Admission 10 and 20 cents.

Children Cry for Pitcher's Castoria.

THE WORLD'S RECORD

Broken by Bicyclists at San Jose Yesterday.

BOARD OF FIRE UNDERWRITERS.

Their Meeting Yesterday at San Francisco Failed in the Object Aimed At.

Associated Press.

San Jose, Cal., April 20.—Edward C. Bald, of the Press Cycling Club, Buffalo, N. Y., in the sensation of the day in cycling circles. He has placed another record to his credit—a remarkable performance, in view of the fact that it was made on a "road" wheel, his racing wheel not having arrived from the East. His performance yesterday had caused much favorable comment on his fine form and on the splendid track. The weather was perfect. All San Joseans came with the hope that their favorites—the native sons—Edwards and Ziegler, would redeem themselves and uphold their reputations as champions. But those who planned their faith on Ziegler reckoned without their host. Edwards acquitted himself with credit, if not with glory. There is another young man of this city, however, who fulfilled every expectation. His name is Allen Jones and he rode a third of a mile from the scratch in 49 seconds flat, breaking the Taylor record of 43 3/5 made at Springfield, Mass. Again in the mile hand-dump, class A, he rode in time equal to that made in the first mile of the two-mile race paced by tandems yesterday, in which Bald broke the world's record.

Then came the event of the day, the mile invitation, Class D, paced by tandem, with Bald, Burke, Coulter, Osen, Foster and Terrill starting, neither Edwards nor Ziegler having qualified in their heats.

At the crack of a pistol Bald got away first and tacked on to the rear wheel of the tandem, urging them on at every turn, which position he kept for the first lap when, pursuing his usual tactics he propped back and allowed Coulter and Foster to get between him and the pacemakers. He kept this position, lapped by Osen until where he broke away yesterday, and then with a spurt equal to any Ziegler ever made, he passed the tandem and came across the tape a wheel's length ahead of Coulter, who was lapped by Foster.

The crowd was kept in a fever of suspense for a few minutes. They knew the delay in announcing the time meant the declaration of a new record, and when the announcer came forward there was perfect stillness. But when he said: "Bald has lowered the world's record for one mile; time, 2:04," there came a tremendous wave of applause which lasted several minutes. Coulter and Foster rode under the record in this race.

In the first heat of the half-mile handicap, Class B, Edwards rode from the scratch in 1:02 1/5, winning his heat easily, and again in the final heat he rode half a mile in 1:02 1/5, lowering the coast record twice.

ST. LOUIS RACES.

St. Louis, April 20.—Between 8,000 and 9,000 people attended the races at the fair grounds association track today. The chief event was a match between the famous Brooklyn handicap winner, Dr. Rice, and the less known but equally promising horse, Simmons. Dr. Rice drew the rail in the ten-up, and the horses got away at the first start. Rice took the lead, and at the quarter was a length ahead under a strong pull. At the half he was two lengths ahead, and at the stretch he was one and a half lengths ahead. The finish was an exciting one, but Simmons moved ahead, and finished easy by two lengths. Time, 1:34 3/4, is the track record for six furlongs.

SEN. BLACKBURN'S CHALLENGE.

He Throws Down the Gauntlet on the Silver Question.

Louisville, April 20.—In an interview published in today's Courier-Journal Senator Blackburn, in unmistakable terms, outlines his position on the silver question and boldly thrown down the gauntlet to his opponents for similar candor on the same subject. With his usual aggressiveness, the senator almost dares his opponents to meet him on the issue he represents, and it may be assumed that the issue will be promptly accepted.

Senator Blackburn has written with his own hand a statement of the position on which he expects to stand or fall in the senatorial race. He declares his position in part as follows:

For the last 20 years, in congress and on the stump, anywhere and everywhere, I have earnestly and persistently insisted upon the restoration of the silver metal to that place in the money system of the country which it held prior to the passage of that disastrous act of demonetization in 1876.

I am in favor of opening the mints of this country to the unlimited coinage of the silver metal on an equality with the coinage of gold. I am opposed to monometallism without reservation. I am a bimetalist. I want, and mean to continue to insist upon the use of both metals on even terms as redemption money of this country. I would be glad to see this result brought about by the action of international conference provided it could be done without delay. I am opposed to such government waiting for any such conference to act. Our experience with such

PHISONERS ESCAPE.

Vallejo, Cal., April 20.—Five of the most desperate prisoners in Fairfield county jail escaped early this morning after working all night to cut through the wooden walls of their prison. The implements used were a red hot bar of iron and an improvised knife made of a piece of hoop iron. None of the men had been recaptured. During the day one of the prisoners secured an iron bar while working on a rock pile and secured the implement beneath his clothes, carrying it to his cell.

