Attention is called to her song, being sung correctly in Chinese. MISS BESSIE LEMAR. Song and Dance Artist. Admission 10 and 20 cents. Children Cry for Pitcher's Castoria.

BY HIS OWN HAND Paul Schulze of Tacoma Committed Suicide Yesterday. HE HAD BECOME DESPONDENT. One of the Best Known Financiers and Railroad Men in the Northwest.

Tacoma, April 12.—Paul Schulze, until recently general land agent of the Northern Pacific railroad, shot and killed himself in his room about noon today. News of the tragedy did not get out until about 4 o'clock, when his Japanese servant, Henry, went to his room and there found the body of Mr. Schulze with a bullet hole in his head. Despondency and loss of his position are undoubtedly the cause. His affairs are said to be badly tangled. Tacoma, April 12.—Disbarred by financial difficulties and his removal from an honored position, Paul Schulze, general land agent of the Northern Pacific Railroad, killed himself today at 11:30 o'clock. He put a 38-caliber bullet through his own head with a Smith & Wesson revolver. The body was not found until 3:45 p. m., and it was nearly 5 o'clock before the coroner was notified. The news became public after 6 o'clock and greatly surprised the entire city. Schulze was one of the best-known men in the Northwest. A German by birth, he entered the Northern Pacific service under Henry Villard and nearly ten years ago was made general land agent at the west end of the road. During the last year or so his policy of management had not been approved by the management of the Northern Pacific, and frequently it has been rumored that he would be removed. Last Wednesday he announced himself that he had resigned at the request of Land Commissioner Phelps. He did not seem to feel badly about the matter then, but it is certain he felt keenly that his removal showed lack of appreciation of his services. He was president of the Yakima Investment Company, owner of the Great Sunnyside Canal in Yakima county, with assets of over two million, and president of the Tacoma Railway and Motor Company, owner of two-thirds of the street railway system here. Both companies are in the receiver's hands, and he was one of the receivers of the former company. The financial difficulties of that company had caused him much trouble. At 8 o'clock this morning Henry, his Japanese servant, took up a light breakfast. He told his master that he was going to market, and asked if he wanted anything in particular purchased. Mr. Schulze replied "No," and at 11:30 the Japanese woman servant heard a noise in the direction of Mr. Schulze's room. It is considered certain that she heard the fatal shot, as the body was cold when found. At 2 o'clock the man Henry returned, and as somebody had telephoned for Mr. Schulze, he went to his door and knocked. There was no response, and as the deceased frequently slept very late, Henry decided not to disturb him. A little before 4 o'clock Alfred Anderson, Mr. Schulze's private secretary, telephoned, and when informed that he had not yet got up, directed the servant to ascertain what was the matter. The door was still locked, and finally the servant broke it open. He found his master lying stiff in death, with a bullet hole through his head. A number of warm personal friends and Northern Pacific officials gathered at the house and learned the details of the sad story, some of them choking with sobs. Mr. Schulze was one of the most generous of men to his friends, and was ever ready to do them a kind act. Paul Schulze was born in Germany in 1848, and received a university education in his native country. He came to the United States in 1868, at the age of 20. After having been engaged in various occupations in California in November, 1871, he entered the service of the land department of the Oregon and California railroad at Portland. During his visit to Germany in 1874 he met Henry Villard, who soon after became president of the Oregon and California railroad, and Mr. Schulze was appointed land agent of that road in July, 1874, which position he held until April, 1884. In 1882 he was appointed general land agent of the Northern Pacific, and was otherwise connected with various enterprises with Mr. Villard.

THE MONEY QUESTION. Members of the Administration Will Take Part in the Political Campaign. Washington, April 12.—It is now certain that several members of the administration will take a prominent part in the political campaign over the money question that will be carried on in the different states. The invitation of the Chicago business men to President Cleveland asking him to make an address there on the currency, has been followed by intimations from other places that members of the cabinet were wanted to make similar addresses in order that the position of the administration may be placed before the country in the most forcible way. The president has not yet answered the Chicago invitation, but if he finds it impossible for him to go it is expected that he will decline in a letter expressing his views clearly on the subject of money. The campaign within the Democratic party against the free coinage movement will no doubt take its key note from the president's letter and the speeches which may be made by members of the cabinet. The campaign will be directed against the free coinage of silver at 16 to 1, and the association will be made that such coinage would mean silver monometallism and would be disastrous to the business interests of the country, great and small, and extend to every class and condition, no matter in what pursuit engaged.

