A MOST CRUEL MURDER

A Beautiful Girl Butchered in a San Francisco Church.

ATTENDED EASTER REMERSAL.

Her Murderer and Ravisher is Supposed to be a San Francisco Dentist.

Associated Press. San Francisco, April 13.—A horrible crime was unearched today at the Emanuel Baptist church in this city. One of the Sunday school teachers, with her scholars, entered the church to arrange Easter decorations, and found the body of a young girl frightfully mutilated, in the pastor's study adjoining the main auditorium. Her clothing was torn and disheveled and she had evidently been outraged before she was killed, or else her murder was the result of chagrin and rage upon the part of her baffled assailant. Her frail body was covered with blood and wounds. The walls of the study were bespattered with her blood, and there was a large red pool under the table near her feet. There was a big gash across her forehead, from which had flowed the blood filling her eyes. She was stabbed in each breast, and over the heart was a fresh wound in which was sticking part of a broken blade. The body was subsequently identified as that of Minnie Williams, a domestic residing in Alameda. She was about 18 years old and remarkably pretty. She left her employer's residence in Alameda yesterday afternoon at 4 o'clock to attend a festival in the church last evening, and to remain all night with friends and assist in the decorations today. She wore her best frock, and carried the older dress to wear while working in the church. When the entertainment closed last evening she is presumed to have entered the closet adjoining the study to change her attire. The sexton believing everyone had gone, turned out the lights and left the church. The girl had an excellent reputation. She had two male friends, a dental student, whom she had not seen lately, and a dental student whom she once said had insulted her and whom her friends suspected of the murder. This student, whose name is Durant, wrote her yesterday asking her to meet him in San Francisco last night. Miss Williams and Durant were at the festival. No one saw either of them leave the church at its conclusion.

CHINA AND JAPAN.

The Chinese Legation at Washington Know Nothing of the Reported Settlement.

Washington, April 13.—The Chinese legation has received no confirmation of the advices from Japan that an understanding has been reached, and there is a strong disposition on the part of the Chinese to regard the report as premature. An ominous lull has occurred since the first brief dispatch came from Japan that an understanding had been reached. Yet the concessions leading to an agreement have not been reported, and it is stated that they will not be made known for a week. There is no doubt that China has appealed to Russia and other European nations against the terms Japan originally proposed. An interesting question arises as to whether the unmistakable threats of Russia and the appeal of that nation for intervention by the powers was antecedent or subsequent to the peace understanding reported yesterday between Japan and China. The views of the state department are that the advices from Russia are really based upon the status of the peace negotiations several days ago, and that since then the Japanese conditions have been materially modified, and are now assuming such shape as to make them more agreeable to Russia or to other European powers. An official stated in the Associated Press dispatches among the original Japanese demands was one for absolute cessation of Port Arthur. Although not specifically stated, it is probable this included a cessation of a considerable part of the country in the vicinity of the port. Port Arthur is within the

limits of the great province of Manchuria, and this demand, if persisted in, would conflict directly with the Russian ultimatum delivered at the very beginning of hostilities, and repeated more than once since in a semi-official manner, to wit: That she could not permit the acquisition by Japan of any portion of Manchuria.

The officials of the state department are confident that within the last few days the demand of Japan on this point has been modified so as to permit only the temporary occupation of Port Arthur, perhaps only so long as the war indemnity shall remain unpaid.

PAUL SCHULZE'S FUNERAL.

Tacoma, April 13.—The funeral of Paul Schulze will be held tomorrow afternoon. Mrs. Schulze, his divorced wife, arrived today from Portland, where she has resided since her return from Germany a year ago, and will attend the funeral. A most thorough search has failed to reveal a single line or passing message to a friend, or explanation of the condition of his affairs. It is evident that he contemplated suicide all day Thursday. He took his private papers from his vault and burned them. The deceased was the son of a German baron.

As late as Tuesday he told how a man could meet a painless death by shooting himself through the temples. This was the method he adopted. Land Commissioner Phelps, of the Northern Pacific railroad, arrived from St. Paul tonight. He says Schulze was removed because it was thought he was devoting too much of his time to other companies.

SNAKE RIVER FRUIT CROP.

The Spokane Republican Convention Nominates a City Ticket.

Spokane, April 13.—Later information from the Snake River fruit districts is more encouraging. At Wawawai no damage was done by the late frost. Around Lewiston the injury to the peach crop was only partial. The Spokane Republican convention today nominated Charles B. Hopkins, manager of the Inland Telephone company, for mayor; George Laefer for comptroller; A. G. Ansell for treasurer. The platform calls for rigid economy in the city government. The following resolution was offered by Colonel W. D. Turner, and adopted without opposition: Resolved, That we deprecate any attempt to prejudice one citizen against another on account of race, nationality or religious belief as un-American and un-Republican. We denounce it as a spirit of bigotry and intolerance unworthy of a place in the mind of any true Republican.

