### WHAT HE SAID

"I want you to make me a decent utt of clothes, for I am disgusted toppap talloring." This was bilarted out to us yesterday by one of our old patrons who had drifted away in search of the "will o' the wisp" cheep tailoring. We had heard it before. We are hearing it oftener this season than ever before. This March's burness is about double that of last March so far, and if the weather keeps good it will be about triple before East-

### Your Mouths, OUR STEAKS . . .

One great basis principle of the Pal-ace Restaurant is mutual dependence. To thrive and grow, each dish must be better than any one else's. Our aim is to reach the only roomy trade place, the top. No lower idea can be per-misted. And when the top, our top, is reached by any other restaurant, we will lift the top.
