Believes She Should Be Annexed to the United States.

Washington, April 5.—Speaking of the mass meeting held in Jacksonville, last night, it which resolutions of sympathy with Cuba were adopted, Senator Call, of Florida, said:

"I have frequently introduced in the senate resolutions requesting the president of the United States to open negotiations with Spain looking to the independence of Cuba on a basis of the issue of bonds from Spain to Cuba as compensation, these bonds to be guaranteed to any reasonable extent by the United States.

"At present the Cubans have not established any provisional government that we could recognize, but the moment they do organize one, that seems to have a reasonable chance of permanence, then I shall strongly urge their recognition as belligerents.

"Nine-tenths of the people of Cuba are in favor of independence, and most of them are in favor of annexation to the United States. Cuba offers one of the finest markets for us in the world. It is one of the richest, and under proper sanitary laws, will be one of the healthiest countries to be found anywhere."

A VIOLENT CHARACTER.

Spokane, April 5.—Judge Buck today sentenced old man Siegel to fourteen years in the penitentiary. His crime was shooting a man named Ewald with intent to kill. Siegel commenced a tirade against the court, and his attorneys declared that his family had

formed a conspiracy to beat him out of his property. The court ordered Siegel removed from the court room. It required the powerful strength of a deputy sheriff to draw the enraged man to jail.

BETTER DAYS AHEAD

Bradstreet Gives an Encouraging Report This Week.

OSCAR WILDE IN LIMBO.

He Was Arrested Yesterday on a Criminal Charge and Locked Up in Jail.

Associated Press.

New York, April 5.—Bradstreet's tomorrow will say: "The appearance of more settled weather together with the announced increase in prices for Bessemer pig iron and steel billets continued strong, and have stimulated manufacturers to demand higher prices for fall goods. The rains in the northwest wheat regions were greatly needed. The increases in wages of industrial employes, heavier shipments of wheat abroad, and the rise of the week's bank clearings above the million dollar mark, are evidences of a continuation of better feeling in trade circles, and returning confidence in many lines of business. There were 220 business failures reported to Bradstreet's this week compared with 232 last week, 195 in the corresponding week of 1894, and 188 two years ago, and 165 three years ago.

SUNFLOWER OSCAR.

Loses His Label Case and Is Himself Arrested.

London, April 5.—The jury in the case of Oscar Wilde against the Marquis of Queensbury found that the plea of justification as submitted by the Marquis was proved and the Marquis was discharged from custody. The verdict was received with loud applause from the court which the judge did not attempt to check. A warrant for the arrest of Oscar Wilde is expected will be promptly applied for.

Later—Oscar Wilde has been arrested.

The name of Oscar Wilde has been withdrawn from the play bills and advertisement of two theatres, the St. James and the Haymarket, where two of his plays are running. Wilde was very pale, but cool, when he arrived at Scotland Yard. At 8:10 p. m. Wilde was arraigned at Bow street Police Court. He had merely called at the Cadogan Hotel with a couple of friends when at half-past six a detective walked into the office and asked for him. He was shown the room where Wilde was, and put him under arrest. Wilde said nothing, but immediately went with him to Scotland Yard where the warrant was read. The prisoner remained silent throughout the entire proceedings. He was then taken to Bow street. Here he stood with his hands in his pockets while the charge against him was being taken. The police inspector then read the charge aloud and asked Wilde if he had anything to say, adding the usual warning that anything he said might be used against him. The prisoner remained silent and apparently indifferent. He was then searched, after which he was locked in a cell. Shortly after he had been locked up, one of his friends arrived in a carriage at the station with a Gladstone bag, containing a change of clothing and other necessities, but the police refused to permit him to leave it.

Later Lord Alfred Douglas went to the police station and inquired whether Wilde could be admitted to bail. The police inspector explained that Wilde had been arrested for a criminal offense which did not allow of bail being accepted until he had been arraigned in court. Lord Alfred was greatly distressed by this information. He was told by the inspector that Wilde had a blanket and all the requisites in his cell to be as comfortable as the regulations allowed. The prisoner would be allowed to receive food from the hotel until tomorrow, when he will be arraigned on a charge regarding a penal offense.

