GRAMMIS.

APPOINT MR. FOX.

The Water Commission is composed of men of good business qualifications. Among its members, indeed, there is more than one man of unusual capability as is exemplified in concerns of private business in which the whole city takes pride. As now constituted, and taken all together, the commission is a body in whose general competency to carry on the undertaking in which it is about to engage, and to successfully manage the same when completed, there is unbounded public faith and confidence.

France is the largest foreign creditor of Russia, holding \$1,500,000,000 of her securities, a fact which ought to promote amicable relations between the countries, particularly as the new Czar may find it desirable to borrow more money one of these days.

The dispatches this morning state that the Short Line is to be leased by the O. R. and N. Co., and that the Chicago and Northwestern will find an outlet to the coast by building to a connection somewhere in Idaho.

There are still a number of deeds to the right of way for the proposed pipe line, 1251 are needed before the roadway is an assured fact.

called for on the 15th, and if the right-of-way is not clear by that date, the probabilities are that no roadway will be built. Are these property owners going to allow this matter to go by the board, to the injury of every laboring man in the city? If they do, the people shall know who are working for the best interests of the city and who are not.

Why should we, the people of the United States, be bothering ourselves about the war in Asia? Why should we seek to protect the old hubbug, the Chinese Empire, from the retribution her stupidity of thousands of years has earned? It is a fact that the deeper the Japanese sword enters the imperial imposthume the better for the Chinese and the world.

It is very shocking, but the slaughter of the heroes on both sides in the terrible work at Port Arthur was greater than at first reported. The heroic Chinese did not get under full flight until three hundred and fifty of the brave Japs had bitten the dust.

In the tables of comparative statistics published from time to time in this country and Europe, the position of the United States in the ocean carrying trade of the world appears pitiable and humiliating.

The Seattle P. I. stung to desperation by the vindictive jabs of Tacoma's newspapers regarding the alleged Mount Ranier-Tacoma eruption, has decided to fit out an exploring party and send them up to the top of the old mountain.

The bridge meeting of last Friday night was adjourned to tonight at 7:30 o'clock, when it is expected the committee appointed at the last meeting will report recommending some plan of procedure.

In addition to many million silver faels, the war has also cost China many thousand pig faels.

TO THE VOTERS OF THE THIRD WARD.

My political opponents have circulated rumors to the effect that if elected I shall oppose the contemplated improvement of the alleyway through blocks 2, 3, and 4, Adair's Astoria.

I hereby announce myself as independent candidate for councilman for the Second Ward.
