Pupils. The large hall of the Astoria Silect School was last night fixed by an interested audience. The occasion was the commencement exercises of the school in honor of which the room was beautifully orated in evergreens, vines, plant and plowers, fitting environments of the young people about to make their bow to the world and step forth from the protecting fold of Alma Mater. The members of the senior class of '35 were Miss Eugenia Lewis and Miss Kate Upshur, graduates in the full course, Mass Lottle Bennett and Miss Irene John-

son were graduates in the English course and Mr. Paul Trollinger and Mr. Ralph Worsley took their degrees in the G.rman course. The program was interspersed beautiful music, both vocal and instru-mental. The piano solos of the Misses Bozorth and Crow were well rendered and appreciated by the audience. The trib of Messrs. Beicher, Garner, and Bennett wits sung in their well-known effective manner. Miss Pearl Holden's rendition of "Dreaming" in her rich contraito, was one of the musical gems of the evening, while Mrs. W. S. Kinney, as

usual, delighted her audience with several solos. Miss Conn and Miss Helborn were the accompanists.

Raiph Worstey's subject, "Electricity," was handled in an especially happy and original manner.

Miss Lottle Bennest told an old story in charming way in her essay "Told by Tongue of Fiame," in which she dealt

with coal from a gaclogical standpoint.

Miss Eugenta Lewis read a delightful
casay on "Silent Influences."

Paul Trustinger's discourse on the "Pyram'ds of Egypt" thoroughly covered the ground of his subject. Miss Kate Upshur's essay on the al-ways interesting subject of "English Litreature, was well received. After the presentation of the diplomas by Mrs. W. S. Kinney, the Rev. Liddell addressed the class in some well-chosen and most

appropriate remarks.

The evening's exercises closed with the class song "Parting." The High School scholars and friends and patrons extended their congratulations, while the High School boys sprung a surprise in the shape of the A. H. S. yell.

THIEVES ON THE RIVER.

A River Patrol Said To Be Necessary

Complaints are being made of the recent repreciations at different points along the Complaints are being made of the recent depredations at different points along the river. Within the past few days fishermen along the river between Brownsport Slough and Burnside Polift, on the Oregon side, have lost valuable rifles, revolvers, shotguns, clothes, money and boats. In speaking of the matter yesterday, a prominent citizen said that he thought it was highly necessary that some kind of a systematic river patrol be established for the protection of Clarsop county fishermen, ranchers and loggers along the fiver. "It is an easy matter for thieves and thugs," said the gentleman, "to go to a man's runch or cabin, either in the daytime, or under the cover of darkness, in a skiff and tow away his boat, tseal a seine or net, and take other valuable property, while the owner may be away from home on his bus ness. This thieving is becoming an intolerable nuisance and the losses bear heavily upon some of the people. No doubt," he said, "proper steps will be taken by the authorities to break up those gangs of depredators, but it would also seem that a system of patrol that would prevent future operations of the kind would be well worth trying."

Some of the best singers in the city have very kindly consented to participate, and these with Mr. Herbert L. Brown and Professor Newton will make an attraction greater the Hwaco boat with a curious looking covered basket under his arm. An inquisitive newspaper man found from the young man that he was taking a pair of Manager Overbeck's celebrated young homing pigeons on an exercise trip. The birds were taken to Sealand and released at 11.15 for the flight home, a distance of 40 miles. One of the birds arrived at 2 p. m., which is good time for a young bird, and the other, up to present ner of expressing lexitimate mirth was ner of expressing legitimate mirth was fully exemptified at the last two entertainments at which I had the pleasure of being present. I assure, my friend, you were deservedly popular with the members of the A. O. U. W., who will always give you a warm and fraternal welcome in the future."

Many other equally high compliments have been paid Mr. Brown by the officers of the Multnoman Club, Brigadier-General Beebe, and other prominent society mea of Portland, and by the press generally

oughout the country. Of Prof. Newton the Oregonian recent ly had this to say: "Mr. Newton has a laugh which is inimitable, and his imitations are so funny as to bring down th house in a perfect storm of plaudits." The entertainment, which will be for the purpose of raising funds for the purpose of fixing the grounds for the sea-son's outdoor games, should certainly realize a sufficient sum to make the needed improvements

ENGINE NO. 3 TESTED.

She Does Not Come Up to the Scratch. The fire department yesterday afternoo determined to fully test the working of Engine No. 3, about which there has been considerable talk, and ascertain whether it was in serviceable condition, or not. Accordingly, Acting Chief Stew-art, with one of the fire commissioners, about 3 o'clock repaired to the engine house, where the boys were found very willing to make the test. The engine was taken to the rail of the dock by the fine team of new horses, where the suction pipe was dropped into the river. After a few minutes the pumps succeed-ed in raising a stream of water, but had not force tonugh to throw it an ydistance After pumping some ten ginutes the en-gine was shut off and then started up again, but this time failed to raise the water. The engineer in charge says that the engine is as good as any, but that it needs new pump valves and some minor repairs to make it effective for all kinds of service. These repairs he says should not cost more than \$50. With practically only one engine in good working order it would seem imperative for the city to put No. 3 in first class shape. There is a long stretch of docka age, canneries, saw mills etc., in that district, and with the dry season how coming on, and the prevailing winds in the northwest, great danger to the city

EXTENDED SYMPATHY.

"Do unto others as you would have others do unto you," is sympathetically snown in the following lines, the preamption being that sympathy is born, or akin to pain or sorrow:

"Gentlemen:—Please send Krause's Headache Capsules as follows: Two poxes to Flora Seay, Havanna, N. Dak, I'wo boxes to Lillie Wilcox, Brookland, N. Dak, and always been a great N. Dak. I have always been a great unferer from headache and your Cap-sules are the only thing that relieves me." Yours very truly,

FLORA SEAY, Havana, N. Dak For sale by Chas. dogers, Astoria.
