WHAT WILL GROVER DO

About England's Demand on Little Nicaragua?

MAY ASK ENGLAND TO MODIFY

Her Exorbitant Demand on the Mosquito Country and Then Again He May Not.

Associated Press. Managua, Nicaragua, March 18.—The British government, through its minister here, has submitted an ultimatum to Nicaragua. It demands a cash indemnity of \$15,000 as smart money to pay for the expulsion of Mr. Hatch, British consular agent, during the troubles of last year, and also for the appointment of a commission to investigate the damages sustained by persons and property of English subjects who were expelled from the Mosquito reservation about the same time. By the terms of the ultimatum Great Britain is to name one of the commissioners and Nicaragua the other, and these to choose a third, who shall not be a citizen of the United States. It is also made known that a British warship is now on her way to Nicaragua to enforce these demands, which must be complied with within seven weeks from the 25th of February, the last date of the ultimatum.

WHAT GROVER MAY DO

Will Probably Ask Great Britain to Modify Her Demands.

Washington, March 18.—It is impossible to learn positively whether the state department has been advised, officially of the demands upon Nicaragua by Great Britain, but it is assumed that our government is fully posted in regards to the matter. It cannot be denied that this new incident, taken in connection with the hostile attitude of Great Britain toward Venezuela, promises to lead to trouble of a character much more serious than the incident of the Alliance. There are questions of indemnity arising in Venezuela growing out of the claims preferred by other European nations. Many grew out of the failure of these republics to meet their obligations to foreign debtors, under the stress of hard times and the influence of the world wide depression in trade. As the European governments appear to be moving to collect these individuals on their own account, it is a question that the United States must speedily settle as to how far it is prepared to permit this process to go on. Besides there is a rather disagreeable reflection upon American citizens in the disposition that none shall serve on the commission to adjudicate the damage. On the whole it is probable that the president will interfere to secure at least an amelioration of the terms of the ultimatum by an appeal to the British government representing the great hardship that it would work to Nicaragua under her present depressed condition to prefer a demand for so large an indemnity.

TO DICTATE TO CONGRESS.

A Powerful Combination of Postal Employees Will Do It.

Washington, March 18.—The post-office department has information of the formation of a powerful combination of postal employees, designed to bring pressure upon congress to overturn certain rules and regulations of the department. The department is now informed that since the failure of legislation in the last congress increasing the pay of employees, the combination has been formed to pass this legislation and also to overturn those rules of the department which are unfavorable to them. A high official of the department said today: "This combination includes some thousands of employes in the railway mail service, the letter carriers' service and in the postoffices. They are all in the classified service and protected from removal. The effect of this combination would be to create a sentiment against the civil service law which protects these employes."

MURDERERS AT LARGE.

Seattle, March 18.—Up to 1 o'clock this afternoon two of the escaped convicts have been captured, Rutten and Congrove. Both were taken at Orilla, south of the city. Black, who held up the jailor, was in company with Rutten, about twenty feet behind him, but before the officers could get hold of him, he escaped into the thick underbrush. Neither Rutten or Congrove offered any resistance. The officers are scouring the country in every direction, and it is believed that the ultimate capture of the fugitives will be effected. A liberal reward is offered for their apprehension. Black and Rutten, the Kitsap murderers, were making their way along the county road near Black River Junction, when they came upon Kelly and Burkman, deputy sheriffs. The latter two did not think that it could be any

of the escaped convicts, but ordered "hands up." The tall man, who proved to be Rutten, threw up his hands and walked directly up to the muzzle of Burkman's gun, but his partner Black, dodged behind him and in a twinkling was gone in the bushes. Burkman said to Rutten, "Where do you come from?" He replied, "the county jail." And who was your companion? "Black."

ANOTHER REBELLION.

Taken Place in San Salvador in Ezeiza's Interests. San Francisco, March 18.—General Antonio Ezeiza, who is safely housed in a comfortable hotel here, announces that a new rebellion in his interests has taken place in San Salvador. The last steamer from the south brought a letter to Ezeiza stating that on February 1st last, President Gutierrez unearthed a conspiracy that had been hatched for the purpose of re-instating Ezeiza at the head of the government of San Salvador. Under Gutierrez' orders all of the leading conspirators were shot. Among them were Colonels Barrios and Salgado and Captain Mangandi. The letter adds that all the prisoners who were in jail since the last uprising were ordered to be hanged. Colonel Vazquez, supposed to be the leader of the plotters, had been hanged by a mob of indignant citizens.

AMERICAN SCHOONER SUNK.

Was Fired Upon By a Spanish Gunboat. Jacksonville, Fla., March 18.—A special to the Florida Citizen from Key West, says: A letter has been received from Cuba stating that the Spanish gunboat Ateado fired upon and sunk a supposed American schooner off Puerto Padre with 16 people aboard. It is rumored that a schooner from Key West, which left here several weeks ago for a cargo of fruit, with a crew of 16 men, had to pass Puerto Padre, and may have been the vessel in question. The schooner Louis Hastings and Little also sailed for Cuba several days ago. The latest news from Cuba is that the government has captured a steamer with arms and ammunition at Havana which was to go to Santiago de Cuba. At Santiago several rifles were captured hidden away in the fields.

A. P. A. AFTER MARY.

During Her Absence They Puncture Her Political Boom. Wichita, Kan., March 18.—Mrs. Mary E. Lease did not receive the nomination of the democratic populist contingent for mayor of Wichita today for the simple reason the citizens' committee were unable to find her. Later her husband stated she was in Topeka, and would arrive in Wichita tomorrow. The delay has given the opposition chances to denounce her boom, and now A. P. A. letters are fighting her to a finish for the reason she was born in Ireland. Tonight a message was received from Mrs. Lease stating she is undecided about the matter, but it is believed she will be a candidate.

