been an investigation of the boundary of wheat and cotton for twenty-two years question in Alaska. In the report which is wrong in 79 instances and correct summarizes the results of this investiga-tion, says the St. Paul Pioneer Press, it is shown that the boundary line which Great Britain is trained to set and the state of these staples appear larger than the truth for the years in which sliver was high in price and lower Great Britain is trying to set aside is than the truth for the time during which the original one recognized in 1867, when Alaska was purchased; that the definition of the line as set forth in the treaty of 1825 was incorporated in the contract for the purchase; and that after recognizing the line for more than half a century the line for more than half a century of the line for more than half a century the line for more than half a century of the line for more than half a century of the line for more than half a century of the line for more than half a century of the line for more than half a century of the line for line for line in the face of the express declaration of its best harbors. The change, if Canada end. The immense monetary inflation succeeds in making it, would cut off a France has not raised prices in the

of the report, however, is the statement

no representation in congress and no regular means of coming into touch with the rest of the American people.

The appointment of the boundary commission will remove all danger of further British juggiling with boundaries, and will reassure the people of Aliska on that particular point. However gifted the civil engineers of Great Britain may be it is preciated it certainly will buy more land of the great staples wheat, corn, oats and cotton, rose from the white sliver declined from 1.22 to 90 cents. Eleven million people in the United States, owning anares in building loan associations, savings deposits, and net value of life insurance policies, to a total amount of about \$3,000,000 would be the creditors mest deeply affected by payment in depreciated silver dothers. If gold has appreciated it certainly will buy more land looking, but somehow she never most deeply affected by payment in depreciated alliver dothars. If gold has appreciated silver dothars. If gold has assessed to take which the gold standard will give for her to take much interest in cappaining. But a change came. One day have fallen only 7.7 per cent, and gold has become cheaper as compared will give fall not taken half its contents when she felt like another woman. Now she is in the enjoyment of perfect health, and has suctors by the score. No woman need suffer from functional irregularities and well-free from functional irregularities and well-free from the enjoyment of perfect health, and has suctors by the score. No woman need suffer from functional irregularities and well-free from functional irregularities and well-fr tages being known and appreciated, would offer greater attractions to the

portance of reaching out to intercept this traile and keep it at home must be apparent to all. The best antidote for the world; that we have more than sufficient money to conduct our business and could not use more if we had it; that it he annual production of gold is ruly adequate to the world; that we have more than sufficient money to conduct our business and could not use more if we had it; that the annual production of gold is ruly adequate to the world; that we decline in the value of silver has not been caused by its demonstration, but by oversupply; that in the twenty years following is the world had in flows Falls, made u point which is worthy the attention of the American people, and especially the younger generalion, who have been used to seeing the surviving old soldiers insuited by a Demonstratic president and his ex-confederate. How forms and that the advances of free coloness at the polity with the characterization of "parquer" and "fraud." Col. Clough said. "It has never been shown that a slugte soldier in any army was recruited from the portouse. And, so long as it is the soldier in any army was recruited from the portouse. And, so long as it is the soldier in any army was recruited from the portouse. And, so long as it is the soldier in any army was recruited from the portouse. And, so long as it is the soldier in any army was recruited from the portouse. And, so long as it is the soldier in any army was recruited from the portouse. And, so long as it is the soldier in any army was recruited from the portous forms and that the advances of free aliver (write us to the degradation of Mexico, India and China, countries in which labor is content to exist on a wage of eight to twenty cents per day, and that the portouse from cutting or representation of the mortisage and other and portouse. And, so long as it is the sold in the portouse from cutting or representation of the mortisage and the portouse. And, so long as it is the sold in the portouse from cutting or representation of the mortisage and

case that no papper ever became a patriot, let it never be said in this country of ours that any patriot was ever To the city of Springfield, Mass., we allowed to become a pauper." If there city of Springfield, Mass., we allowed to become a pauper." If there city of Springfield, Mass., we allowed to become a pauper." If there is come and there are some who look week, when all the stores are decorated try of ours that any patriot was ever upon the soldiers' home as a charitable duct and labor of Americans being placed institution, their minds should be dis-abused of any such idea. It would be a ers to purchase only American goods. This is an excellent idea, for more rea-aons than one, and it has already spread the people of this nation should allow to other places. If successfully carried veterans of the great war to become in- out, it will not only help the immediate mates of a common poorhouse, it would in any event be a smirch-and particufarly so when no pauper ever became a veteran.

