A CYCLONE IN KANSAS

Wind and Floods Destroy Life and Property. SILVER REPUBLICANS TO BOLT. Startling Plans Disclosed, But Probably Cannot Be Carried Out—Trouble Among Cattlemen.

Special to the Astorian. Baxter Springs, Kan., July 6.—Baxter Springs was laid in ruins, five people killed and twenty others badly wounded by the bursting of a cyclone that struck the town about 6 o'clock last evening. Dead—Sallie Webster, Florence Webster, Ralph Webster, H. Hibbs, the infant child of Thomas Shields. Scores of men and women are more or less injured.

STARTLING PLANS. Republican Silverites to Bolt the Party. Chicago, July 6.—A special to the Daily News from Washington says: Western silver Republicans have outlined an interesting program to be pursued in the next national Republican convention. Today a Western Republican of national prominence, who arrived in Washington, two days ago, disclosed the program of the silver men in all its details and it is so audacious as to startle political managers here. The plan, he says, was agreed upon at a conference of Western senators held last month. The senators and other Western Republican leaders who participated in the compact represent the western silver states and profess to be able to control the delegations to the next Republican convention from those states. These states are Montana, Idaho, Wyoming, Washington, Oregon, Colorado, Nevada, Utah, California, and South Dakota. These states are claimed solid for the agreement and the states of North Dakota and Nebraska may yet join them.

It is not now the intention of the managers of the independent political movement to nominate a standard bearer for 1896, on the independent silver platform, but their efforts will be directed toward choosing electors pledged to the silver cause, regardless of personal preferences. The idea of nominating an independent free silver candidate has prevailed until quite recently but was abandoned, as a piece of bad political policy, and falling to secure recognition from either of the national conventions, the silver men say they will seek to hold the balance of power in the next electoral college, and prepare one of the old parties to bring forward a silver man in order to secure election.

THE STORM IN MISSOURI. Springfield, Mo., July 6.—The storm, awful in its terror, and total in its work of destruction, wiped out the town of Winona, on the Current river branch of the Kansas City, Fort Scott and Memphis railroad in Shannon county, at 10:20 o'clock last night. That eleven persons and their lives is known to a certainty, and eight men are missing.

BEER HALL. What the Gambrinus Beer Hall tried to do in selecting their liquor was to pick out what intelligent people would want if they knew it as experienced people should know it. Make a note of this if you want pure liquor. George Bartley, Proprietor.

ANOTHER LINK FORGED

Seaside Changes Hands, Passing to the New Company. MAY BE AN INDEPENDENT DEAL. Connection of the Old Road With the New One Depends on the West Side Subsidy.

Yesterday saw another step taken in the railroad matter, as outlined in these columns. The matter of the purchase of the Seaside road by the new company was consummated. As was stated yesterday, however, the connection of the two roads and the development of the entire plan depends absolutely upon whether the balance of the promised subsidy on the west side is subscribed or not. It is believed that those parties who are still behind will make good their promises and come into line at once, as it would be the height of folly to do otherwise. Business judgment will dictate the policy and as a simple cold business proposition, property owners' interests demand that the same policy be pursued on the west side of the bay as has prevailed on the east side. The Astorian has the same confidence in the committee of twenty-one and the citizens at large as it has had all along and believes that within a day or two all details will be arranged and that all those who have committed themselves and made propositions upon which the projectors have based their calculations will make good their promises and agreements and thus remove all obstacles to the understanding which is to emancipate Astoria and the Columbia valley.

REVENUE CUTTERS NAMED. Washington, July 6.—The secretary of the treasury has decided upon the names to be given to the two revenue cutters for the construction of which contracts were recently entered into. The cutter to do service on the great lakes is to be named "Walter Q. Gresham," in honor of the late secretary of state, and the other, which will patrol the New England coast, will be christened "Daniel Manning," in honor of the late secretary of the treasury.

BOGUS CERTIFICATE CASES. Washington, July 6.—Special agents of the treasury are making progress in the fraudulent Chinese certificate case recently unearthed at Butte, Mont., where 115 of the blanks were captured. It has been discovered that the statement of the forged signatures of officials used in the certificates were made by a party on the Pacific Coast. Steps are being taken for his arrest. It is expected that all parties implicated in the fraud will soon be apprehended.

DUN'S TRADE REVIEW. New York, July 6.—R. G. Dun & Co.'s review will say: There were 6,650 commercial failures in the first half of 1895, against 7,039 in the first half of 1894, and 6,461 in the first half of 1893. These commercial failures involve liabilities of \$88,323,944 this year, against \$101,709,396 last year. The details show a decrease in every class of failures in the second quarter compared with the first quarter of 1895, both in number and magnitude.

ANOTHER PIONEER GONE

Roseburg, July 6.—Mrs. Jane Fullerton, wife of Hon. John Fullerton, died at 1 o'clock this morning. The husband, son, Circuit Judge J. C. Fullerton, and daughters, Mrs. McKenzie, of Portland, and Mrs. Wm. Nichols, of Nichols station, were present at the death bed. The eldest members are Mrs. M. M. The trial was set for July 17th. A large number of witnesses have been subpoenaed.

INCENDIARY FIRE. Pendleton, Or., July 6.—Another incendiary fire occurred this morning in which several buildings, besides fourteen tons of lard and ham, were burned. Pat Kline runs an extensive hog ranch and

PACKING ESTABLISHMENT east of Pendleton. There was only one man on the place. The fire started in an outbuilding at 1 o'clock and the property was entirely destroyed. All indicates that the fire was set by enemies of Kline.

CORNELL'S CREW. London, July 6.—A reporter of the Associated Press had an interview with Chas. E. Courtney, coach of the Cornell crew. He said: "We may as well tell you the truth. Five of the men are sick, and I am discouraged. For the past few days all our prospects have seemed to vanish. The boys are troubled with pains in their limbs and drowsiness and the food they partake of does not seem to nourish them."

VOLCANOES OPERATE. Naples, July 6.—The crater of Mount Etna is again pouring forth fire, smoke and lava. Mount Vesuvius is also in a state of eruption, and reported to be in a worse condition than Etna. The town of Resina, Italy, built over the ruins of Herculaneum, is threatened.