ILL-FATED LINLITHGOWSHIRE.

The Third Officer Was Instantly Killed Yesterday.

Port Townsend, March 18.—Archibald Anderson, third officer of the British ship Linlithgowshire, was today accidentally struck by a ballast bucket, and knocked down into the hold, and instantly killed. Within the last three months three deaths have occurred aboard that vessel. Her captain died when the ship was entering Valparaiso, and his successor just after leaving the port while temporarily insane, jumped overboard. Just before reaching Cape Flattery the second officer fell down into the hold and his injuries may prove fatal.

OF COURSE NOT.

Washington, March 18.—An impetuous mystery surrounds the negotiations between the state department and the Spanish government on the Alliance affair. President Cleveland conferred today with Secretaries Gresham and Carlisle. The Alliance affair was gone over and the statement is made that the present aspect of the subject is such as to give assurance that there will be no trouble of a serious character between the United States and Spain.

San Francisco, March 18.—Five and one-half furlongs—Scraps, 1:11 1-2. Half mile, maiden 2-year-old fillies—Urulla, 0:51 1-4. About six furlongs—Lizie Hampton, colt, 1:10 1-2. One mile—Oakland, 1:47. Five and one-half furlongs—Furrier, 1:38 3-4. About six furlongs—Tigris, 1:15 1-2.

BILLS THAT ARE NOT BILLS.

Olympia, March 18.—The bill making deductions on terms of convicts in the penitentiary passed both houses, but will not become a law because it was never enrolled. Four other bills met a like fate in the rush of the closing hours, among them being Belknap's bill prohibiting prize fighting. Mrs. Sarah J. Ross' millinery parlors will be open to the ladies of Astoria on Monday, Tuesday and Wednesday. The ladies are cordially invited to call and see her stock of new hats, which has recently been selected from the latest Parisian styles.

WAS DECLARED A DRAW

The Kilrain-O'Donnell Mill Ends After Eight Rounds.

SULLIVAN CREATES A SCENE.

Is Dragged From the Ring by His Friends—Other Interesting Telegraphic News.

Associated Press.

Boston, March 18.—In the presence of 3,000 people at the Suffolk Athletic Club tonight, Jake Kilrain, of Baltimore, and Steve O'Donnell, of Australia, Corbett's sparring partner, fought eight rounds, and at the close Patsy Shepard, the referee, amid the shouts of "Killrain," declared the contest a draw. While the referee was making his mind up, John L. Sullivan, who sat just outside the ropes close by Kilrain's corner, mounted his chair, and waving his title demanded a decision. When the draw was announced he sprang into the arena and rushed toward O'Donnell's corner. Two of the seconds grabbed him by the arm and turned him aside, when he clasped hands with Kilrain in apparent congratulation and swinging his arms, showed the latter how the fight might have been won. He was ready, he said, to challenge the winner if the referee had only named one. The ex-champion was finally led off by his friends and the scene, which caused the wildest excitement, ended. It took Referee Shepard five minutes to make up his mind what decision to make. Kilrain had the best of the last round, and at times it looked as if he was going to put O'Donnell out. He had not the force, however, but his old-time pluck asserted itself, and with wild rushes he dazed the Australian boy.

NEW YORK'S GRAND JURY.

Say the Lexow Investigation Was Not Thorough Enough.

New York, March 18.—The grand jury reported today. It speaks of the Lexow committee having spent months in collecting evidence, while ample to satisfy the public of the existence of that which the law required to establish guilt. "In our opinion," the report continues, "the great body of subordinate officers are honest and capable men, and their assistance in our investigation would doubtless have proved most valuable had we been able to demand it, but without proper orders, accompanied by honest and willing suggestions from their superiors, no aid of this character was noticeable."

WILL WORK TOGETHER.

The Negro and White Settle Their Difficulties.

New Orleans, March 18.—A gang of negro laborers who crossed the river this morning to unload the steamer Etolla were met on their arrival by a number of white men and told they would not be allowed to work, and commanded them to return to this side of the river at once. Later a company from the Screwman's Association, of Jefferson, came over and applied for work on the steamer. After a brief conference it was agreed that work on Etolla should be divided, Jefferson parish men taking one half and the negroes from this city the other. No further trouble is anticipated at that point.

The deputy fled, and with a posse started after Shaw. As the posse was a crack marksman, his friendly pursuers are kept at a safe distance.

Washington, March 18.—Secretary of State Gresham today authorized the formal denial of the reports that he had received from Minister Taylor any answer to the secretary's note demanding an explanation or apology from Spain. Senor Muruga, the Spanish minister, declined to say to any callers or receive any messages. Nothing is known here of the reports published today in the New York Herald under Key West date, that a Spanish gunboat had fired on an American vessel off the Cuban coast. Dispatches to the Associated Press last night from Key West contained no mention of any such occurrence and there is no Spanish war vessel of the name given. San Francisco, March 18.—The contention in the courts over the millions left by James G. Fair developed another sensation this morning. It was the introduction of what purported to be a later will than the one previously filed for probate. It is a holographic will written in lead ink on two sheets of legal cap paper. This alleged will divides the estate equally between the two daughters and Charley Fair. It bequeaths a few dollars to certain orphan asylums, and makes no provision for any such trust as the estate is left in control of under the will previously filed.