Mr. Farwell, of Chicago, calls attention to a fact that must not be forgotten, and that is, that with all the ado about money that they have not been in the habit of it had nothing to do with the destruction of prosperity to this country, that the business prostration was brought lean week in every city, town and village about by the free trade policy of the In the United States. Show American Democratic congress, and that but for goods, buy American goods, wear American goods, wear American food. The that the currency question would scarcely have attracted any attention, or been considered a factor in the case. The uproar about it is largely to obscure the

SOUND MONEY.

Chicago Herald. The Charles H. Sergel company of this city is entitled to the credit of having furnished a most complete exposure of the forged and faisified statistics given in the fake book called "Coin's, Financial School." The pamphiet in which this is done is not a big one, but it is brimful of solid information, duly credited, which fairly and squarely marks. Business communications of all kinds and remittances must be addressed to The Astorian.

OUR DUTY TO ALASKA.

OUR DUTY TO ALASKA.

The Seattle chamber of commerce has lately been busying itself to good purpose the faisified to the extent of over 50 per tent in his statement of the amount of the amount of the amount of the production of gold and sliver is deliberately faisified in more than half its items. Page 36 shows that he faisified to the extent of over 50 per cent in his statement of the amount of and placing the country considerably in cent in his statement of the amount of its debt. The self-appointed task has money in the United States. Page 168

without any attempt to change it, the in the face of the express declaration of the Constitution forbidding the passage effort to so alter it on the maps as to deprive the United States of some of labor is the first to feel it—at the wrong strip six hundred miles in width from country, as it ought to do if "Coin's" the United States possessions. It would be the correct. The government can the United States possessions. It would give the Canadians harbor facilities which they would undoubtedly appreciate and which they now lack, at least at the western end of their possessions.

What is really the most important part

What is really the most important part that the people of Alaska, conscious of of that two hundred millions of gold the indifference of their own government which we are told it draws every yea on the subject, are becoming discouraged, from the United States. A true bimetal if not estranged. This is not the first time that the attention of the American world's coin of gold under one name, people and the American government has and a world's coin of silver under an been called to the resources and the needs of this dependency. No foreign government could tride with the boundaries of must consider the property of the could tride with the boundaries of substitute one for another. It is a false any other, territory belonging to the United States and not be sharply brought to account, not only by prompt governmental action, but by the indignation of the people. In the case of Alaska it is not so much of an indifference to the wealth of her resources or the needs of her people as a want of direct intercourse with them and a kind of a tacit understanding that Alaska will set along by with them and a kind of a tacit understanding that Alaska will get along by
herself until we are ready to take hold
and do some thing with her. If, however,
as is alleged, the Alaskan people are becoming discouraged, now is the time for
them to be looked after. They do not feet
the may sell "200" because he thinks his
themselves politically independent. themselves politically independent to that degree which incites a people to self-development nor have they had the right opportunity to become imbued with the spirit of national institutions. They have no representation in congress and no rest.

the money of the Constitution; that our net experts of gold to England during twenty years averaged less than six mil-The only way merchants can stop any part of the cash trade which goes away from home is to shake things up by advertising, accompanied by greater simbilition to compete with the outside merchants. People like to be coarsed. If you do not pay them a certain degree of deferential obsequiousness, they take it for granted you don't care anything for their trade. The trade which goes away from home is all cash; and in times tike these the importance of reaching out to intercept this traffic and keep it at home must be apparent to all.* The best antidote for the

AN AMERICAN BUSINESS WEEK.

sale of our own products and manufac-tures, but it should tend to create a lively subsequent demand for the same goods. In very many retail stores it is regarded as quite the proper thing to sell American goods as if they were of foreign manufacture, and their proper display upon their own merits will afford buying something that was English, French or German. All honor to Spring-