AN INSURGENT DEFEAT.

Havana, April 13.—Capt. Bonard, while on his way at the head of a detachment of Spanish troops to the assistance of Congo, a village in the province of Santiago de Cuba, which is threatened by the rebellion, came across some bands of insurgents at Sorocco and attacked them. After an engagement which lasted half an hour, the rebels were defeated and compelled to disperse, leaving four men dead on the field. The Spanish troops sustained no losses, and captured one prisoner. They followed in pursuit of the insurgents.

PRINCETON STAGE ROBBED.

Sacramento, April 13.—A special to the Evening Bee, from Norman, Colusa county, says: The Princeton stage was held today about 11 o'clock today by two masked men about five miles east of Norman. They took the treasure box, containing checks to the amount of \$71 and a package of coin containing \$53. Both highwaymen were dressed in overalls and jumpers, and wore rough shoes. Both were on horseback.

SHOT IN THE HIP.

Berlin, April 13.—Herr Von Koetz, whose acquittal by the military court on a charge of writing anonymous and insulting letters to the highest court personage, which has been confirmed by Emperor William, has sent three challenges to persons he believes cast suspicion upon him. He fought his first duel today with Baron Von Rischback, court chamberlain, and received a bullet wound in the hip. His condition is not dangerous.

THREE TORPEDO BOATS.

Washington, April 13.—Secretary Herbert today decided to award to the Columbia Iron Works of Baltimore, the contract for building three torpedo boats. This firm was the lowest bidder, at \$97,000 for each boat, and they will be built in designs drawn by the navy department.

CARSON MINT STEAL

The Robber of \$77,000 Has been Arrested.

THE CHINESE LEGATION.

Have Not Been Notified of Peace Negotiations Having Terminated Between China and Japan.

Associated Press.

Chicago, April 13.—The chief of the secret service of the treasury department reports that the investigation into the shortage of the Carson mint culminated today in the arrest of a man who is supposed to be responsible for one of the most skillful contrived plans for defrauding the government ever carried into execution. The following telegram received by Chief Hazen from one of the agents of the bureau on the scene: Carson, Nev., April 13th.—Have arrested John F. Jones, ex-first assistant minter and refiner of the Carson City mint, this city, for feloniously taking and carrying away gold and silver medals, the property of the United States, to the value of \$77,000. Bail is fixed at \$15,000. The defendant is in the custody of the United States marshal. (Signed) Harris.

The secret service agents have been working upon the case for six weeks and have drawn lines so closely around the official who is under arrest that Chief Hazen feels reasonably certain that his conviction will be brought about.

CHICAGO WHEAT MARKET.

Chicago, April 13.—The disturbing element which set the wheat market in ferment on Thursday was worked over again this morning and was the principal element in creating the early fluctuations. It was discovered that a leading firm partly unloaded the 100,000 bushels of wheat which it was said was to be put back into store instead of being sent to Buffalo, and the owners of grain ordered the unloaded part back into the vessels again and the vessels to proceed to the original destination. The opening price for May wheat was 54 3/4, at which price buying orders exceeded the selling. The price gradually worked up to 55 1/8 and, after pitching once to 54 1/8, it advanced during the greater part of the session between 55 bid and 55 asked.

MARINE INTELLIGENCE.

San Francisco, April 13.—Arrived—Costa Rica, from Departure Bay; Farallon, from Puget Sound. Cleared—Walla Walla, for Fort Town send; Columbia, for Astoria and Portland. Departed—Peru, for Hong Kong and Yokohama; schooner Otama, for Coos Bay; Truckee, for Astoria and Portland; schooner Eureka, for Bristol Bay; ship Wachusett, for Nanaimo; barkentine Fremont, for Sand Point; schooner C. T. Hill, for Bristol Bay; schooner Premier, for Umanak; Del Norte, for Gray's Harbor; Scotia, for Yaquina.

DEAD IN A BAWDY HOUSE.

Seattle, April 13.—Allan McDonald, a young man whose parents are said to be wealthy residents of Toronto, Canada, but who lately has been playing a piano in a disreputable house occupied by colored women, was found dead in his room today. His mistress, Lillie Vaughn, with whom he had a quarrel, left the house early this morning.

APPOINTED ADMINISTRATOR.

Washington, April 13.—Law. H. Douglas and Mrs. Douglas, widow of the late Frederick Douglas, were today appointed administrators, their bond being fixed at \$75,000. The efforts to effect a compromise between the parties in interest, failed.
