for Infants and Children.

MOTHERS, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons? Do You Know that in most countries druggists are not permitted to sell narcotics

Do You Know that you should not permit any medicine to be given your child

unless you or your physician know of what it is composed? Do You Know that Castoria is a purely vegetable preparation, and that a list of

its ingredients is published with every bottle? Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher.

That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection

was because Castoria had been proven to be absolutely harmless? Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts,

Lola Montez Greme

Brings beauty to the face by feeding through the skin pores, gives life to faded faces. Sold by Mrs D.

R. BLOUNT, 457 Duane St. Astoria. Oregon.

Mrs Nettle Harrison, America's beauty doctor, Technical forms and the officers brought ber into port. On the return voyage from San Jose de Guatemala, in ballast to load lumber at the St. Paul and Tacoma Mill. For the past seven months she has been having as exciting time. On the voyage south to Central America she encountered a hurricane off the coast of Mexico and was obliged to jettison part of her cargo. Good sesumanship on the part of her officers brought her into port. On the return voyage from San Jose de Guatemala at one time rations were almost exhausted, and the officers and crew were put on short allowances. Just when the situation began to look serious

the ship Specke, from San Francisco for GRINDELWALD REUNION SUNDAY. Antwerp, was spoken, and she gave the Talbot all the provisions she could spare, A few days later more food was gotten

"Beaboard," of New York, says that a noticeable loss of the export trade is beginning to be felt at that port. Considerable comment, it appears, has attended the departure from there under tow and in ballast of a British ship for Hallfax, to load deals for Calcuita. A large number of vessels have also left New York recently in ballast for deep water voyages. The British ships Forest Hall and Sulgate have salled from this city to load wheat at 35 shillings a ton for the United Kingdom, or the continent. The British ship Clarendon is also bound on this errand from Boston to Astoria, and the ships Salomene and Britarig have left New York in balkist for Newcastle, N. S. W. to load coal for San Francisco. Considering that wheat cargoes have been taken from this coast to Europe for IT shillings, it will be clear that the present rate of 35 shillings is a strong attraction. Fully one hundred million bushels of wheat will be shipped from the Columbia river and San Francisco this year.

The San Francisco Chronicle says: "Not in months have the wharves along the water front worn such a deserted appearance as at present. The front is particularly bare of vessels, either loading or discharging. This is said to be due in a large degree to the declaring off of the coast seaments strike, and the large the coast seamen's strike, and the large chipments of wheat. There are now but four deep-sea vessels in port which are disengaged, and the prospects are that they will be chartered within the next two or three days. The coasting business is not at its best, however, and many or will be overrun with ships at that time, and the rush is apt to continue all win-ter. Business men say that the departure of the ships, all chartered, indicate a general revival of business, in view of the fact that, but a few months ago, the stream was crowded with vessels which ould not get charters."

A LAUGHABLE MISTAKE,

Two ladies entered a book-store recently and the younger asked the clerk for a book called "Favorite Prescription." The puzzled attendant was unable to comply with her request and she left the store disappointed. Inquiry elicted the fact that she had overheard a conversation between two literary ladies in which "Favorite Prescription" was men tioned with extravagant praise, and had NOTICE OF COMPLETION AND ACjumped to the conclusion that it was a book. She now knows that Dr. Pierce's Favorite Prescription is a sovereign cure for the ills and "weaknesses" peculiar to woman, for she has been cured by its use. Send for a free pamphlet, or remit 10 cents in stamps for Book (168 pages) on "Woman and Her Diseases." Address World's Dispensary Medical Association, Buffalo, N. Y.

The schooner Euneme came in from San Francisco yesterday morning and tied up at Finlayson's dock, After discharging ballast she will go up the river to load lumber for Redondo. Dr. Pierce's Pellets cure permanently constipation, sick headache, billiousnes, indigestion and kindred allments. The travel from Portland yesterday slackened up considerably. The passen-ger list on the Potter and Gatzert togeth-er did not exceed four people. And one of these was a tourist from Skamokawa.

