FIGHTERS KNOCKED OUT,

people took the risk of paying their money here tonight to see the bouts which were scheduled to take place in the erema of the Seaside Athletic Club. The affair was a flizzle. George Green, of San Francisco, better known as "Young Corbett," and Edde Pierce, of New York, who were to box ten rounds at catch weights were first to enter the ring. During the first two rounds Corbett punched Pierce where and when hilked, and in the third he hit Pierce a right hander on the jaw and he went down like a log, falling on his face, knocked out. The police, headed by Captain Cayton, jumped into the ring and arrested the fighters, time keepers and referce. No decision was given.

George Dixon and Frank Erne then climbed through the ropes. The announcer introduced the men, and said: "These for those that are lots better. So you see we ean suit every er introduced the men and said: "These men have entered the ring to complite their contracts but as the police will not

ther contracts but as the police will not allow them to go on there will be no further contests here tonight."

"Give us our money back," yelled the crowd. Tom. O'Rourke, Dixon's manages, then addressed the crowd, and suid:

"I am here with my man, and wiking to have him fight if the club will give me court has a policy being in court in guarantees to protect him in court in case of arrest."

Billy Newman on behalf of Erne, said: "We are here to fight and wilking to do so, on the same terms O'Rourice stated." The crowd yelled their approval, and Sparrow Roberts entered the ring and said: "The club has decided to guarantee the protection demanded by the princi-pals, but the police refuse to allow he

spectators, and it looked as if a riot

THE GREAT HANDICAP.

New York, June 15.-(Special to the Astorian.)—Lazzarone, 10 to 1, won the Suburtan handicap today, Sir Walter second, and Song and Dance third. Time, 2:07 4-5.

The Suburban, greatly to the chagrin of

the knowing ones, resulted in a shocking upset of their calculations, 10 to 1 being the knowing ones, resulted in a shocking upset of their calculations, 10 to 1 being laid right up to the last moment against Lazzarone. Song and Dance was the first to break away from the bunch when they got the flag. He was quickly passed by Declare, who set the pace for half a mile, then Sir Walter made for the lead. He got it, and at the three-quarter post was a length in front of Declare and Domino, heads apart, others closup. At the turn into the home stretch Issac Murphy moved up from the bunch with Lazzarone and passed Domino and set sail for Sir Walter. Half way down the home stretch, Sir Walter and Lazzarone were still heads apart, with Domino already beaten, and Griffin coming ahead with Song and Dance. Doggett lashed Sir Walter ummercifully, but Lazzarone was the best horse and the veteran Issac Murphy pushed him first past the post by an open length better than Sir Walter second, and a length further back came Song and Dance third. The fallen idol, Domino, was among the "also rans." The race was won in 2:974-5, good time for the track, which was somewhat slow on account of the deep dust. The betting on the Suburban was as follows: Domino, 20 to 5; Rubicon, 10 to 1; Sir Walter, 5 to 1; Lazzarone, 10 to 1; Declare, 15 to 1; Song and Dance, 15 to 1. MILLIONS OF ACRES.

. Washington, June 15,-Millions and millions of acres of lands are to be added to the great homestead areas of the West. The last congress enacted a law providing that the general government shall donate to each state in which there are arid lands 1,000,000 acres of such lands, on condition that the reclamation be done by the states. Already Idaho and Wyom-ing have compiled with the law, and have ing have compled with the raw, and have taken steps towards securing the million acres within their borders. Leutenant Governor Miles, of Idaho, and E. Meade, of Wyoming, both engineers appointed by their respective states, are here to complete the final arrangements. Their mission promises to be very successful. They are receiving from Land Commissioner Lameraux the most cordial cooperation.

The stope which are now being tak country into fertile and fruitful fields," said the commencer, "will without doubt be most far-reacting in its effect. Under the new law, however, the state is to undertake the work and is to sell the lands, in sections of not over

160 acres to any one person, for such price as can be obtained. The government retains possession for five years, and if at the end of that time the ream of the control of climation appears to be permanent, title to the land passes to the state and thence to the settler. This means homes and farms for a multitude of people."

"All Is Right." Washington, June 15.—The Japanese le-gation received an official dispatch from the foreign office summarizing the status of affairs in the Island of Formosa as

follows:

At Tai Phu Fu and Tamsul, the two large cities in the North, all disorder is at an end and peace is established. The Japanese have put into operation the civil system of administration. German marines were landed at the cities mentioned, but have now been withdrawn. Foreign settlers are now under the cities protection of the Japanese army and civil authorities. The mention of the establishment of the civil system shows that martial law, which was in operation when the Japanese fleet and army first arrived, has given place quickly to an orderly municipal system. No mention is made of the reported uprising of the
