Simmons told a thrilling story of his service as a Union spy during the late to 12 a.m.; 2 to 5 and 7 to 8 p. m. Sunrebellion. A fair audience was present, days, 10 to 11. among whom were several comrades who listened intently to every word J. S. BISHOP, M. D.,

At the age of 21 years he started out from Bethel, Tenn., under General Haney, of the Army of Tennessee. He went south to Ripley, Mississippi, where he gained information of an intended expedition against Bolliver, and the fact that he gained this information saved the latter officer the capture of 1500 of his men. This was in '62, shortly after the slege of Corinth, and from in the Mississippi Valley. Mr. Simmons is the man who captured Dr. Murd Wilproperty. United States Commissioner ter being a brother of John Morgan. mence packing fish this morning, and Mr. Kinney is going to take all the salmon the fishermen can bring him than anything else. Steel heads will command three cents and Chinook cents per pound.

The U. S. Gov't Reports show Royal Baking Powder superior to all others.

The whole city was in a state of ex citement yesterday over a report that Kinney's cannery site, including the three blocks east from the Hollyrood dock, had been either bonded or sold. Mr. Kinney returned from Portland resterday morning and immediately stopped the work of rebuilding the cannery, and it leaked out somehow that the place had found a purchaser. As mentioned in the Astorian some time ago, Mr. Hammond had expressed a hope that Mr. Kinney would hold on to the property until the railroad was started, intimating that it would be an excellent place for a depot. When the report went out yesterday that the place had been bonded, the first thought was of Messrs Hammond and Bonner, and before the story had gone very far it had a new union depot to commence building before the road is start-Mr. Kinney, when seen, stated phat it had not been sold, in fact, he had nothing to say about it. He did not deny, however, that an offer had

been made for the property.
