CHAS. McDONALD, The Tailor, 737 Commercial Street.

APRIL SHOWERS

Your Mouths, OUR STEAKS

It is understood the Astoria Amateur Brass Band will proceed to the residence of Hon. Benj. Young tonight, and after serenading him with a few patriotic airs, will present a subsidy deed for him to sign.

The lightship tender Columbine will go down to Tillamook Rock this morning where she will land a couple of men and a few supplies. On the way back a couple of men will be put on board the light ship.

The following passengers were on the Harvest Queen last night: H. Bonnick, A. E. King, L. Pruster, H. Jackson, H. Karst, Miss Johnson, P. J. McGowan, Mrs. Brown, C. C. Pratt, W. Jackson, L. B. Williams.

The census enumeration for Clifton precinct is completed, showing a population of 130, of whom 79 are voters. Of males, 137 are over 21 years of age, and 17 between that age and 18 years. Nine males are under 18 years. Of females, 15 are over 18 years, 4 under 18, and 11 under the age of 10.

Governor McGraw, State Treasurer Bowen, and Fish Commissioner Crawford, of the state of Washington, arrived in the city yesterday and after breakfasting at the Occident, left on the steamer for Hwaco. The party are on official business, looking after a site for a new fish hatchery, for which the state has appropriated \$20,000.

The right of way committee has decided to request Mr. Hammond not to locate a station at any point along the line of the Astoria-Corble road where parties have refused to grant the right of way. This will be a pretty hard slap at one or two places up the river, and if a station is placed at a distance of a couple of miles away from these places, it will virtually kill them. It is the right policy to pursue, just the same.

Last night Clifton Council No. 1, of the National Union, was instituted by Gen. Dep. C. D. Towle, with fifty-four members. The officers elected and installed are: President, N. J. Crain, vice-president, C. E. Bayler; speaker, J. M. Hughes; ex-pres., M. F. Hardesty; recording secretary, A. R. Cyrus; financial secretary, D. Stuart, Jr.; treasurer, C. R. Higgins; chaplain, Rev. A very attractive program has been prepared for Rescoe Club tonight. In addition to other fine features, Evangelist Holdridge will give a short, earnest, pithy talk and his daughter will give a recitation. Evangelist Dickson will sing one of his best solos, entitled "Can a Boy Forget His Mother's Prayers?" Everybody welcome.

Sunday services at the Baptist church—Preaching at 11 a. m., as usual, by the pastor. Subject of discussion, "The Fatherhood of God." Sunday school at 12:15. At 2:30 p. m. the Baptist state missionary among the Scandinavians, Rev. Olof Ianson, will preach in the Swedish language. All other services will be omitted that the congregation may join in the revival meetings now in progress.

There is another cut in river passenger fares and it is able to precipitate a reaction which was in the immediate future. The Shaver company have reduced the rate between here and Portland on the steamer Dixon to \$1 single trip and \$1.50 for round trip; 50 cents for lower berth and 25 cents for upper berth. The Dixon is a first-class river boat and will probably give the other lines a hard race, unless they meet the cut, which they will probably do.

The right of way workers were at Rescoe yesterday, but it was not learned just how successful they had been in their canvass. It is understood, however, that a number of parties who previously had refused to give a right of way through their property are now ready to grant the request of the committee. Inside the city limits the right of way committee are making as good progress as can be expected, considering that many of the property holders live outside of the city.

In a private dispatch to the Astorian last evening it was stated that ex-Sheriff Smith disposed of his warrants amounting to \$4,100, for the sum of \$3,600. This was on the 12th, and the last seen of him was on Saturday, the 13th. There is little doubt now that Smith has purposely jumped the county and left his creditors in the lurch, unless it be that he has met with foul play. Just why he should take flight in this sudden manner is a mystery, as it is thought that his settlement with the county would have given him enough to have met all obligations. Yesterday his wife took up the Stevens note for \$1,000 and the attachment on her furniture was released.

A DELIGHTFUL AFFAIR.

The Assembly Club last evening gave the first of the after-ten dancing parties, at which about 35 couples were present. Fisher's Hall never presented a prettier scene than it did with its brilliant company of ladies and gentlemen in full party costume, who tripped the evening away to the rhythmic time of most excellent music, furnished by Parson's orchestra, of Portland. It is the first party the Assembly Club has given in many months, and proved to be one of the most enjoyable and successful affairs this club has ever held.

GERMANY'S CONCERN.

MORE TROUBLE FOR HAWAII.

San Francisco, April 26.—Consul General C. D. White, of Hawaii, and United States Secret Service Agent Harris, have been warned of a conspiracy on foot in this city to overthrow the Hawaiian government by means of an armed revolution. The revolutionary combination is intended to send a ship load of arms to Honolulu. Evidence is now being gathered against those implicated in the plot.

Six furlongs—Quiet, 1:14 3/4. Five and one-half furlongs—Lulu, 1:19 3/4. Short six furlongs—Gold Bug, 1:15. Short six furlongs—Realization, 1:15.

The ASTORIA HERALD

in this week's issue has the following to say about Cheap Charley:

"The gang who have opened up a cheap John outfit in the Mansell building are possessed of unlimited gall. Their stock is a disgrace to Astoria. It is composed of rotten, shelf-worn, out of style trash and was bought at some cheap auction sale of damaged goods. They have not an article in their store that will hold together long enough to get it on. There ought to be a law against allowing such swindling concerns to open up in any community. It is simply a swindle, to attempt to work off a lot of worthless mill-sawed, faded, out of style trash, is worse than robbery. The common council should pass a high license law as a protection to honest merchants who live in Astoria and pay taxes here. This rotten concern are only here during the fishing season, when there are no taxes to pay. They do not contribute one cent toward the support of the community, yet they want and expect to patronize such a firm. It is a clear case of swindle.

But not if he is sick, or even "out of sorts." Sick or a checks the sentiments, thins the blood, shortens the life and dills all happiness.

Unfortunately, this is the season when the poor of the skin open, then close, and all the poisons are sent back—where? To the Kidneys. Nowhere else. That is the seat of war, the source of danger.

There has never been but one remedy for kidney troubles of every kind, whether with men or women, and that is Warner's Safe Cure. It acts directly on the kidneys and drives all uric acid and other poisons from the body. It is yre eminently a Spring medicine, a blood purifier. Doctors ministers, priests and prominent men and women all over the world endorse it. Can you afford to be without it.
