REPAIRING IN ALL ITS BRANCHES

When the tide sets one way there is always a cause for it.
Women don't come here to buy roasts steaks, and all other kinds of meat simply because it's Christensen & Co.'s. Of course there are a few, a very few, who buy out of compliment, or from ignorance, but the great mass of housekeepers buy where they can get the best and for that reason we supply the majority of the families in Astoria for they know by experience that we have only the best.

WASHINGTON MEAT MARKET, WASHINGTON MEAT MARKET, IMPRISTENSEN & CO., Prop'rs.

gle set of botlers. It is expected the new botler will be ready for use within awo weeks' time.

Word has been received that the lighthouse tender Columbine is still at Neah Bay, stormbound. She was un- Entertainment Last Night able to effect a landing at Destruction Island, and was forced to put into Neah Bay on account of the heavy weather outside. The Manzanita is still in port and puts in her spare time at the buoy station.

The various committees soliciting for right of way deeds were hard at work yesterday and report very good sucwhom they have been unable to see so far, but the probabilities are that they will be found before the end of this week. It is thought now that a clear right of way through the city will be obtained.

Yesterday the Cupica discharged the last case of tin for this port, and is now ready to be towed up the river where a quantity of general freight and 10,000 cases of tin will be discharged at this port was 23,409 cases, 4000 cases going to the consignees, and the balance to the bonded warehouse The Highland Home, with 29,535 cases of tin for this port, will probably be docked at the bonded warehouse today or tomorrow.

In the grocery store of A. V. Allen during the last few nights a rat has been playing havoc with the goods. Search in the daytime where they would, no trace of the place where the pesky little varmint gained entrance to the store could be found. But a long and silent watch by one of the clerks was rewarded the other evening by discovering the manner in which the rat had burgiarized the place. In the wholesale department there is a floor scale, the side posts of which are hollow iron tubes, open at the bottom and top. The little destroyer had come through this tube from under the building, and fooled

the store keepers for many days. But

he won't fool them any longer-they have plugged the hole. These days Uppertown presents a busy appearance. From the Clatsop Mills east to Alderbrook the scene is one of activity. Canneries, sawmills, and box factories are in full operation and with the public and private improvements going on it gives a striking ndication of prosperous times. From the turn in the street at the Clatson Mill east as far as the eye can reach, the thoroughfare is strewn with piles of lumber that is being used on the street improvements near the street railway power house, and at a point near the Clatsop' box factory laborers are busy unloading scows of lumber for this same work. New net racks, new buildings, and wharves are going up along that part of the city, and furnish employment to a large number of
