

"I know I could buy a cheaper suit of clothes somewhere else, but I don't know how I might wear it."

EVERY MAN who enters a tailor shop in this city owes his good will that we have made it so difficult to sell unreliable goods, so easy to buy the best and buy it for so little compared to San Francisco or Portland prices.

CHAS. McDONALD, The Tailor, 537 Commercial Street.

THE PALACE RESTAURANT

Spelled Backward. This is the new restaurant which is the talk of the town. It opens up for business today opposite Olsen's Cigar Store, on Commercial street. It has the largest range in town. It has the only broiler in the city. It is the place where you are not smoked out while eating. It is the place where the cook will make a steak taste like a quail. Come and see.

Knowledge is Power

And power is salvation. To do a thing right one must know how to do it. This is as true of carpenter work as anything else.

G. G. PALMBERG,

A Poor Cigar

W. F. SCHIEBE never made. Don't expect to make, either. But make this—s-a-l-t-a-f-a-c-t-o-r-y of the 22-karat sort has accompanied every purchase of one of the cigars made by him since he began business. We've got the notion that a satisfied customer "puts a big figure" in building up a business. That's the reason La Belle Astoria takes so well.

JOHN HAHN & CO.

Little Giant.

Seems as if half the mothers in Astoria have bought a pair or two of those LITTLE GIANT school shoes for their children. The other half will as soon as they hear of the wearing qualities of those that are being worn about the city. You can have your choice of leather, kid, grain or calf.

be surprised to see what a little money will buy in the way of jewelry and Silver Ware at Eckstrom's Jewelry Store. You'll also be surprised to see what fine work the engraver can do.

How to save money? You'll learn the secret by trading with Goodman & Co. The prices they quote on shoes tell the tale. Their figures don't mean inferior quality of goods either, but rather the finest procurable.

Before deciding upon where you will purchase your groceries this month, consider the matter carefully. If you come to the Ford & Stokes Company's store and examine their line of eatables—both fresh and canned—you'll understand the meaning of this word of caution. More attention is given to groceries by this firm than is given by any other dealer in the city, and it is worth your while to try them a month if you have not done so already.

AROUND TOWN.

The pilot schooner San Jose is in port for supplies.

The Alice Blanchard cleared at San Francisco yesterday for Astoria.

The Astoria Amateur Brass Band will furnish music for the young ladies' entertainment tonight.

The steamship Queen arrived in yesterday from San Francisco, with about 40 tons of freight for this place.

A number of horses and grading implements arrived on the Thompson yesterday morning for Normie's camp.

Mr. M. L. Anderson Warila and family, of Knappton, left Astoria last night for Finland. Mr. Warila has been sick since last summer.

There are more men with bundles on their backs coming into the city now than at any time since Goss started his railroad around Smith's Point.

Yesterday the civil suit of Jacob Jackson against Paul Aho for the recovery of \$191.50 for the loss of a dog, resulted in a verdict for the plaintiff in the sum of \$5.

The water commission will investigate the charges preferred against the superintendent of the street railway, who is charged with unlawfully taking water from the city mains.

A typographical error occurred in the article yesterday relative to the sale by Mr. Kinney of tide land on the west side of Young's Bay. The price was something over \$4,000, instead of \$40,000.

Yesterday Agent Pinlayson sold a ticket from this point over the Canadian Pacific Railway and steamship lines to Paris, France.

The Columbia arrived yesterday in San Francisco.

The British ship Persian, now at this port, has been chartered to load lumber at Tacoma for the West Coast. She is consigned to Malfour, Guthrie & Co., at Tacoma, and will sail or be towed around in a few days.

Today at 1:30 o'clock from Pythian Castle, will take place the funeral of H. G. Ferdinonson, who died at St. Mary's Hospital Tuesday evening. The funeral will take place under the auspices of the Finnish Brotherhood.

In response to a letter from Representative Lester, County Clerk Dunbar left yesterday for Salem to appear before the committee to which has been referred the bill for crediting Clatsop county with certain sums of money which have been over paid on state taxes.

Yesterday was the last day of celebration of the Chinese New Year. Today is January 8th according to the Chinese calendar. There has not been as much popping of firecrackers this year by the Chinese as heretofore, which has naturally been charged up to "hard times" by those who were not familiar with the facts. It is said, however, that local Chinese firms had ordered large consignments of fireworks from Hong Kong, which missed shipment on the steamer that would have brought them in time for their New Year's celebration. What fireworks have been set off so far are from last year's stock.

James Mitchell, who was arrested by Sheriff Hare Wednesday evening, and brought before the county court yesterday to be examined as to his sanity, was ordered committed to the insane asylum at Salem. The warrant was issued from the county court. Sheriff Hare made arrangements to convey the patient to the insane asylum last night, and while on the way to the boat was served with an injunction from the county court ordering him detained, as friends here are willing to appeal the matter to the circuit court. He was taken back to the county jail.

