They Lack Life

There are twines sold to fishermen on the Columbia river that stand in the same relationship to Marshall's Twine as a wooden image does to the human being-they lack strength-life -evenness-and lasting qualities. Don't fool yourself into the belief that other twines besides Marshall's will do "just as well." They won't. They cannot.

Pendleton, March 11 .- A peculiar condition of affairs prevails on the reservation and the United States Indian agent finds himself with absolutely no authority. So far as the outbreak is concerned, no one among the agency contingent fears or believes such a thing will take place. It is but natural that amidst the excitement attending ers should think it was seaworthy. Justhe arrival of the United States soldiers some remarks of a feroclous nature should be attributed to the Indians. They are elated over the fact that they are declared citizens, and now buy liberal quantities of whisky Six were brought perore the recorder in Pendleton today for drunkenness, and suit of the Westinghouse Air Brake the report went out what all were preparing for a grand pow wow and spree-Slight disturbances occur, but there more. He was in his boat and was towed down within two miles of the bar where he cut loose. and tried the boac under canvas. She was very cranky and would hardly stand with a spar in her, and while there was scarcely any wind and the bay was as smooth as a mill pond Captain Broman had to keep shifting himself to keep her on an even keel When he had proceed a short distance the boat struck a whirlpool, caused by the rapid ebb tide, and turned over on her side, but the navigator crawled around on her, got hold of the rigging and got her back on an even keel. The life saving crew was on hand to witness the performance, and went to Broman to help him. He asked to be towed to sea, but Captain Wilcox would not do that and persuaded Broman to give him his line. The life saving crew could not stem the tide with the log boat in tow, so they pulled her ashore where the stronk obb tide soon left her high and dry on the sand. Capt. Broman tried but could not get any assistance to sea. He stiled his boat back to Empire City today and came up to Marchfield to get the Arcata to tow him out, but Capt. Cousins said he would be convicted of manslaughter if he did so Tomorrow Capt. Broman will go aboard the Arcata and the boat will be taken in tow, and when outside she will slow up and let Broman try his boat for a time. If she can't live in the sea, Capt. Broman will be taken on board again and left off at Port Or-

BIG MINE DISASTER.

Probably Thirty Men Are Suffocated in a Burning Mine.

Minneapolis, March 11.-A special to the Tribune from Winnepeg, Manitoba, says: The shafthouse at the Sulton gold mine, fourteen miles from Rat Portage, caught fire this afternoon, and before the flames were discovered, they completely enveloped the building. This shut off the air supply of the mine, in which were working 25 or 30 miners A messenger who arrived at Rat Portage from the mine at 8 o'clock tonight says when he left at 4 o'clock only four of the men had been brought up. A number of doctors were working over these in the hope of resuscitating them, but with small chances of success. The other men in the mine are certainly suffocated and practically given up for lost. The shaft machinery being disabled, hindered the work of rescue. The families of the men live at Rat Portage and there is great excitement as their only communica tion with the mine is by a circuitous

VESSEL OWNERS LIABLE. The Supreme Court Says They Mus Have Seaworthy Vessels.

REPORT.

Washington, March 11.-In the su eme court today the case of James Henderson et. al. vs the owners of the steamer Caledonia, vs. Mayor Goldsemith, was decided, involving the ques tion of the liability of a carrier for loss by delay in the shipment of merchandise. The case was appealed by the owners of the vessel from a decision of the circuit court of the Massachu setts district which held them responst ble for the loss caused by the delay in shipment of cattle. The defense in the original case was that the delay was occasioned by the breaking of the vessel's shaft. The court held however, that the exception was not sufficiently specific and sustained the

Disgraceful Attempt to Keep a Veto Message From the House Before Adjournment.

Indianapolis, March 11.—The legisla ture broke up in a wild riot tonight in which timost every member participated. Revolvers were drawn and many persons were seriously injured, Adams, of Parke county, perhaps fatally. For fully 20 minutes the state house

was filled with a howling, surging mob, Myron King, the Governor's private secretary, attempted to enter the house with an important veto meso'clock, the time of adjournment sine then the Democrats attempted to force the doors open, but the crowd of Re who were bent upon the governor's secretary being kept out with his message, resisted with all the force they could command. Finally the doors were forced open. King, who was in front, was forced right into the crowd of Republicans, who were bent upon keeping him from the speak-With one accord the men began striking at each other and the secretary was in great danger of being kill-"Kill him," oried a hundred voices Inch by inch the Democrats gained ground. Many persons were knocked down and trampled under foot. Revolvers were flourished in the air. At 11:57 the excitement was intense. Men were fighting in every part of the room, and several of them were bleeding from numerous wounds. A few minutes later King, with the clothing almost torn from his body, and his back bleeding, was pushed by main strength through the crowd and thrown heavily against the speaker's desk. He had Gov. Matshows' veto in his hands but it never reached the speaker. When King wa, about to place it in Speaker Adams' hand, that official kicked and beat back
