They are furnished with modern conveniences, supplied with pure artesian water, and so situated as to gove occupants all the advantages to be derived from a more or less protracted residence in this delightful climate.

(From the San Francisco Argonaut.)
"In the heart of the great desert of
the Colorado—which the Southern Pacific road traverses—there is an oasis
called Indio, which, in our opinion, is
the sanitarium of the earth. We belleve, from personal investigation, that for certain invalids, there is no spot or this planet so favorable."

G. T. Stewart, M. D., writes: "The purity of the air, and the eternal sun-

shine, fill one with wonder and delight

* Nature has accomplished se shine, fill one with wonder and delight.

* Nature has accomplished so much that there remains but little for man to do. As to its possibilities as a health resort,—here is the most perfect sunshine, with a temperature always pleasant, a perfectly dry soll, for rain is an unknown factor; pure oxygen, dense atmosphere and pure water. What more can be desired? It is the place, above all others, for iting troubles, and a paradise for rheumatics. Considering the number of sufferers who have been cured, I have no hesitancy in recommending this genial oasis as the haven of the afflicted."