Just before midnight last night an alarm of fire was sounded which called out the department to 7th and Bond streets. Smoke was issuing, when the engines arrived, from several pieces of bedding lying on the street, that has been thrown from a room over the Portland Butchering Co.'s shop. Thos. Spencer, the occupant, had accidentally knocked a lamp over, which ignited the curtain, and for a moment promised to spread over the whole room. He hastily raised the window and threw the burning clothes into the street. Aside from this no damage was done.

Oscar Lindroos, a prisoner in the county jail, yesterday made Sheriff Hare a present that shows the work of a genius. Lindroos was formerly a sailor, and was sent to the county jail about two months ago, pending investigation by the grand jury of certain alleged crookedness on his part. During his incarceration in the county boarding house, he has cut out, with a common pocket knife, a beautiful model of a three-masted full-rigged ship, and it is complete from stem to stern. The only place where metal has been used in its construction is on the sparker boom and gaff. Mr. Hare prizes the gift highly, and will have a glass case made in which to keep it.

William O. Allen and George Ham, of Ham, Nickum & Co., of Portland, yesterday proffered themselves as bondsmen for X. N. Steeves, but were not accepted by Judge Stephens. They were examined as to their worth by Court Clerk Mason and District Attorney Hume. It is understood that there is now some objection on the part of the authorities to taking William O. Allen, because he has of late disposed of much of his property. A certified check by him would be accepted as first-class security for Steeves, or a check for half the amount of the bond, \$5,000, and a bond of another first-class man or two other men might be taken.

Tuesday evening Post Commander S. Elmore, of Farragut Post, G. A. R., conducted the installation ceremony for the following officers, who will act during the ensuing year: Post Commander, Thos. The Bo Long Tong Society, opposite Stutz' Theatre, has reserved its fire until this evening, when they will burn up about \$700 worth of various kinds of Chinese fire-works, and if the young ladies of the A. F. C. who intend giving an entertainment in the hall across the street, wish to be heard, they had better persuade the Mongolian society to commence operations early and have their noise and red fire over with before the curtain goes up.

Dewitt Clinton and Terry Coe were yesterday removed from the postal service by the postal department at Washington. The cause was not made public. Some months ago Mr. Coe was placed on the substitute list, and a vacancy would have given him a place on the regular force. The places have been filled by the promotion of Substitute Shea to the regular carrier's list and the appointment of August H. Fricke as substitute-carrier.

The stamp agencies, established about a week ago through the efforts of Postmaster Wise, commence doing business today. For the information of the public, the names and locations are as follows: Down Town—New York Novelty Store, corner Bond and 10th street roadway—H. Jeldness, notion store, Commercial street, between 10th and 11th streets; Uppertown—N. F. Olsen, Franklin avenue, near engine house No. 2.

A. J. Cloutrie, who lives near Arch Cape, was in the city this week. In his opinion the most feasible route for a wagon road is over false Tillamook and around Nearney mountain, connecting the road from Clatsop Plains to Arch Cape, with the road on this side of Nearney. Mr. Cloutrie has offered to open the road from Arch Cape to the summit of False Tillamook which he says is the worst part of the road, if the people of the county will continue it around Nearney. It appears to us that this is a very liberal offer, and some effort should be made to get this road through. The benefit to our merchants would be great, as would also be the benefit to the settlers along the beach.—Nehalem Times.

The Nehalem Times states that the operation of Kinney's cannery is an experiment both to fishermen and cannermen, and so far it has proved a success to all parties concerned. We understand the catch has been beyond their expectations, and that they will continue to pack until the first of April, if the present good run of fish holds out. About nine boats are engaged in fishing, and have delivered as high as 500 fish at the cannery in one day. They receive 17 1/2 cents per fish, which leaves a good profit for all. If proper fish laws are enacted, the fishing industry will always be one of our best resources.

CAMERA CLUB ENTERTAINMENT.

Last evening quite a large and select audience assembled at No. 1 Engine House, at the invitation of the Camera Club, where for a couple of hours they were entertained with a lantern exhibition of some new views which the club has just received. Mr. Grover proved a most efficient lecturer, and explained the various pictures as they were thrown on the screen by a new style of lantern which the club has been experimenting with, this being the first public trial, and which proved very satisfactory in its workings. The views were a lot just received from the Newark and Orange Camera Clubs, of New Jersey, and included snap shots taken in and around those two cities by the respective clubs, including prominent buildings, scenery, etc. They were interspersed by various foreign views and views of art, humor and science, among which may be mentioned as the best: "The Three Bowers," "Meditation," "Despair," and the photo of a local weekly paper. The entertainment then closed with many thanks from the club for the attention paid by the public. As soon as the new lantern and fixtures are perfected, the club intend to give another and more complete exhibition which no doubt will be well attended.
