CITY ELECTION.

Wednesday, December 12, 1894.

REGULAR REPUBLICAN TICKET.

- For Councilman, First Ward—G. WINGATE. For Councilman, Second Ward—JAS. W. WELCH.

THE TRUTH OF IT.

The Water Commission has acted wisely in determining on the construction of the entire system recommended by Mr. Schuyler.

Any person taking the trouble to inquire will learn that the quantity of water now supplied with a rate charged the consumers as great as the commission dare fix it—is just barely sufficient to take care of the present interest burden and pay the actual cost of maintenance.

The so-called plant now in use is nearly worn out that the commission must either spend thousands of dollars in immediate repairs and renewals, or abandon the unprofitable attempt to keep up even the present meagre allowance, before the expiration of another twelve months.

There is much talk about the great burden to the tax-payers involved in building the new and "elaborate" system called for in Mr. Adams' plans and specifications, and it has been suggested in certain quarters that people who do not own property in the city have no right to a voice or opinion in the matter.

The fact is the poorest laboring man and even the temporary sojourner in the city—provided he have a family and keep house here, contributes to the payment of the water debt and interest.

The tax-payers simply become surety for the bonds, and in consideration thereof, they take the plant with all its net revenues when the consumers have finished paying for it—and a splendid bargain it will be, as Mr. Schuyler conclusively shows.

As appears from the careful figures of Mr. Schuyler's report, the commission will be able under the new system to supply enough water for a town of fifty thousand inhabitants, and after paying the city one-third of the expense

of electric lighting, and increasing the efficiency of its fire department eight fold, the income from the present amount of consumption will pay all cost of maintenance, besides the annual interest and every dollar of the principal when it falls due.

DID WILLIAM WANT A "ROYAL ROAD?"

A contemporary condemns, or at least criticizes, Kaiser Wilhelm's poem to "Aegir," as purely "pagan and utterly un-Christian," and says it would never have passed the old-time Merker Board.

TO THE VOTERS OF THE THIRD WARD.

My political opponents have circulated rumors to the effect that if elected I shall oppose the contemplated improvement of the alleyway through blocks 2, 3, and 4, Adair's Astoria.
