The New York Tribune calls the attention of the great farming population of the United States to the fact that, while the Democratic triumph of 1892 was largely brought about by the votes of farmers, who cast their ballots against the Republican party on the ground that the protective policy "robbed them of the manufacturer's advantage," the results have neither carried out the promises of the Democrats nor the expectations of the farmers.

THE REASONS WHY

Scott's Emulsion of Cod-liver Oil and Hypophosphites is so useful in all wasting diseases, such as Consumption, Anemia, Scrofula, Rheumatism, Bronchitis, and Marasmus and Rickets in children, is because it furnishes to the depleted blood the fattening and enriching properties of the oil, and to the bones and nervous system the phosphorescent and vitalizing properties of the Hypophosphites, which together nourish the body, arrest the progress of the disease, and commence a process of repair that finally means restored health and vigor.

Thoughts for Fishermen

On a dark, stormy night, when the tide is ebbing fast and the hardy fisherman finds it almost impossible to handle his net, has he ever stopped to think, should it become caught on a snag, what brand of twine would stand the greatest strain? Did he ever ask his brother fishermen what sort of twine they used? If so in nine cases out of ten, if they be successful fishermen, the answer has been "MARSHALL'S TWINE."

It is the ONLY Brand of Twine to use.
