Climate

Many Remarkable Cures

The objections urged against Indio in the past by the large numbers who otherwise would have been glad to take advantage of its beneficial climate, has been a lack of suitable accommodation. The Southern Pacific Company, takes pleasure in announcing that several

Commodious and Comfortable Cottages

have just been erected at Indio station, that will be rented to applicant at reasonable rates. They are furnished with modern conveniences, supplied with modern conveniences, sup-plied with pure artesian water, and so situated as to gove occupants all the advantages to be derived from a more or less protracted residence in this de-lightful climate.

(From the San Francisco Argonaut.)
"In the heart of the great desert of the Colorado—which the Southern Pacific road traverses—there is an oasis called Indio, which, in our opinion, it the sanitarium of the earth. We believe, from personal investigation, that for certain invalids, there is no spot or this planet so favorable."

G. T. Stewart, M. D., writes: "The purity of the air, and the eternal sunshine, fill one with wonder and delight.

* Nature has accomplished so much that there remains but little for man to do. As to its possibilities as a health resort, —here is the most perfect sunshine, with a temperature always pleasant, a perfectly dry soll, fect sunshine, with a temperature al-ways pleasant, a perfectly dry solt, for rain is an unknown factor; pure oxygen, dense atmosphere and pure water. What more can be desired? It is the place, above all others, for lung troubles, and a paradise for rheu-matics. Considering the number of sufferers who have been cured, I have no hesitancy in recommending this genial casis as the haven of the afflict-ed."
