They Lack Life

There are twines sold to fishermen on the Columbia river that stand in the same relationship to Marshall's Twine as a wooden image does to the human being—they lack strength—life—endurance—and lasting qualities. Don't fool yourself into the belief that other twines besides Marshall's will do "just as well." They won't. They cannot.

THE EMPEROR OF JAPAN

He has Declared an Armistice with China.

IT IS WITHOUT CONDITIONS.

The Action was brought About by the Attempted Assassination of Li Hung Chang.

Associated Press.

Washington, March 29.—The news that an unconditional armistice had been declared by the Emperor of Japan was confirmed at the Japanese legation, where it was stated that a cablegram had been received from the home government. China made an offer of armistice, and the peace plenipotentiaries of Japan were empowered by the emperor to accept it without condition. This was done in view of the attempted assassination of Li Hung Chang. The armistice, Minister Kurino, of the Japanese legation said, will be effective until peace negotiations are concluded. After the meeting of the peace ambassadors had been decided on, China requested the declaration of an armistice, but Japan had, Minister Kurino said, not been inclined to stop the warlike operations except on certain conditions. These conditions are not known, but it is suggested that the occupation of Taku might be one, Japan wishing something as a guarantee of the willingness and earnestness of the Chinese for an amicable settlement of the war. China evidently could not arrive at a conclusion to agree to the stipulations demanded by Japan, but the attempt on the life of the Chinese peace ambassador solved the problem for the time being, and hostilities will be suspended. There will be no withdrawal of Japanese troops from the territory, however.

The power of the Japanese government to execute an armistice will now be put to a crucial test. The military power of Japan almost outstripped the civil power during the war. This caused serious concern, as it has been feared that the military element, backed by the war spirit among the people would not submit to an armistice, even if the civil authorities ordered one. To meet this emergency, a change of army commanders was recently made. There have been three army corps operating in different campaigns, and each under one general of supreme authority over his particular campaign. About three weeks ago, in anticipation of an armistice, Prince Komatsu was created commander-in-chief over all armies. The object of this step was to concentrate the authority in one man, in close touch with the imperial household, who could thus execute an armistice by simultaneous cessation of hostilities by the army. It now remains to be seen whether Prince Komatsu can execute the important commission given him. It has been said that an armistice would be so unpopular among the people and soldiers that it would assure the political retirement of two Japanese statesmen—Count Ito and Mr. Matsuda—who have served as peace envoys. The full text of the cable received at the Japanese legation today regarding the armistice is as follows: "On opening of negotiations the Chinese plenipotentiary proposed an armistice to which Japan was willing to accept on certain conditions. While this negotiation was going on, an untoward event happened on the person of the Chinese plenipotentiary. His majesty, the emperor, in view of this unhappy occurrence, commanded the Japanese plenipotentiaries to consent to a temporary armistice without conditions. This was communicated to the Chinese plenipotentiary."

THEY HOLD OVER. The Various State Commissioners Will Not Be Removed. Salem, March 29.—Attorney General Ideman gave his opinion on the status of the different state commissioners owing to the failure of the legislature to elect successors. He sustains the right of the officers to hold over and quotes numerous authorities. The governor and other state officers consider the opinion conclusive and will be guided thereby. The following language of the opinion covers the whole idea: "The language of the statute and sections of the constitution in our state are similar, and in some instances almost identical with those discussed in the cases above cited, and in many of the instances the courts have held that the incumbent is not only de facto, but de jure officer. Surely then there can be no vacancy, and if no vacancy exists, there can be no authority to appoint."

WILL ASK AN EXPLANATION. Washington, March 29.—Although it is said at the White House that the telegram from Governor Morrill urging the president to extend the protection of the United States to Consul Waller, a citizen of Kansas, said to be imprisoned in Madagascar by orders of the French court-martial, has not yet been received, the president, after consultation with his cabinet, has decided to act in the matter and call for a report. If the facts are as reported, it is expected our ambassador to France, Mr. Justice, will be instructed to lay the matter before the French foreign office and ask for an explanation of the course pursued by the officials in Madagascar.

WILL TAKE A VACATION. Minister Willis Expected to Return on the Philadelphia. Washington, March 29.—There are indications that Mr. Willis, United States minister to Hawaii, is preparing to take a leave of absence from his post. One story is that he will go to Japan for a time, and another is that he will return to the United States. The state department officials will not say anything about the matter but content themselves with pointing to the fact that the minister has been at his post for more than a year, and according to the usual practice of the department, is entitled to a leave of absence. It would not be surprising, therefore, if Minister Willis was to be found a passenger on the United States ship Philadelphia when she returns to Mars Island, as she must do shortly, to be cleaned and decked, if, indeed, he does not turn up before that time. The legation will be left in charge of Mr. Ellis Mills, secretary of the legation, which will exactly correspond in official status with the Hawaiian legation at Washington.

