The objections urged against Indio in the past by the large numbers who otherwise would have been glad to take advantage of its beneficial elimats, has been a lack of suitable accommodation. The Southern Pacific Company, takes pleasure in announcing that several

Commodious and Comfortable Cottages

have just been erected at Indio sta-tion, that will be rented to applicants at reasonable rates. They are fur-nished with modern conveniences, sup-plied with pure artesian water, and so situated as to gove occupants all the advantages to be derived from a more or less protracted residence in this de-lightful climate.

(From the San Francisco Argonaut.)

"In the heart of the great desert of the Colorado—which the Southern Pacific road traverses—there is an oasis called Indio, which, in our opinion, it the sanitarium of the earth. We be deve, from personal investigation, that for certain invalids, there is no spot or this planet so favorable."

G. T. Stewart, M. D., writes: "The purity of the air, and the eternal sunshine, fill one with wonder and delight.

" " Nature has accompilished as much that there remains but little for man to do. As to its possibilities as a health resort, —here is the most perfect sunshine, with a temperature always pleasant, a perfectly dry soil, for rain is an unknown factor; pure oxygen, dense atmosphere and pure water. What more can be desired? It is the place, above all others, for hing troubles, and a paradise for rheumatics. Considering the number of sufferers who have been cured, I have no hesitancy in recommending this genial oasis as the haven of the afflicted."
