Plain Talk to Those Who Misrepresent Him.

There have been more or less insinuations that have come to my notice, within the past year or two, reflecting upon my character...

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance.

Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their babies.

The Burlington Route is generally conceded to be the finest equipped railroad in the world for all classes of travel.

THE WATER FRONT.

The Oregon will reach San Francisco today.

The Columbian went up to the buoy station yesterday morning.

The Manzanita leaves out on her trip to Puget Sound at 6 o'clock this morning.

Twenty-five tons of hay were brought down from Gray's river on the Mayflower yesterday.

A car load of clover hay from the Willamette Valley is coming down from Albany this week.

The steamer Occident has been busy shifting sutler's goods and driver to several locations at Sand Island.

Several two-inch planks are being run along the pier, near Farrer's dock to keep out logs and driftwood.

The scow belonging to the steamer Eclipse is on the gridiron near Day's Iron Works, being caulked and re-planked.

All the marine work on which the employees of the Astoria Iron Works have been busy for the past month is now completed.

The festive stage are putting in an appearance in large numbers and will for the next six weeks be plentiful along the waterfront.

The Queen came down from Deep River yesterday with a big cargo and a large crew of passengers. She left back late in the afternoon.

The steamer Alice Blanchard leaves San Francisco for this port at 3:30 this afternoon. She will call at Coos Bay and Marshfield on the way up.

The Southark and General Roberts started up for Portland yesterday morning in tow of the Occhahama. Pilots Eshkins and Smith were in charge of the vessel.

There was considerable discussion along the water front last night as to whether the flag flying from the mast of the sealing schooner Kate and Ann was larger than the schooner or not.

Plots Cordner and Grassman are now out on the pilot schooner. With the approach of warm weather they will take turn and turn about every ten days with Pilot Dolph and Staples, who will go out next week.

Shortly before noon yesterday the steamer Al-Ka arrived in from the coast. She had 17 tons of miscellaneous freight for this port, and after discharging left up the river for Portland. Captain Thomas reports that continued head winds caused the lengthy trip.

The work of weighing the tin from the ship Highland was completed at noon yesterday, and all of the plate is now ready to leave bond. It is a coincidence that the counting of the cargoes of both the Al-Ka and the Highland Home took exactly the same number of hours.

Mr. P. Hagaman, of the firm of Sutton & Beebe, who has been in the city for the past two days, states that the British ship Genesis, 1700 tons from Philadelphia to Hogo, Japan, has been chartered for this port by Captain hence in October. Mr. Hagaman left for Portland last night.

The little launch Witch Hazel which went to Alaska on the deck of the steamer Al-Ka from Tacoma, on March 24th, is now on the beach at Dyea, Alaska. The launch was built on this river and shipped north by W. B. Hunt. He intended to run her on the Chilcot Pass on runners and launch her in the streams leading to the Yukon. On arriving at Dyea the scheme was found to be impracticable.

The bark Melrose is at Esquimalt with a cargo of lumber for Santa Rosa, but Captain Peterson and his crew cannot work there to live in the when orders were given to hoist anchor, refused to sail on the vessel, claiming that they were union men and demanding union pay. Captain Peterson refused to listen to any other proposition than that under which they had shipped, and the five men were ordered in from the vessel. The men appealed to the local authorities, but they upheld the master of the vessel. Three of the men finally decided that it was better to work than to live in the lazarett, but the other two remained obdurate. According to the officers of the vessel the Melrose will complete her voyage with the two men in iron, unless they come back to the terms on which they left San Francisco.

The San Francisco sealing schooner Kate and Ann, Captain Chas. Litchner, arrived in at 4 o'clock yesterday afternoon, with 391 sealskins, the result of her work since January. The skins are all of large size and Captain Litchner states that they are the best he ever caught. They will be shipped to London via New York on Thursday. Two hundred were caught off the coast of California, about 150 off Destruction Island, and the balance, 33, were captured on Monday off the mouth of the Columbia. An attempt was made to hunt yesterday morning, but the wind was too high, and though the water was full of seals, no other effort was made to catch them. The season closes today. The Kate and Ann will leave here on Monday next and will from then until December fish for sea otter along the southern Oregon and California coasts. The catch of seal is considered remarkably good considering the bad weather encountered during the past two months, and it is doubtful if many larger schooners have done as well.

GREATEST AND BEST.

Four pounds of the best washing powder on earth for 25 cents. Ask Ross Higgins & Co. for SOAP FOAM POWDER.

A LARGE WAIST

's not generally considered a necessary adjunct to the grace, beauty, or symmetry of the womanly form. Within the body, however, is a great waste made necessary according to the condition of things—continually in process and requiring the perfect action of all bodily functions to absorb or dispel the refuse. When there is irregularity or inaction, ladies who value a clean, pure, healthy body will take Dr. Pierce's Favorite Prescription—the only remedy for women which being once used is always in favor.

To those about to become mothers, it is a priceless boon, for it lessens the pains and perils of childbirth, shortens labor, promotes an abundant secretion of nourishment for the child and shortens the period of confinement.

Dr. Pierce's Pellets cure biliousness, constipation, sick headache, indigestion, or dyspepsia, and kindred diseases.

Captain Sweeney, U. S. A., San Diego Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would cure me any good. Price 50 cts. Sold by J. W. Conn.

What is the use of having a "human form divine" if you are to die for it? Form divine and die for it so as to make it a source of joy to yourself and a pride to your friends? Nature supplies the form. A. L. L. the tall, straight, slender street will make the "skeleton" see him.

CALL FOR STATE W. C. T. U. CONVENTION.

The thirteenth annual convention of the Oregon Woman's Christian Temperance Union will be held in the Baptist church, Roseburg, May 14-17, inclusive. The state executive committee will hold a session on Tuesday evening, May 14, at 7:30.

The badge of representation in the convention is one delegate at large for each county and local union, one for every twenty members and one for every fraction over ten members. Names of delegates should be sent to Mrs. Ida Marston, Roseburg.

The Southern Pacific Railroad will grant reduction of rates for slowness. Names of delegates should be sent to Mrs. Ida Marston, Roseburg.

It is to be hoped that all local and county unions will send their full quota of delegates and make this the first State W. C. T. U. convention held in Southern Oregon one of the largest and best ever held in the state.
