"In the heart of the great desert of the Colorado—which the Southern Pacific road traverses—there is an oasis called Indio, which, in our opinion, if the sanitarium of the earth. We believe, from personal investigation, that for certain invalids, there is no spot or this planet so favorable."

* Nature has accomplished so much that there remains but little for man to do. As to its possibilities as a health resort, —here is the most perfect sunshine, with a temperature always pleasant, a perfectly dry soil, for rain is an unknown factor; pure oxygen, dense atmosphere and pure water. What more can be desired? It is the place, above all others, for lung troubles, and a paradise for rheumatics.