A SETTLED FACT.

Salt Lake, April 5.—A motion to adjourn a woman suffrage article was carried in the constitutional convention today by a vote of 15 to 14, and it now goes to the committee on revision. Unless the opposition can muster votes enough to have today's action recon-

sidered, woman suffrage in Utah may be considered an accomplished fact.

AFTERNOON DISPATCHES.

The Associated Press News Contains in the Afternoon Report.

Pendleton, April 5.—After a long and exciting chase the posse captured the Farr Boys and brought them to Pendleton. They were arraigned on the charge of horse stealing and assault with intent to kill. When the posse pressed within three hundred feet of the Farr boys, they turned at bay, drew their revolvers, and emptied them at the officers out of the fusillade. No one was injured, and when the chambers were all emptied the arrest was easily made.

Washington, April 5.—The last mail from Hawaii brings an interesting budget of general information. It contains an account of a brilliant reception given by Minister Willis to Adlon dollar mark, are evidences of a continuation of better feeling in trade circles, and returning confidence in many lines of business. There were 220 business failures reported to Bradstreet's this week compared with 232 last week, 195 in the corresponding week of 1894, and 188 two years ago, and 165 three years ago.

The Honolulu papers say the friends of the ex-queen declare she will treat with contempt the recent offer from a United States showman of \$500 per week to come to the United States. The "Dangerous Persons" act was adopted before the trial left. It is a radical law against those who conspire to overthrow the government and who come from other countries to foment disorder.

Washington, April 5.—The treasury department is making preparations to put into execution the provision of the tariff law requiring silver and lead ores imported into the United States to be assayed and sampled at the port of entry. The law provides a duty of three-fourths cent per pound on all lead ores, where it is combined with silver ore or ores of other metals. The assaying and sampling to be let to the lowest bidder.

Alton, Ill., April 5.—A fearful wreck occurred this morning at Wood River bridge on the Chicago and Alton road near East Alton. A long and heavy freight train was coming down the grade when the middle of the train bulged out and 15 cars were piled on top of each other. Four men were killed outright, and two were fatally injured. None of them are known, but are supposed to be tramps who were stealing a ride.

Hermes, O. T., April 5.—Part of the posse in pursuit of the bandits, who robbed the Rock Island train near Dover Wednesday night, came upon the gang, 35 miles west of Hermes, yesterday afternoon. A fight ensued in which one of the robbers was killed and others wounded. The wounded got away. The dead man was identified as Dick Yeager.

Zanesville, Ohio, April 5.—Four persons were killed outright and the fifth fatally injured in a wreck on the Belleaire, Zanesville and Cincinnati narrow gauge at the trouble, five miles west of Summerfield this morning. The train jumped the track.

Chicago, April 5.—The Times-Herald today reiterates that the big new telephone enterprise in opposition to the Bell, is backed by the Sugar Trust, the Standard Oil Company, the Crocker interests of California, and the Pullman Company interests. The new company is the Standard Telephone Company of New York. The electrical devices to be used are those of Allen T. Nye, and the company proposes to put in telephones all over the country at the uniform price of \$25 per year.

New Orleans, April 5.—About two o'clock this morning an explosion from some unknown cause occurred at the corner of Duverge and Ursules streets in a two-story brick building, containing two stores on the ground floor. One of these was occupied by Emile Boutin, as a drinking saloon, the other by Salatte as a grocery and seed chamber's store. The dead so far recovered are Charles Salatte, grocer; Mrs. Chas. Salatte; the 14 months old infant of Mr. and Mrs. Salatte; Felix Blyet, barkeeper for Abe. Ducumet, and James Edwards, a barkeeper. The explosion was followed by fire. It is thought the explosion was an attempt to kill Boutin, who two years ago shot and killed a leading Indian merchant.
