They Lack Life

There are twines sold to fishermen
on the Columbia river that stand in
the same relationship to Marshall's
Twine as a wooden image does to the
human being—they lack strength—life
—evenness—and lasting qualities. Don't
fool yourself into the belief that other
twines besides Marshall's will do "just
as well." They won't. They cannot.

BATTLE AT TROELLES

Cuban Insurgents Win Victory
Over Royal Troops.

SPANISH LOSS IS HEAVY.

Royal Troops Mostly Boys and Many
Whom the Insurgents Captured
Were Dealt With Kindness.

Associated Press.

Tampa, Fla., April 10.—Late reports
from Havana assert that the steamer
Manulita, just arrived from Santiago
with more than 300 wounded Spanish
soldiers. They were taken to a hos-
pital steamer because the hospitals at
Santiago are crowded. A letter from
Santiago mentions a battle at Troel-
les, near Cantor river, in which the
Spanish general Salceda, with 1000 men,
engaged a band of revolutionists under
Rabi. The Spanish loss was said to
be 380, while the Cuban loss was
four killed and 39 wounded. The Span-
ish troops were mostly boys, and in the
battle they were taken on many of them
who were caught and their lives were
spared.

WILL REORGANIZE.

The O. R. and N. Co. Has Agreed Upon
a Plan.

New York, April 10.—The Oregon
Railway and Navigation Company and
the holders of the collateral trust and
consolidated mortgage bonds have
agreed upon a plan of reorganization
which provides that a general mort-
gage of \$21,500,000 at 4 per cent interest
is to be issued into which the present
outstanding obligations are to be fund-
ed. The holders of the collateral trust
bonds are to receive five per cent in 4
per cent bonds, and 65 per cent new
preferred stock, and holders of the con-
solidated bonds are to receive par in new
4's, 3 1/2's and 3's, and 37 1/2 per cent
preferred stock. The stock of the com-
pany is to be assessed \$3 per share
for which preferred stock at par will
be given new 4 per cent bonds to the
amount of \$5,000,000, will be held in
the treasury to retire the 6 per cent
bonds of 1909 when they mature. The
foreign interest in the securities of the
company is to be paid, and its suc-
cess is therefore regarded as as-
sured.

THE WHEAT OUTLOOK.

The Past Winter Has Been Severe on
the Crop.

Washington, April 10.—The April re-
port of the statisticians of the depart-
ment of agriculture makes the average
condition of winter wheat on the first
of April 81.4 against 82.7 last year. It
was 77.4 in 1923; 81.2 in 1922, and 89.9
for the year 1921.

Generally the past winter has been
hard on wheat. The fall of 1924 was
a dry one and unfavorable in many
states either to germination or to the
maturation of the vitality of the plant.
This spring has also been hard on
wheat over extensive areas. Much
good, however, has been derived by
rains in the latter part of March, par-
ticularly in the states of Indiana, Illi-
nois, Missouri and Iowa. Moderate
rains also fell in Nebraska, and South
Dakota. It is reported that the soil
was so dry and had suffered so long
from drought that it will require much
heavier rains to produce any perma-
nent effects.

INSURGENTS UNSUCCESSFUL.

An Attempt to Land in Baracoa, Cuba,
Proved Disastrous.

Philadelphia, April 10.—Some start-
ling details of successful efforts of the
insurgents to gain entrance into the
port of Baracoa on the north side
of Cuba and the wreck of the small
British schooner that brought them to
the entrance of that place; the shoot-
ing of her master by Spanish soldiers
and the imprisonment of her entire
crew, was told by officers of the Nor-
wegian steamship Spero, which arrived
today from that port. Excitement runs
high at Baracoa, and a majority of
the rebels of that place seem to sym-
pathize with the insurgents. A large
number that were landed on the British
schooner which foundered before her
name could be learned, made good
their escape after a hot fight with the
Spanish soldiers, fifteen of whom were
dangerously wounded. The condition
of affairs in Baracoa, which is the cen-
ter of nearly all the banana plantations
of Northern Cuba, is assuming serious
shape, and nearly all the laborers are
being pressed into the service of the
revolutionary army.

