## They Lack Life

There are twins sold to fishermen  
on the Columbia river that stand in  
the same relationship to Marshall's  
Twins as a wooden image does to the  
human being—they lack strength—life  
—evenness—and lasting qualities. Don't  
fool yourself into the belief that other  
twines besides Marshall's will do "just  
as well." They won't. They cannot.

## A TOUCHING INCIDENT

An Old Man's Tribute to the  
Late Fred Douglass.

A HORSEMAN LOSES \$25,000.

All Because Fairy Rose, the Palo Alto  
Mare Dropped a Filly--  
Other News.

Associated Press.

Washington, Feb. 25.—Among the  
guests of honor at the funeral services  
of the late Fred Douglass were: Jus-  
tice Harlan, of the supreme court; Sen-  
ators Sherman and Hoar, and a num-  
ber of members of the house. The  
choir rendered "Nearer My God to  
Thee," and "In Thy Cleft of Rock of  
Ages." The funeral sermon was deliv-  
ered by Rev. Dr. Jenifer, an Episco-  
palian.

A touching incident of the service was  
the tribute paid Mr. Douglass by  
John Hutchinson, of Boston, who, him-  
self an extremely aged man, with snow  
white locks reaching down to his  
shoulders, is said to be the last of the  
well-known Hutchinson family, with  
whom Douglass was associated in anti-  
slavery days. The old man had come  
all the way from Boston to be present,  
and sing an old abolition song, with  
which, with Douglass by his side, he  
had inspired many an audience in  
New England, and about against the  
evil of slavery. He made a few remi-  
nent remarks and then sang the  
song, and at the conclusion there were  
few dry eyes in the audience. Mr.  
Douglass will be buried in Rochester,  
N. Y.

A GREAT DISAPPOINTMENT.

San Francisco, Feb. 25.—Fairy Rose,  
the celebrated Palo Alto brood mare,  
has dropped a filly by Ormonde, and  
W. O. B. McDonough, Ormonde's owner,  
considers himself \$25,000 loser. Some-  
time ago, McDonough, who paid \$150,000  
for Ormonde, made a contract with  
the Stanford Palo Alto stock farm,  
whereby a number of Palo Alto mares  
were to be bred to Ormonde. McDon-  
ough was to have all the horse colts  
foaled, and the fillets were to go to  
Palo Alto. McDonough had been of-  
fered \$25,000 for the foal before its  
birth if it turned out to be a colt.

IMPORTANT LAND DECISION.

The Everett Land Company Wins the  
Hatch Suit.

San Francisco, Feb. 25.—The United  
States circuit court of appeals today  
decided against Josephine Hatch, the  
Indian woman, in her contested suit  
against the Everett Land Co., of Wash-  
ington. Mrs. Hatch contended that she  
was induced by the misrepresentations  
of E. C. Ferguson, her husband's ex-  
ecutor, to part with 240 acres of land;  
that she signed a conveyance of attorney  
under the belief that it was a bond of  
friendship. The land was conveyed by  
Ferguson to Henry Hewitt and by him to  
the Everett Land Company. The court  
of appeals held that the company was  
an innocent purchaser and that the  
woman having accepted the pur-  
chase money and used it long after her  
contention that she had been defrauded,  
was estopped from claiming title as  
against the Everett Land Co. The land  
is now very valuable.

THE SENATE.

Making Progress With the Appropri-  
ation Bills.

Washington, Feb. 25.—The senate is  
now working day and night on the ap-  
propriation bills in order to complete  
them before the session closes. The  
sundry civil bill was considered with  
little interruption from 11 a. m. to 5:30  
p. m., and again at the night session.  
The item of \$150,000 for purchasing the  
historic property of the late James G.  
Blaine in order to prevent its use for  
other purposes occasioned a sharp de-  
bate, but was finally agreed to.

THE HOUSE.

England's Bering Sea Award Defeated  
—Extra Salaries Allowed Employees.

Washington, Feb. 25.—The Bering Sea  
award of \$450,000 proposed to be paid  
by Secretary Gresham to the English  
government was defeated in the house  
on a yeas and nays roll call by a vote of  
113 to 143. The amendment to the gen-  
eral deficiency bill to pay the employes  
of the house and senate and the in-  
dividual clerks to members an extra  
month's salary carried.

