

THERE

Are going to be a lot of well-dressed men in the city this spring—of course we haven't made all their clothes—but we think if you ask every third man you meet where he got his suit—and of course he will say (that is, if it's tailo made) McDonald's. He may not let you how much he saved, but you can just let it down that it was worth saving—by the way—he may have on one of our \$35 suits and you'll think it cost \$50—but of course you're judging by what you usually pay others.

CHAS. McDONALD, The Tailor, 523 Commercial Street.

OUR MOUTHS, OUR STEAKS

One great basic principle of the Palace Restaurant is mutual dependence. To thrive and grow, each dish must be better than any one else's. Our aim is to reach the only roomy trade place, the top. No lower idea can be permitted. And when the top, our top, is reached by any other restaurant, we will lift the top.

When the tide sets one way there is always a cause for it. Women don't come here to buy roast steaks, and all other kinds of meat simply because it's Christensen & Co.'s. Of course there are a few, a very few, who buy out of compliment, or from ignorance, but the great mass of housekeepers buy where they can get the best and for that reason we supply the majority of the families in Astoria, for they know by experience that we have only the best.

But make this—a-t-t-a-c-t-i-o-n of the 22-karet sort has accompanied every purchase of one of the cigars made by him since he began business. We've got the notion that a satisfied customer "cuts a big figure" in building up a business. That's the reason La Belle Astoria takes so well.