STUDENTS WILL PLAY FOOTBALL.

Boston, April 10.—The board of over-
sighters of Harvard College today voted
that in the judgment of the board of
oversighters, the decision of the question
of continuance or abolition of inter-
collegiate football at the university is,

under a standing rule, within the pow-
ers of the athletic committee, under the
president, fellows, and board of over-
sighters. This is a victory for intercol-
legiate football. The athletic com-
mittee will now be given an opportunity
to revise the rules and the game will
be given another trial.

STILL ANOTHER SUIT.

A Suit Commenced to Prevent the Illi-
nois Central from Paying the
come Tax.

New York, April 10.—Another suit to
contest the constitutionality of the in-
come tax law has been instituted to-
day in the circuit court here. It is an
action in equity brought by Chas. A. J-
len, of Greenfield, Mass., against the
Illinois Central Railway Company et al.
In this bill of complaint the com-
plainant declares that he is informed
that the company intends to pay un-
der the provisions of the income tax
law a tax of 2 per cent on all its net
profits and income for the year 1924.

The bill then avers that the income
tax law is unconstitutional, in that it
said tax is collectable upon the com-
pany's income and profits, it is a direct
tax in respect of railway property,
fixtures and appurtenances held and
owned by the defendant company by
being imposed upon the income and
profits thereof, the same being real
estate, and in like manner, a direct tax
in respect of its personal property by
being imposed upon the income and
profits thereof, which is direct taxes,
and is not apportioned among the
states as required by the constitution
of the United States.

The non-uniformity of the law is
then pointed out at length. The com-
plainant therefore prays that the de-
fendants be restrained from volun-
tarily complying with the income tax
law, and that he be granted such other
relief as the court may deem meet.

JOINED THE STRIKERS.

Four Hundred Ohio Miners Persuade
Others to Join.

Pomery, Ohio, April 10.—Four hun-
dred strikers and sympathizers from
Syracuse, New Haven, Hartford City,
Mason and Pomery, massed at Min-
ersville this afternoon "to persuade"
or force the non-union men working in
the Williams mine to lay down their
tools and come out. When the men
came out they were met by a commit-
tee of strikers who used persuasive
means to coerce them to join the strik-
ers. At first the men held out stub-
bornly, but finally the non-union men
agreed to join the strikers. This was
greeted with cheers and a volley of
pistol shots into the air. All parties
were armed, which they made no at-
tempt to conceal.

PAUL SCHULTZ RESIGNED.

Tacoma, April 10.—It was announced
today that Paul Schultz had resigned
his position as general agent of the
Northern Pacific railroad. When seen
he said: "Yes, I have resigned at the
request of Land Commissioner Phipps,
my resignation to take effect next
week. The request for my resignation
didn't come to me unexpectedly. I
have looked for it for months. I leave
the service of the Northern Pacific
Railway Company with the kindest
wishes for their prosperity."

NEW MAIL REGULATIONS.

Washington, April 10.—Superintendent
Wright, of the railway mail ser-
vice, has issued an order directing post
masters and railway postal clerks mak-
ing up mail for China, Japan and
other countries west of the Pacific to
mark them "Trans-Pacific foreign."
The practice of labeling these packages
"San Francisco, Cal." and "Tacoma,
Wash.," will be discontinued. Under
the new arrangements the packages
of Pacific mail will be forwarded by
the first steamer sailing, whether from
San Francisco or Tacoma.

THEY WANT ANOTHER AGENT.

Boise, Idaho, April 10.—A delegation
of the Indians from Fort Hall called
on Governor McConnell today with a
request signed by 300 of the tribe that
Agent Teter be removed, and A. W.
Fisher, agent during the Harrison ad-
ministration, be appointed. They ask
the governor to forward it to the pres-
ident. Fisher is charged with mis-
treating the Indians and furnishing
scant rations.

CIGAR MAKERS STILL OUT.