EX. GOVERNOR PENNOYER. He Gives a Characteristic Answer to Governor Lord and the Oregonian. Portland, April 12.—Ex-Governor Pennoyer today made the following statement: "The published statement that Governor Lord was incensed at my exercise of pardoning power during the last few days of my term of office, and which was both legal and proper, but which he claims was unjustifiable, is a great surprise to me, and shows that the governor, as well as being very vain and selfish, is really quite silly. I had an undoubted right to do what I did, which right I exercised conscientiously, and I am answerable neither to Governor Lord nor to the Oregonian, but only to my conscience and God. Governor Lord did not search the pardon records in the office of the secretary of state, as affirmed by the Oregonian, because these records were made public to the legislature three months ago. If both Governor Lord and the Oregonian had carefully examined the papers in the several cases which neither has done, I am certain both would have been precluded from either criticism or abuse. Information would have prevented what ignorance has permitted."

LATTER DAY SAINTS. Having Trouble at Independence Over a Purported Revelation. Kansas City, April 12.—The Saints in session at Independence are just now in a peck of trouble. It appears that a lengthy revelation, purporting to be from God, was received by Joseph Smith a year ago, which made some important disclosures, but the twelve in a body have not yet endorsed the revelation. Some members of the twelve claim to have received testimony of God as to the truth of the revelation, but others cannot see it that way. The revelation in dispute says that the supposed vacancy in the presidency was not a vacancy in the eyes of God. David H. Smith, who was the third member of that body is not dead, as has been supposed by many of the council, but is insane and now confined in an Illinois asylum, and has been so confined during the last twenty years.

MARINE INTELLIGENCE. San Francisco, April 12.—Arrived—Coptic, from Hong Kong and Yokohama; Del Norte, from Gray's Harbor; Homer, from Coos Bay; schooner Seven Sisters, from Coos Bay; H. B. M. S. Nymph, from Honolulu. Departed—City of Everett, for Coos Bay. SAN FRANCISCO RACES. San Francisco, April 12.—Five and one-half furlongs—Minnie Scott, 1:39. Half-mile, 2-year-olds—Gypsette, 0:49. Six furlongs, handicap—Quirt, 1:15 5/8. One mile—Jack Richelle, 1:41 1/2. Short six furlongs—Nefflow, 1:13 1/4. Short six furlongs—Don Fulano, 1:12.

NOTICE K OF P. Members of Astoria Lodge No. 6, K. of P., are respectfully requested to attend the funeral of the deceased wife of Brother Adolph Johnson. Funeral takes place at the family residence, Franklin avenue, Sunday, April 14, at 2 p. m. By order of L. LARSEN, C. C.

A COLONIZATION SCHEME. Savannah, Ga., April 12.—Geo. Perrin and M. Randall, representing a Chicago syndicate, are here negotiating for 100,000 acres of land in Montgomery county in which colonists from the West are to be settled. The sale probably will be consummated tomorrow. It is proposed to locate ex-federal soldiers and their families there. The syndicate represents subscriptions of half a million dollars. Nebraska, Illinois, Michigan, Minnesota, and Iowa are to furnish colonists. Ex-Governor Norcross, of Georgia, is one of the prime movers in the scheme.

BRADSTREET'S REPORT. Meat and Coal Oil Commanding a Higher Price. RAILROAD EARNINGS IMPROVED. The Whole Country Assuming a Brighter Aspect—R. G. Dun & Co. on Failures.

New York, April 12.—Bradstreet's report today says: The feature in trade circles is found in the price movement, more particularly those of cattle, dressed beef and petroleum. Drought, low prices and "hard times" within two weeks have resulted in a shorter supply of cattle, prospectively thirty per cent less than last year. Live cattle are \$1.60 higher per 100 pounds, than last year, and \$1 higher than the lowest point this year. Dressed beef is 2 1/2 cents higher than the average last year, the highest since 1885. The comparative scarcity of high grade cattle is emphasized by the fact that the present quotations when made in previous periods of scarcity, have never failed to bring the supply when one existed. Petroleum sold at 11 1/2 Thursday, 62 cents higher than on January 1st, and 55 cents higher than a year ago, which is more than three times the lowest price in 1892, and the highest quotations since 1878. Reduced production and increased consumption indicate the supply has been overtaken and the reduced stock produces the excitement in the market. Compared with February, the March returns of gross earnings of 130 railroads may be construed as favorable, the increase over March, 1894, being two to one per cent. When it is recalled that the gross railway earnings in March, 1894, fell off 13 per cent from the total of that month of 1893, an increase of last month from March, 1894, of one-fifth of one per cent, acquires significance. The maintenance of a generally higher range of clearing house totals; an improved outlook for manufacturers in staple lines; the spread of a feeling of confidence in the volume of business with increase in the near future, and an improved crop outlook in the West and Northwestern grain states, are among the more significantly favorable features.