The general deficiency bill, the last of  
the regular appropriation bills, passed  
the house today. Almost the entire  
day was spent in discussing the amend-  
ment to pay Great Britain \$450,000, the  
amount of damage agreed upon by Sec-  
retary Gresham and Sir Julian Paun-  
sote to be due under the award of the  
Paris arbitration tribunal on account  
of the seizure of some twenty Canadian  
sealers by the United States previous to  
the modus vivendi of 1892. The amend-  
ment was strongly attacked by Cannon  
of Illinois, Henderson, of Iowa, and

Hitt, on the ground that the amount  
was unreasonably large; that some of  
the vessels were owned by citizens of  
the United States; and because \$375,000  
of the amount was for constructive  
or speculative damages (the estimated  
catch). Only \$81,000, they contended,  
was due Great Britain. Dingley sup-  
ported the amendment, maintaining  
that the government, no matter how  
bad the bargain, must carry out the  
awards of the Paris tribunal in good  
faith.

Dingley declared that it was prefera-  
ble to pay Great Britain \$425,000 than to  
leave the assessment of damages to  
an umpire appointed by a foreign power.  
The amendment carried in the com-  
mittee but was defeated in the house.

**THE FREE SILVER PARTY.**  
A Platform Agreed on and General  
Weaver in Command.

Washington, Feb. 25.—It is under-  
stood the leaders in the movement to  
organize a free silver party have re-  
ceived advices from different parts of  
the country that such progress has  
been made as to make them feel fairly  
confident that they will be able to or-  
ganize a new party that will command  
the support of the silver men through-  
out the country. A platform has been  
agreed upon, which plants the whole  
party on the plan of free silver, elimi-  
nating all other demands of the Popu-  
list platform of 1892. It is impossible,  
however, to learn particulars, as all  
those in attendance upon the confer-  
ence now in session here are pledged  
to absolute secrecy. It is understood  
that General Weaver is the principal  
mover in this effort to secure the  
union of the silver forces and the dis-  
solution of the old parties.

**FRANCE'S RETALIATION.**  
Our Ambassador to Protest Against  
Exclusion of Our Cattle.

Washington, Feb. 25.—Mr. Enslie,  
our ambassador to France, will be in-  
structed to enter a vigorous protest  
against the French decree just made  
excluding American cattle from France.  
As the decree is ostensibly based on  
the existence of pleuro-pneumonia and  
the Texas fever in cattle from the  
United States, the ambassador will call  
for proof of the fact.

VICTORIOUS LETTER-CARRIERS.

Washington, Feb. 25.—The court of  
claims today announced judgment in  
favor of 150 letter-carriers of New  
York, Boston, Detroit, Philadelphia and  
Memphis for services rendered in ex-  
cess of eight hours per day.

WASHINGTON'S LEGISLATURE.

Olympia, Feb. 25.—The railroad lobby  
is here in force tonight to defeat the  
rate bill which comes up in the house  
in the morning. The farmers who are  
here to work for the bill are scarcely  
as numerous. Each vote is being can-  
vassed almost as carefully as in the  
senatorial contest.

Both houses met at 10 o'clock and the  
senate passed the following bills: Mil-  
ler's bill prohibiting the killing of quail  
before October, 1895; Kellogg's empow-  
ering local boards of health to execute  
such regulations as to prevent the  
spread of contagious diseases amongst  
stock; Van Houten's, empowering the  
state agricultural college to confer  
academic and honorary degrees; by  
Miles to provide for court commis-  
sioners.

Among the new bills in the house  
were: Bills repealing the Roscoe ci-  
garrette law (a similar bill was killed in  
the senate a few days since), and re-  
gulating Pullman car charges at 60  
cents per berth per 100 miles.

In the senate the new bills were: To  
exempt the proceeds of life insurance  
from liability for debt; to abolish all  
but the interest and general fund in  
cities of the third and fourth classes;  
and for free school books.

ANOTHER PIONEER GONE.

Spokane, Feb. 25.—Mrs. Ruth Pugh,  
the wife of Asbury Pugh, died this  
morning of hemorrhage of the brain.  
She was born in 1822, and with her hus-  
band came across the plains in 1846,  
selecting a homestead in Washington  
county, Oregon. In 1851 the family  
moved to Linn county, and came to  
Washington in 1881. In crossing the  
plains the entire equipment of the fam-  
ily was taken by Indians. Her husband  
survives her at the age of 72. The  
couple celebrated their golden wed-  
ding last May.

THE MARY DODGE STILL OUT.