ANOTHER VICTORY. The Ports of Penghu Island Taken With Little Japanese Loss. London, March 29.—Shanghai dispatches to the Times say that nine Japanese cruisers and two gun boats bombarded the forts on Penghu Island March 23d. One thousand troops were landed and an attack made on the fort which dominated the others. The Chinese evacuated the position during the night, and the Japanese entered on March 24th. The Japanese then turned the guns on the other forts, which made no reply. Only 1,000 prisoners were taken, the other Chinese being allowed to escape in junk. The Japanese loss was 1 killed and 27 wounded. The victors will leave 1,000 men to guard Penghu Island. The Japanese have now secured a southern basis for their operations, and the fleet is about to leave in view of peace having been established on the island.

A GIGANTIC SCHEME. New York, March 29.—There is said to be a scheme afoot among New York Central capitalists to purchase all the water power on the Back River and Dexter, including the main line in this city, for the purpose of utilizing them in the generation of electricity. Electricity is to be used as motor power on the Vanderbilt roads in New York. Should the scheme go through there will be one grand overhead trolley system consisting of four wires over each track. Connecticut, it is made with Niagara Falls and the power at Washington on the St. Lawrence. If the scheme should become a reality, it will revolutionize the business interests of Northern New York.

HONORS ARE EASY. San Francisco, March 29.—Honor were easy in the sailors' strike today, two vessels going to sea, one with a union crew, and the other with men who accepted the wages paid by the association. The schooner Falcon met the demand of the union, and the bark Thatcher went away with a crew from the Salford Home. The schooner Wolfport, lying at Channel Street, is to sail tomorrow and the presence of the police will probably be necessary as the vessel is to take a non-union crew. Both the association and the union are settled in the conviction that they will win the fight.

A SWEEPING RESOLUTION. London, March 29.—In the house of commons today James Hendy Daziel advanced liberal member, moved the adoption of the resolution to give home rule to England, Ireland, Scotland and Wales. The resolution was adopted by a majority of 24.

CINCINNATI GROWS WARM. Cincinnati, March 29.—The thermometer reached 84 degrees at 2 o'clock. Tonight it is 76 at 9 o'clock. No such weather has been previously experienced here in March since the government weather bureau was established in 1870.

HOT WAVE AT INDIANAPOLIS. Indianapolis, March 29.—A hot wave struck this vicinity today. At 7 a. m. the thermometer marked 44 degrees and at 3 p. m. it marked 82, a rise of nearly 40 degrees in six hours.

IS MORE ENCOURAGING. Bradstreet Says That Business Continues to Improve. CHINESE CERTIFICATE FORGERS. Several of the Gang are Arrested at San Francisco Yesterday-- Other News.

Associated Press.

New York, March 29.—Bradstreet will say: "Official trade for the third week in succession continues to show evidence of improvement. In no other direction is this so plainly indicated as in the tendency of prices. A week ago encouragement had been obtained from the generally unexpected advance in cotton and wheat. Following their slight reaction, the week has witnessed a firm cotton market, further improvement in wheat, with sympathetic influence in corn and oats, and the effect is greatly emphasized this week by advances in quotations not only for coke but for iron and for Bessemer pig iron, for steel billets and actually for manufactured iron at western markets. Higher quotations for cut meat in the outcome of restricted supplies of cattle. Better feeling in general trade circles which characterized the reports from a number of cities has become more widespread and even where not actual gain in movement of staples is reported, increased confidence in better demand is marked."

FORGERS ARRESTED. Charged With Issuing Fraudulent Chinese Certificates. San Francisco, March 29.—After many days the internal revenue department has finally succeeded in landing one of the biggest gangs of counterfeiters that has operated in California since the days of the Boyd Capricio gang. The one just landed, like its predecessors, also dealt in fraudulent Chinese certificates. The names of the men arrested are H. L. Foss, freight clerk on the Oceanic Company's dock; J. H. Sullivan, formerly deputy county clerk; Max Katzaur, a new arrival from Victoria, and said to be a leading smuggler of opium from the Sound; Fernando D. Capricio, the man who was tried and acquitted for complicity in the Boyd-Capricio gang, and M. Greenwood, a brother of Louis Greenwood, a man now serving time in San Quentin for being mixed up in the operations of the Emerald smuggling ring. They are all charged with conspiracy in attempting to land Chinese in the United States by means of forged certificates. The counterfeiters were caught in a room down town, which had been a rendezvous and in many of their operations took place. All the paraphernalia used in counterfeiting was captured. All the members of the gang were landed in the county jail. The band had already established agencies at Vancouver, Boise City, Helena, Lincoln, Denver, Chicago, Philadelphia, New York, and Victoria.

San Francisco, March 29.—Fernando Capricio, Harston L. Foss, D. J. Sullivan (ex-deputy tax collector), Max Katzaur, and Mose Greenwood, were all arraigned before United States Commissioner Heacock, charged with forging and uttering certificates of residence to Chinese contrary to the amended law of November 3, 1893, and also with conspiracy. The penalty is a term of imprisonment not to exceed five years.

When the men appeared before the commissioner they had nothing to say in their behalf. Commissioner Heacock set bail in the case of Foss, Capricio and Katzaur at \$10,000 each, and that of Greenwood and Sullivan at \$5,000. Among the men suspected, but not arrested, are a brother-in-law of Capricio and a couple of people now in Oregon. A man named "Ogilby" Brown is also said to have been implicated but the revenue officers have not sufficient evidence against any of them to warrant arrest.

