MURDERED HER MULATTO INFANT

Fiendish Mother at Moseow, Idaho, Found Guilty of Muader in the Second Degree.

Associated Press.

Washington, March 8.-- Assistant Sec retary Curtis today made the following statement: In regard to certain statements in newspapers that the treasury officials are embarrassed by the al leged failure in gold deliveries under the recent contract, and other assertions of a similar nature, calculated to mislead and disturb the public mind I wish to say that the actual withdrawals of gold from the treasury since the first of March, 1895, have been dinary withdrawals which in the past have usually taken place at this season of the year. In regard to the excess of government expenditures over receipts, it is well known that the latter are rapidly increasing and that up to this time nothing has been received from the income tax, and very little from the sugar duty, both of which wil' be implements of receipt in the future There is plenty of money in the treasury to pay appropriations, and the statement in some articles, that if the treasury had money the passage of the enormous appropriations would lead to the immediate disbursement of enormous sums of money, is totally untrue. There is a question of law as to when the appropriation for the payment of the sugar bounty becomes available, and until that is settled it will be impossible to make any pay

ment thereunder. The total available cash in the treasury today amounts to \$83,371,495, over and above the \$100,000,000 allowed to cover the gold reserve, which is \$89,with ease, and are confident the ex pected revival of business will assure the future.

for a scientific station at Puyallup, was knocked out. The bill amending the revenue law for remitting delinquent tax penalty from 5 to 2 per cent and interest from 20 to 12 per cent, passed with an addi-

tional amendment to exempt hospitals supported in part by charity. By Sergeant, appropriating \$20,000 for state road from Pierce county to Yakima through the Natchez Pass. THE SILVER CANDIDATE.

Ex-Congressman Sibley Talks of the

New Party.

Pittsburg, March 8.-Ex-Congressma Joseph C. Sibley, of Franklin, Pa., head of the new silver party, was in the city today, and concerning the new party he said: "The new silver party is more of a principle than anything else. But it is a principle that is bound to enforce recognition from the people, and one that is growing in power daily the government along on promise, no

on solid reality." When asked if he would accept the omination of the silvertes for president, he said "'it would not be a wise thing to refuse a thing that has not been offered. I cannot tell what I will do until I see what is expected of

HAYWARD FOUND GUILTY. He Will Hang for the Brutal Murder of a Girl.

Minneapolis, March 8.-The jury's verdict in the Hayward case is guilty as charged. The verdict was kept secret while the prisoner was being con ducted back to the jail, and no one was allowed to leave the counth Immense crowds are gathering.

For two hours after the verdict had been announced the crowd remained discussing the case on the sidewalks and in the roads about the courthouse and jail. The unanimous opinion seemed to be that the verdict was a just one, and that truth had prevailed. According to the statutes of the state

of Minnesota only one fate can await Harry Hayward-to be hanged by the neck until he is dead. Neither jury nor judge could alter the sentence In an incredibly short time after the result was announced a wild yell from the street told that it was the prop erty of the crowd. Among the people congregated on the outside were several hundred women, and the feeling