San Francisco, Feb. 25.—Much anx-  
iety is felt for the schooner Mary Dodge,  
which left here for Tacoma 23 days  
ago, and has not been heard from since.  
The schooner was loaded with giant  
powder and dynamite. Her tonnage is  
245.

## MURDER AND SUICIDE

A Chehalis Man Kills His Wife  
Through Jealousy.

BLOWS OUT HIS OWN BRAINS.

The Coward Leaves a Note Giving  
His Reason For the Awful  
Crime.

Associated Press.

Chehalis, Wn., Feb. 25.—J. A. Phil-  
lips, a logger, about 35 years of age,  
shot and killed his wife, Estella, at  
Centralia, about 3 o'clock this after-  
noon. After writing a note explain-  
ing the cause of the tragedy, he blew  
out his brains. Both died within an  
hour. The affair grew out of Phillips'  
jealousy of his wife. Phillips had been  
at a logging camp during the past  
week, and returned home unexpectedly.  
Shortly after his arrival his wife came  
from town accompanied by a young  
man named Jap Bowen. She went  
into the house leaving Bowen at the  
gate, evidently to reconnoiter. She  
had scarcely got in before a neighbor  
heard shots. Phillips stood in the door-  
way with a revolver pointing at Bow-  
en, who was running away. Three  
more shots were heard, and the neigh-  
bors rushed to the house and broke in  
the door, which was locked. Mrs. Phil-  
lips lay gasping in a pool of blood on  
the floor. She had been shot in the  
arm and in the temple. Phillips was on  
the bed holding the revolver in his  
hand. He had sent a bullet crashing  
into his brain. On a table lay a note  
signed by the husband, and which  
read as follows:

"As I can't live without my wife, I  
have taken this way to keep her with  
me. We have no friends to mourn for  
us, and let this be a lesson to all not  
to fool with other men's wives. Good-  
bye to what friends I have. Get us  
into the ground as soon as you can."

Phillips' wife had borne a good re-  
putation, but it is said had been drink-  
ing in the back room of a saloon with  
Bowen before going home. The couple  
had two children. These Phillips gave  
away ten days ago, and on that occa-  
sion the woman tried to commit sui-  
cide with morphine. The pair were  
stricken with poverty, and the miser-  
able little house in which the tragedy  
occurred presented a pitiable spectacle  
when the neighbors broke in. Bowen,  
who fled when the shooting occurred,  
went to a logging camp near town, and  
was brought in by the sheriff late to-  
night.

A FORTUNATE MISTAKE.

Train Robbers in New Mexico Foll  
Themselves.

Tucson, Feb. 25.—When the westbound  
overland on the Southern Pacific reach-  
ed Stein's Pass tonight, shortly after  
9 o'clock, two masked men appeared on  
the station platform, armed with six-  
shooters. One of them got on the en-  
gine cab and covered the fireman and  
engineer, while the other commanded  
the brakeman to cut off the car next to  
the engine and tender, and as soon as  
this was done the engineer was ordered  
to proceed. When they had gone three  
miles they stopped. The bandits car-  
ried a sack full of what appeared to be  
dynamite. This they placed beside the  
road bed when the engine stopped, and  
they then discovered that they had  
left the express behind. The bandits in-  
dulged in considerable strong lan-  
guage and then, mounting their horses,  
they rode to the south. The engine and  
car returned to the rest of the train.  
Many of the passengers crawled under  
the seats.

THE IDAHO SENATOR.

Boise, Idaho, Feb. 25.—The vote for  
United States senator today, with out-  
pair and one absent unpaired, was:  
Shoup, 18; Sweet, 18; Clegggett, 14. The  
situation has changed in favor of Sweet  
and there is now talk of his having  
succeeded in making a deal with the  
Populists.

Atlanta, Ga., Feb. 25.—The First Na-  
tional Bank of Grinstead, Cass county,  
was entered last night by burglars who  
blew open the vault, doing over \$3,000

the burglars made a hasty departure.  
Over \$400 worth of stamps belonging to  
the postmaster, \$120 in nickels inside  
the vault, and probably other valuables,  
were taken, but the wreck is so great  
that it is impossible to tell what is  
stolen. The burglar proof safe inside  
the vault contained \$20,000, which is  
probably safe.

is that of a man about 25 years old,  
and was found in a sitting posture  
leaning against a tree. The hands and  
legs and lower parts of the body were  
badly burned. Deep gashes were found  
in the head and about the waist were  
the remains of a charred and singed

ceal the crime by burning the body,  
or he was burned at the stake.