From information that is leaking out it appears that some of the men under arrest not only engaged in manufacture and the sale of forged certificates, but also in the opium smuggling business. The drug was brought from Victoria and shipped to Honolulu, where two 5-ton cans are said to be worth \$50.

MR. TODD POINTS. Tacoma, March 29.—S. G. G. Todd who is mentioned in the press dispatches from San Francisco as being connected with a gang whose operations in bogus Chinese certificates has just been unearthed, is now a resident of Tacoma. He denies responsibility any connection or knowledge of the gang or its work, and says he is ready to meet his accusers in court.

COAL GOES UP. Railed One Dollar per Ton to San Francisco Consumers. San Francisco, March 29.—Through a combination of mine-owners and dealers San Francisco consumers will pay \$1 per ton more for coal excepting that from Cook Bay and Seattle. The uniform rate of \$10.50 has been made and all dealers have joined in the new schedule, which does away with rate cutting. When the Wilson bill went into effect a reduction of 60 cents per ton was made in the price of coal per ton. The present increase is double that of the former reduction.

WHAT DUN SAYS. New York, March 29.—The failures this week as reported by R. G. Dun & Co. were 234 in the United States against 277 last year, and 42 in Canada against 26 last year. But the recent increase indicates the past rather than recent conditions of unsettled trade.

SAN FRANCISCO RACES. San Francisco, March 29.—Five furlongs—Middleton, 1:36 1/2. Five furlongs, 3-year-olds—Joan, 1:36. One mile—Ingomar, 1:47 1/2. About six furlongs—Gemma, 1:28 1/4. Six furlongs, handicap—Jack Richman, 1:37 1/4. About six furlongs—Roadrunner, 1:36.

MARINE INTELLIGENCE. San Francisco, March 29.—Cleared—State of California, for Astoria and Portland. Departed—Arvata, for Cook Bay; Peter Jensen, for Nainaimo; Schooner Falcon, for New Westminster.

AFTERNOON DISPATCHES. The Associated Press News Contains in the Afternoon Report.

Cleveland, March 29.—The jury was unable to agree in the Ellis case. It is understood that the point of difference over the value of the paraphernalia. It was appraised at \$300. Several jurors it is said cannot agree on its sentimental value and special adjunctions to make it worth \$1,000 which is necessary in order to keep the case in court. Already members of the grand jury have agreed to a plan whereby both paraphernalia can be united and harmony again prevail. This plan includes the resignation of both sets of officers and the selection of others.

St. Paul, March 29.—A joint resolution was introduced in the senate by Senator Spencer this morning and promptly passed under suspension of the rules, looking to the amendment of that part of Wisconsin in which the city of Superior is located by Duluth and Superior may be consolidated into a large city.

San Francisco, March 29.—M. J. Hurley, convicted by the jury of bribery, was this morning sentenced by Judge Wallace to five years in the penitentiary. P. A. Buckley, convicted of falsifying election returns in the Thirtieth Assembly District, was also sentenced to five years in the penitentiary.

London, March 29.—In spite of the scorching of Clonster and the bad weather, a great crowd assembled today at Aintree to witness the grand national steeplechase. John Widgey's gelding Wildman first, F. B. Atchison's Cobalt second, and Major A. Crawley's Vanderberg third. Nineteen horses ran.

Omaha, March 29.—Cora Smith, formerly of Des Moines, who has lived in this city since last September, was arrested here and taken to Des Moines this morning. She confessed to having assisted in murdering her father, a crime for which her mother, who is serving a life sentence, is innocent.

New York, March 29.—Mrs. William Reeves and her young daughter were hurried to death at North Fort Lee, today, in Mrs. Reeves' father's residence, Israel Higgins, a wealthy farmer. Mrs. Reeves got her father and mother out safely, and went back for her daughter, but was too late.

London, March 29.—It is officially learned that whatever Canada may desire in the decision of the Paris Bering Sea arbitration will be strictly adhered to during the ensuing session and no side issue will be allowed to affect that decision.

New York, March 29.—The advance in silver in the open market today has been followed by a corresponding rise in silver bars here which has led to an increased strength and activity. Bar silver closed at 5 p. m. at 23 3/4 per ounce.

Portland, March 29.—Arrangements have been completed for a steamship line between this city and China and Japan, premature announcement of which was made some weeks ago. The O. R. and N. Co. have effected an agreement with Samuel & Co. of Yokohama, for placing two steamers on the route, making monthly trips, the first steamer leaving Hong Kong on May 1.

COSTLY ADVERTISING. A single page in a single issue of the Century taken for advertising cost \$50. In Harper's \$40, other magazines \$100 and \$200, and a yearly subscription of one column in the Chicago Tribune costing \$24,500 for the lowest and \$48,000 for the highest rate. These figures will probably astonish men who spend from \$10 to \$40 a year with a paper for advertising space and seem to think they are liberal advertisers is sure.