New York, April 10.—The cigar mak-
ers employed by factories in this city
in making Havana cigars, and who
struck fifteen weeks ago, are still out.
There are 7,000 cigar makers idle in the
city today. The strikers assert they
will not resume work under the con-
ditions promised, practically a reduc-
tion of \$2 a thousand.

STRIKERS SENTENCED.

Brooklyn, April 10.—Judge Moore in
the court of sessions has sentenced
twelve of the prisoners who had been
found guilty of rioting during the re-
cent strike on the trolley lines. The
sentences range from sixteen days to
one year and six months, the heaviest
being for cutting wires. All were sent
to the penitentiary.

THEY CLAIM A VICTORY

Sailor's Union Say They Have
Won the Strike.

AT SAN DIEGO AND EUREKA.

Vessels Have Been Shipping Union
Men at \$35 per Month—Other
Telegraphic News.

Associated Press.

San Francisco, April 10.—The Coast
Seamen's Union claims to have won
its fight against the Ship Owners' As-
sociation. Information has been re-
ceived that vessels at San Diego and
Eureka have been compelled to ship
crews at the Union rate of \$35 per
month. The center of the fight has
been at San Diego and victory there
practically ends the fight.

A NEWSPAPER YARN.

The Story of the Remarkable Homing
Flight from Fresno to Portland.

San Francisco, April 10.—A. N. Ber-
ley, secretary of the Pacific Coast
Pigeon Society, today declared that
the reported long flight between San
Francisco and Portland in nine hours
is a newspaper yarn, and said: "The
Greatest one-day flight yet made by
homing pigeons is 530 miles between
Miami and sunset. It is rank non-
sense to assert that any homing pigeon
can fly from San Francisco to Portland
in nine hours, even under the most fa-
vorable circumstances. It has not
come to the knowledge of the Pacific
Coast Pigeon Society that any such
flight as that between San Francisco
and Portland was contemplated, nor
that any flight has recently been made
between those points."

CHINA-JAPAN PEACE NEGOTIATIONS.

Washington, April 10.—Cable reports
that seven of the eight terms of peace
between Japan and China have been
agreed upon on occasion much specu-
lation here as to the eighth term on
which Japan insists. The Japanese
officials say they have no information
of the eighth conditions. There is no
doubt, however, that five of the most
essential conditions are those given
in these dispatches at the outset of
the negotiations, viz: A new Japan-
China treaty conceding Japan extra-
territorial courts in China, but denying
the latter country extra-territorial
courts in Japan; the independence of
Korea; indemnity of about \$200,000,000;
the occupation of Port Arthur and Wei
Hai Wei for a term of years; cessation
of the island of Formosa. These five
terms are now fully confirmed by lat-
ter developments of the conference.

Three additional ones have now been
added, and these, it is believed, relate
to trade matters. Which one of these
eight terms of peace is the cause of
delay is not known here.

NEWSPAPER LIBEL SUITS.

Coming, N. Y., April 10.—The libel
suits brought by Jose Del Potes, of
Rio de Janeiro, against the Hornell-
ville Tribune and the Coming Demo-
crat, were tried this afternoon at the
supreme court in this city. The suits
were two of the now famous Tyndale-
Hamer cases, nearly 250 papers through
out the country having been sued.
The Tribune's case was finished, the
jury returning a verdict of \$58.75 for
the plaintiff. The Democrat's case
was submitted to the jury, and after
being out a few minutes they returned
a sealed verdict to be opened tomor-
row.

A SHOOTING AFFRAY.

Fresno, Cal., April 10.—News was re-
ceived here this evening from Visalia
of the shooting of ex-Superintendent
John G. Ellis, of Tulare county, and John
Smith, by Frank Potter, a worthless
fellow whom the vigilance committee
tried to run out of the country. The
vigilantes approached Potter's cabin
and demanded that he leave the coun-
try. Potter fired into the crowd. Ellis
was shot through the leg and Smith
through the hip, the ball tearing
through the intestines, and the wound
will prove fatal. Potter jumped on a
horse and escaped.

RATHER FAR-FETCHED.