SHORTAGE OF CATTLE. None Other Than Natural Causes Responsible for It. New York, April 12.—The National Provisioner, the organ of the meat and provision trade, will say in its issue tomorrow: No more absurd theory has been advanced for some time than the recent attempts which have been made to make the consuming people of this country believe that a shortage of cattle now so apparent everywhere is due to any other than natural causes. With wisdom, however, begotten of ignorance and inability or disinclination to accurately investigate the facts and erroneous news, it has been trumpeted in every state to such an extent that a portion of the American people are under the impression today that this great food product is tied up in the vicious grasp of a monopoly. It is absurd and unjust to couple the name of a reputable business house with conditions for which they are in no way responsible. It would be an absolute impossibility for a combination of men, no matter what the extent of their capital was, to corner the beef cattle market and the money has not yet been minted that can do it.

A. P. A. AT SPOKANE. Spokane, April 12.—The non-partisan city convention of 169 delegates put a ticket in nomination today after an exciting session. Walter Prance was nominated for mayor. The delegates from the Cleveland and Belmont precincts withdrew from the hall amid great confusion. The A. P. A.'s ruled the convention by an overwhelming majority. They put up a straight Republican ticket and tonight claim they will control the Republican convention tomorrow and have it endorse the ticket named today.

DUN ON FAILURES. New York, April 12.—R. G. Dun & Co. will say tomorrow: The failures for the week are 207 in the United States against 218 last year, and 27 in Canada against 14 last year.

AFTERNOON DISPATCHES. The Associated Press News Contained in the Afternoon Dispatches. Charleston, S. C., April 12.—Rev. J. S. Hartsell, an Episcopal minister, publishes this statement: On Good Friday, this year, the heavenly bodies will gravitate around the sun in exactly the same position relatively to each other and to the earth that they occupied on the day Christ was crucified. It will be the first time such a thing has occurred since that day. Washington, April 12.—Official advice received at the Japanese legation today from Japan indicate that an understanding has been reached between the Japanese and Chinese plenipotentiaries, and news of the definite conclusion of peace may be expected at any time. The exact terms of peace cannot be ascertained, but it is understood that in response to repeated requests of the Chinese plenipotentiaries for an amendment of the demands originally made upon them, the Japanese plenipotentiaries have made some concessions.

PITTSBURGH, April 12.—The extraordinary movement in the oil market this week from 117 last Saturday to 159 yesterday with a net advance of 52 cents, has revived the fever to an intense degree. There never was a time when the wildcat was more alert than now. Men are in the field day and night looking for possible developments. No less than 40,000,000 are now being expended in new works. Within a few weeks the Standard Oil Company is estimated to have purchased 15,000,000 worth of new territory from individual producers. Albuquerque, N. M., April 12.—A telegram from Roosevelt, N. M., says the prisoners in the jail there overpowered Jailer Taltiro today and escaped. They then armed themselves and escaped. Three of them were murderers. Nearly all the citizens started in pursuit and a short distance from town a pitched battle was fought. One of the fugitives was dangerously wounded and the remainder surrendered.

DOVER, Del., April 12.—There is a probability that the deadlock for United States senator to succeed Anthony Higgins will be broken in a few days. The grounds for this prophecy is a statement made today by Senator Stanley, leader of the Adlai faction, that the next United States senator would be George Massey, and that he would be chosen within three weeks. Washington, April 12.—United States Consul General Delay, at Berlin, believes Dr. Waldstein, an American physician, has discovered a means of curing consumption lupus and perhaps cancer, by injecting into the virus phosphoric crystallized extract of the Brazilian Jaberandi plant.

DES MOINES, Iowa, April 12.—The governor was notified this morning that a company of national guards at Centerville have been called to Cincinnati to quell a disturbance by miners. All is quiet now, and it is believed that one company will be able to control any riotous outbreaks. Benicia, Cal., April 12.—The grain warehouse of Dalfour, Guthrie & Co., is burning. The structure is wood, and all hope of saving the building or contents is abandoned. The warehouse contained a large quantity of grain. The loss is said to be \$200,000. Washington, April 12.—The president today made the following appointments as mineral land commissioners for the Coeur d'Alene district, Idaho: Addison A. Crain, Idaho; Wallace McLaughlin, Jackson, Miss.; Albert J. Pearson, Woodfield, Ohio. Montpelier, Vt., April 12.—About 1 o'clock this morning burglars entered the postoffice here and blew open the safe, getting \$200. The noise attracted the police who fired on the burglars, wounding one. They all escaped and bloodhounds will be put on the trail. Yokohama, April 12.—It is stated here on reliable authority that unless peace is concluded within the period of the armistice, the truce will not be extended and the Japanese arms will in May advance upon Peking. New York, April 12.—The observance of Good Friday was more general perhaps throughout this year than ever before. Although not a legal holiday, members of all the down town exchanges closed and many other business houses also closed.

Highest of all in Leavening Power.—Latest U. S. Gov't Report. Royal Baking Powder ABSOLUTELY PURE