BUMP GOT TEN YEARS.

San Luis Obispo, Cal., April 20.—Charles Clayton Bump, alias Bishop, formerly of Spokane, who pleaded guilty of robbing the stage agent at Arroyo Grande, a short time ago in company with an unknown man who was killed in a fight at Salinas by Sheriff Matthews when the latter attempted to arrest him, was sentenced today by the superior judge to ten years at San Quentin.

CHAMBER SETS.

At your own price at Foster & Stokes Co.'s.

TROUBLE IS BREWING

A Revolution is Predicted for the Hawaiian Islands.

ARMS ARE BEING LANDED

Resolutionists Not Among the Natives, But Will Come From Those Who Come in One by One.

Associated Press.

San Francisco, April 20.—The steamer of Australia arrived this morning with Hawaiian advices to April 17: "Minister Thurston returned from Washington this morning. The American minister has received no notification of his recall, at least he has not intimated to the government. Minister Hatch defends Thurston's course while in Washington, and says that Thurston had a right to tell what he knew about local affairs. Ashford has been pardoned on condition that he leave the country never to return. The ex-queen is still confined in the palace and seems contented. She is allowed to exercise in the grounds in the evening.

The usual war rumor is afloat, and if reports from abroad are true, arms have either already been landed on Oahu or are liable to be at any moment. It is not believed the natives have anything to do with the business. It may be a part of a filibuster scheme to land arms in advance and leisurely bring in men to start a revolution, others to come in later.

MARINE INTELLIGENCE.

San Francisco, April 20.—Arrived—Australia, from Honolulu; bark Tidal Wave, from Tacoma; schooner Maria Smith, from Tacoma.

Cleared—Alaska, Ugasnik and Karluk; Geo. W. Elder, for Portland; bark W. W. Case, for Bristol Bay; schooner W. S. Phelan, for Bristol Bay.

Departed—Umatilla, for Victoria and Port Townsend; ship Dashing Wave, for Tacoma; bark Merom, for Bristol Bay.

Freights and charters—Christian bark, Antiochite, at Blakely, lumber thence to Valparaiso; American barkentine John Smith, at Astoria, lumber from there bound to Shanghai.

A WRECKED SCHOONER.

Port Townsend, April 20.—The steamer City of Topeka, from Alaska today, brings the news of the wreck of an unknown vessel lumber laden at Duke Island, Queen Charlotte's Sound. The Indians report that a large quantity of lumber came ashore as well as parts of the vessel, but nothing was found to lead to the identity of the vessel. The schooner Winifred was wrecked last Christmas at Lituya Bay. A few weeks afterwards while hunting, Captain Jensen, her master, fell over a cliff and was killed.

AFTERNOON DISPATCHES.

The Associated Press News Contained in the Afternoon Dispatches.

Pondleton, April 20.—Jude Switzer, living on the Columbia river, yesterday sold 5,000 horses to a Portland syndicate. They will be slaughtered at Port land, says Mr. Switzer, the most packed, and all parts of the carcass utilized. This is now the only market for the thousands of horses running on the Eastern Oregon and Washington ranges. The price is less than five dollars per head.

Pittsburg, April 20.—The oil market opened dull today and there is no trading. The first quotation was \$2.29 offered, the closing price yesterday, but it soon broke to \$2.17 and was offered at that figure without bids or sale either here or at Oil City up to 10:30.

Oil closed at \$2.29 offered. There were no bids. Not a barrel changed hands on this exchange today, and there were very few bids. On the Oil City exchange the sales were 35,000 barrels cash oil, at \$1.99 and 3,000 barrels on May options at \$2.16 1/2. The brokers are merely awaiting developments.

Chicago, April 20.—Wheat continued to boom today. At the start Partridge was a buyer, and the bulk of the traders, believing he still has enormous short lines to cover, began buying furiously. Within an hour prices advanced over one cent. There was some realising at top figures, causing a slight reaction, but the buying fever was not checked. May options closed at 41 1/2.

WRECKED SCHOONER.

Port Townsend, April 20.—The steamer City of Topeka, from Alaska today, brings the news of the wreck of an unknown vessel lumber laden at Duke Island, Queen Charlotte's Sound. The Indians report that a large quantity of lumber came ashore as well as parts of the vessel, but nothing was found to lead to the identity of the vessel. The schooner Winifred was wrecked last Christmas at Lituya Bay. A few weeks afterwards while hunting, Captain Jensen, her master, fell over a cliff and was killed.