Port Smith, April 10.—The state
grand jury in session is making a

fight on gambling. It has leaked out
that they have returned indictments
against several prominent society la-
dies for playing progressive euchre for
prizes.

AFTERNOON DISPATCHES.

The Associated Press News Contained
in the Afternoon Report.

Washington, April 10.—The Japan-
China armistice closes in ten days, as
it is anticipated by the officials and dip-
lomats that the final terms of peace
must be near at hand. It would not be
surprising to the officials if Li Hong
Chang took the full ten days before
yielding to the Japanese demands. The
report that the indemnity will be about
400,000,000 yen, coincides with the un-
derstanding here that \$200,000,000 would
be the amount of the payment. It is
agreed by all beings, including the
Japanese and Chinese officials, that
the independence of Korea will be one
of the terms of peace. This brings
out the curious fact that the United
States is the only power which hitherto
recognized Korea as independent, and
has received a diplomatic delegation
from that country.

Washington, April 10.—The internal
revenue officials are busy unravelling
intricacies involved in the supreme
court income tax decision. The words
"income" and "rent" as used in Para-
graph 7, of the court's conclusions
will be accepted only when they are
actual returns received by a landlord
for the use of his property. Insurance,
taxes, and ordinary repairs on rented
property will probably be permitted to
be deducted from the incomes before
making the returns. Aside from the
redemption of interest on state and
municipal bonds, these are believed
to be nearly all the changes effected
by the supreme court decision. Com-
missioner Miller hopes to have the
supplemental regulations ready this
evening or tomorrow.

Kansas City, April 10.—At a confer-
ence of the Latter Day Saints at In-
dependence, the question of the Order
of Bnoch is being discussed today.
The Order of Bnoch is to be organized
for the purpose of purchasing large
tracts of land which will be rented or
sold to the poor classes at living rates.
Another feature of the order will be
the establishment of co-operative fac-
tories and other industries.

New York, April 10.—A Washington
special says: "The leaders of the new
silver party are said to be laying plans
for an attempted conversion of the
labor elements to the free silver doc-
trine. They are credited with the op-
inion that the coming unrest and dis-
satisfaction among the laboring classes
can be utilized to excellent advantage
in furthering their plans."

Washington, April 10.—Speaking of
the re-organization scheme, which is
likely to come owing to the changes
caused by the election, Senator Vor-
hees said: "I have no doubt the Re-
publicans will re-organize the finance
committee. I expect to surrender the
chairmanship to Senator Morrill at the
beginning of the next session." Sena-
tor Voorhees also stated that the com-
mittee would continue friendly to silver
under the re-organization.

Washington, April 10.—The United
States supreme court is today hearing
arguments in the case of the Catholic
bishop vs. John Gibbons, appealed from
the United States circuit court for the
Washington district. The case, which
has been before the executive depart-
ment and the courts for a great many
years, involves the title to Fort Van-
couver, and the military reservation
in Washington.

Lexington, April 10.—The Leader will
today publish an interview with a Ken-
tuckian who has just returned from
Washington. He is a close friend of
the Carlisle family, and says the sec-
retary will surely be a candidate for
United States senator to succeed
Blackburn.

Washington, April 10.—Assistant Sec-
retary Reynolds, of the interior de-
partment, has affirmed the decision
of the pension office, refusing to allow
a pension to a man receiving a gun-
shot wound while on a furlough.

Pittsburg, April 10.—The oil excite-
ment here begins to resemble a mild
way the halcyon days of the Pittsburg
exchange. The Standard advanced its
price 8 cents to the present price of
\$1.25 today, making an advance of 33
cents in the last three days.

Troy, N. Y., April 10.—The biggest
flood in the Hudson river for years
is threatening this point. The water
is 14 feet above low water mark.

London, April 10.—William Court
Gully, a government candidate, was se-
lected speaker of the house of com-
mons today by a majority of 11.

Boston, Pa., April 10.—The Delaware
river reached 77 feet above low water
mark this morning, the highest since
1923. The river is still rising.
