## WANT TO COMPROMISE

Nicaragua Will Make England an Offer of Settlement

AN ARBITRATION COMMITTEE.

Which Includes Representatives From the United States to Settle Excess Demands of England.

Associated Press.  
 Managua, Nicaragua, April 29.—A proposition of compromise and immediate evacuation of Corinto by the British, is now under consideration between Washington, London and the authorities here. The proposition embraces as the essential points:  
 1.—Nicaragua to pay \$77,500 at London within two weeks.  
 2.—The British forces are to immediately withdraw from Corinto without waiting for the two weeks to elapse.  
 3.—A mixed commission of arbitration is to pass on the demands of Great Britain's excess of the \$77,500 claim, such commission to be constituted in a manner satisfactory to the United States and Nicaragua.  
 The foregoing terms, it is believed, will be accepted by President Zelaya and his cabinet. It was understood the suggestion for settlement came from the Nicaraguan representative at Washington, and it is believed such adjustment would be agreeable to the United States authorities. If the Nicaraguan acceptance is given the proposition will be urged on the London foreign office and it is believed they will be accepted.  
 Nicaraguans here count on the active sympathy and substantial support of other Central American republics in the event of actual hostilities. They do not express belief that their sister republics will take part as such, but feel confident that individual volunteers will come to Nicaragua's aid in sufficient numbers to give them an effective army of at least 50,000 men. While with this force they could not expect to defeat the British, they hope to make it very uncomfortable for them. The coast towns which are small and unimportant save as ports of entry for goods, would be abandoned and the army would make its campaign in the tropical fastnesses of the interior, which are well nigh inaccessible to European troops. War conducted under such conditions would be expensive to Great Britain.

## UNEXPECTED ORDERS

Naval Vessels Hurdled Ordered to Central American Ports.

Washington, April 29.—Some sudden and unexpected orders were issued to the United States naval vessels late this afternoon and caused a sensation for a time until the purpose of the order was explained. The Alert, which has been for four months or more at Panama, watching the progress of the revolutionary movement in Colombia, was ordered to proceed at once to San Juan del Sur, the nearest cable port to Corinto, Nicaragua. The Raleigh, now on her way from Kingston, Jamaica, to Key West, and expected to arrive at the latter place at any moment, will find awaiting her orders to sail at once to Greytown, the eastern terminus of the proposed Nicaragua canal. The Montgomery, now at Mobile, will follow the Raleigh on May 7th, with the Nicaraguan canal commission aboard. The Monterey having sailed yesterday from Acapulco direct for Panama, is not expected to touch at Corinto, and as she is now beyond reach of orders by wire, she will probably be allowed to relieve the Alert on guard at Panama, whence she can be ordered back to Nicaragua if trouble arises in the future. Secretary Herbert said the real purpose of the orders was to guard American interests in Nicaragua against possible revolution.

Ex-Senator Warner Miller, of the Nicaragua Canal Company, said the company wanted protection of its interests, if not from the Nicaraguan government, then from the outside. The concessions of the company were safe, but the line of the canal was not. He also said the concession entitled the entire line of the canal to protection, but an uncontrollable movement may result in the destruction of property by irresponsible persons. Miller said he would call the attention of the state department to the necessity of protection to the commission.  
 The commission is soon to leave for Nicaragua to examine the route for the canal. He says it will be very dangerous in case of revolutionary disturbances for an unprotected party to make a trip over the line of the canal.

## A POLICY OF ISOLATION.

Washington, April 29.—The attitude of the United States in the Eastern war trouble has been clear to the various powers interested. In brief it is that the unvarying policy of this country is not to form alliances which may involve it in complications with the

## THROUGH A BRIDGE

Freight Train Wrecked on the Oregon Central and Eastern.

BRAKEMAN WILCOX KILLED.

Fourteen Freight Cars Go Through a Bridge and are Smashed to Kindling.

Associated Press.  
 Albany, Or., April 29.—The Herald's special from Corvallis says: It is reported this evening that the Oregon Central and Eastern westbound freight train crashed through a bridge just west of Tunnel No. 3, which is about a mile west of Chitwood. It is reported that fourteen freight cars went down, the engine and tender remaining on the west approach while the cabooses remained on the east side badly smashed. Conductor John Campbell was very seriously injured and brakeman Grant Wilcox is missing, supposed to be under the wreck dead. A relief train left at 7 o'clock for the scene of the wreck with surgeons and relatives of the injured. The parents of Wilcox reside in Philomath, and those of Campbell in Corvallis.  
 WHO WROTE "TRILBY?"  
 Denver, Col., April 29.—Did DeMaurel write "Trilby"? This sensational question was today propounded in the United States court in good faith when the suit of Harper Bros. and A. M. Palmer for an injunction against the Lyceum Stock Company to restrain them from producing "Trilby" was called. The defendants allege that the book entitled "Trilby" was not originated, invented, or written by DeMaurel. They assert that the original book of "Trilby" was first published in France in 1820, and afterwards translated and published in English in 1847, and that the title and book have been common property for 75 years. The court postponed hearing until Wednesday morning.  
 WILL CHANGE COMMISSIONERS.  
 New York, April 29.—Rumor is revived that Col. Fred Grant would be appointed police commissioner. It is said that on May 10th the mayor will remove Commissioners Martin, Murray and Kerwin, appointing in their places Andrew Parker, Democrat, and Theodore Roosevelt and Fred Grant, Republicans.

 MORE LAND FOR SETTLEMENT.  
 Washington, April 29.—The interior department is taking steps to have a number of abandoned military stations scattered over the country opened for settlement. Among these reservations is Fort McDermott, Oregon.

His body was found hanging to a tree in the neighborhood where the other five men were lynched last Sunday. The last victim is believed to have struck the blow that killed Murphy.
