HOW TO RESTORE DISCIPLINE.

The assertiveness of the individual in politics, and the assumption that the views of certain individuals are the views of all the members of the party or must be made such—the attempt of prominent leaders to set up the standard to which all the other fellows must conform, is what is filling the country with confusion and bringing upon the system of government by party a strain that it seems hardly able to bear.

Toward this disorganized condition both parties have been tending. It is time to arrest the movement.

Take a dose of DeWitt's Little Early Risers just for the good they will do you. These little pills are good for indigestion, good for headache, good for liver complaint, good for constipation. They are good. Chas. Rogers.

Some reformers in New York resent the suspicion that they were made for Platt's express company.

You make no mistake when you take DeWitt's Little Early Risers for biliousness, dyspepsia, or headache, because these little pills cure them. Chas. Rogers.

The Hon. Robert E. Pattison bucked against the Republican majority once too often. Three times and out.

The fact cannot be disguised that political ties seem to hang loosely nowadays, and that instead of a healthy and vigorous party spirit there largely exists a disposition to cut loose from party associations, says a great leader. Political upheavals follow each other in rapid succession, first in one direction and then in another, indicating either popular fickleness, popular discontent, or popular independence.

The verdict of the jury in the case of Olsen vs. Walker will be generally praised and commended as a just and righteous one. As the city physician of Astoria, Dr. Walker merely acted in accordance with his best judgment and wholly without malice in destroying Mr. Olsen's effects to prevent an epidemic of small-pox. It would be a poor incentive to vigilance and prompt action in future emergencies of that character to know that a former officer had been made to smart for an honest and faithful attempt to perform his duty.

The efforts of the Messrs. Fisher to provide Astoria with a first-class place of amusement will be appreciated by the public. There are a number of long felt wants in Astoria, and the need of a good theatre building is not the one of least consequence. These gentlemen have a good building, in exactly the right location, and with the alterations and improvements they propose to make, it is easy to foresee a safe and profitable investment ahead for them.

The name One Minute Cough Cure suggests a medicine that relieves at once, and quickly cures. Its use proves it. Chas. Rogers.

Chicago Tribune: A marriage license was issued yesterday to Wojcieck Kilasz and Tekla Wolozonska. Otherwise the day passed off quietly.

Busy people have no time, and sensible people no inclination to use a slow remedy. One Minute Cough Cure acts promptly and gives permanent results. Chas. Rogers.

What is the use of having a "human form divine" unless you care for it, and drape it and clothe it so as to make it a source of joy to yourself and pride to your friends? Nature supplies the form. A. Leber, the tailor at 259 Commercial street will make the garment. See him.

THE AFTER EFFECTS

Where Grip Almost Always Lodges—A Graphic Experience.

"Three years ago I was taken sick with the grip, which affected my kidneys so that the doctors told me I had Bright's disease and dropsy. I had three doctors (each for one year), and one stopped my wife on the street and told her that I would not get well and, to tell the truth, I never thought I would. I was so sick that one sitting on the other side of the room could see my throat beat; anyone could sit alongside of me and hear my heart beat. I could not lie down, nor walk, and my friends advised me to try a homeopathic doctor, which I did. The doctor wanted her to send me to an incurable hospital, but she would not. My urine was the color of brick dust, and for 18 months I was swelled to twice my natural size. I tried everything I thought of, indeed, I doctored. At last I tried Warner's Safe Cure, with a specialist on the kidneys, but he did me no good. The first thing I thought of, indeed, I doctored.
