THE PRESIDENT'S MISNOMER.

In his special message to congress President Cleveland said "there is now in the treasury a comfortable surplus of more than \$25,000,000, but it is not in gold and therefore does not meet our difficulty." An exchange points out that this statement is misleading from the fact that this so-called surplus is made up of moneys which the president admits are not available for relieving the embarrassments of the treasury and therefore are of little present practical value.

Everybody understands that what the treasury requires is more revenue—an income at least sufficient to balance the outgo. There are the best of reasons for the belief that if such were the situation all feeling of distrust would disappear, and with it the difficulty which embarrasses the treasury.

balance expenditures there can be no doubt that it would exert a most wholesome influence in restoring confidence.

The adoption by unanimous vote at a recent meeting of the Seaside Republican club of a resolution calling upon the Clatsop county delegation at Salem to drop all personal preferences, and "for the good of the Republican party," to vote for Senator Dolph's re-election, ought unquestionably to have great weight with Messrs. Lester and Curtis.

As is well known to these gentlemen, this resolution is the spontaneous action of an intelligent and representative body of voters as can be found in the state, and furnishes, besides, a most positive indication of the universal feeling among the Republicans of the county, barring a few reckless and misguided followers of the free silver idea who reside in Astoria.

It's Right Against Common Sense

to suppose that an imitation offers the customer any guarantee like the original does. Take Cottolene for example. THE FAIRBANK CO. discovered it, perfected it, and spent thousands in making its merits known. It is plainly to their interest to make and keep it what it is to-day—the most popular shortening in the world.

To accept any Counterfeits for Cottolene

these guarantees all disappear, and the housekeeper is at the mercy of an imitator who deals on others' reputation and who profits only by others' loss.

To ensure having good cooking and healthful food stick right to COTTOLENE and let all imitations severely alone.

Made only by THE N. K. FAIRBANK COMPANY, 875, 207th and 209th, New York, Boston.

Thoughts for Fishermen

On a dark, stormy night, when the tide is ebbing fast and the hardy fisherman finds it almost impossible to handle his net, has he ever stopped to think, should it become caught on a snag, what brand of twine would stand the greatest strain?

Did he ever ask his brother fishermen what sort of twine they used? If so in nine cases out of ten, if they be successful fishermen, the answer has been "MARSHALL'S TWINE."

It is the ONLY Brand of Twine to use.