NOTICE TO CONTRACTORS.

will be received by the committee on streets and public ways of the Common council of the City of Astoria, at the office of the Auditor and Police Judge, until Tuesday, June 4th, 1836, at the hour of 2 o'clock p. m., for the improv m nt of Irving avenue, in Shively's Astoria, as the gridiron at the Astoria Iron Works hauled thoroughly and is to have her rudder changed and repaired before she laid out and recorded by J. M. Shively, from the east line of lith street to the the Parker House dock. Yesterday car-penters from Fort Stevens were busily en-

from the east line of 10th street to the west line of 10th street. Said improvement shall consist of grading said street to its full width and established grade, and planking the same with new and sound fir plank, to the width of twenty feet through the center, and by building sidewalks on both sides thereof.

All of said improvement to be made strictly in accordance with plans and specifications now on tile in the office of

cifications now on file in the office of the Auditor and Police Judge, and ordi-nances in relation thereto. Bills must state the price per lineal foot for planking and the price per cubic

foot for planking and the price per cubic yard for all earthwork.

No bid will be recelzed that does not embrace all the work bid upon.

Bids must be made upon blanks furnished by the Auditor and Police Judge and must be accompanied by a guaranty signed by some responsible taxpayer to the effect that if the contract be awarded to such bidder he will enter into contract therefor, with good and sufficient sureties for its faithful performance.

Work to be completed on or before the list day of July 1855, and the contract shall provide that in case such work is not completed on or before the said 1st day of July, 1895, it shall be lawful for the city, upon giving notice to such contractor or contractors, of its intention to do so, to proceed to the completion and to complete such work at the expense of the contractor or contractors, therefor, Captain Phil. Johnson can dock any ship in the stiffest gale of wind that ever blew, but he doesn't know enough about navigation ashore to steer clear of tramps. Several of these gentlemen nave been visiting the harbormaster's rest-dence lately, greatly to the annoyance of the family. All day yesterday the weather at the mouth of the river was very dirty. The wind which was guaged at 30 miles earty the contractor or contractors therefor, and in such event the city shall have entire charge of such work from the time in the morning lacreased toward night, and at 8 o'clock was blowing 45 miles an hour. A great many fishboats were out in the thick of it, but no casualities were reported up to a late hour.

of giving such notice.

The right to reject any or all bids is By order of the Committee on Streets and Public Ways. The steamer Edith brought down a large quantity of beautiful flowers from J. G. Megler's gardens at Brookfield y sterday. Pear blossoms and pansies form the bulk of the collection, and all the crew sported fancy buttonholes, giving them more the appearance of Arcadian shepherds than prosaic workmen on a fish tender. The flowers were divided among Mr. Megler's friends.

Attest: K. OSBURN,
Auditor and Police Judge,

But ride inside the Electric Lighted and Steam Heated Vestibule Apartment Car trains of the Chicago, Milwaukee they will be chartered within the next two or three days. The coasting business is not at its best, however, and many or the smaller craft are accepting charters to carry sugar from the Hawaiian Islands. The trouble with them is that lumber is cheap, and the market is well supplied, and the same may be said of coal, which is always easy at this time of year. The reaction will set in, according to Chief Wharfinger Boobar, early in October. He predicts that the harbor will be overrun with ships at that time, and the rash is apt to continue all winter. Business men say that the departure of the Rapines Union, the president of the Baptist Union, the president of the five Methodist conferences, the president of the five Methodist conferences, the president of the Free Church and St. Paul Railway, and you will be as warm, comfortable, and cheerful as as warm, comfortable, and cheerful as many that those distinguished American ministers whose names I append, have agreed to support this recommendation in the United States, and I trust that by the publication of this letter you will help to a cure the uniform observance of Whit-Sunday in this manner by all churches in the English speaking world.
