have just been crected at Indio sta-tion, that will be rented to applicants at reasonable rates. They are fur-nished with modern conveniences, supplied with pure artesian water, and s situated as to gove occupants all the advantages to be derived from a more or less protracted residence in this de-lightful climate.

(From the San Francisco Argonaut.) "In the heart of the great desert of the Colorado-which the Southern Pa-cific road traverses-there is an oasis called Indio, which, in our opinion, if the sanitarium of the earth. We believe, from personal investigation, that for certain invalids, there is no spot or this planet so favorable." G. T. Stewart, M. D., writes: "The purity of the air, and the eternal sunpurity of the air, and the eternal sun-shine, fill one with wonder and delight. * * Nature has accomplished sc much that there remains but little for man to do. As to its possibilities as a hcalth resort, -here is the most per-fect sunshine, with a temperature al-ways pleasant, a perfectly dry soil, for rain is an unknown factor; pure oxygen, dense atmosphere and pure water. What more can be desired? It is the place, above all others, for lung troubles, and a paradise for rheu-matics. Considering the number of sufferers who have been cured, I have no hesitancy in recommending this no hesitancy in recommending this genial casis as the haven of the afflict ed." thi
