The great telephone monopoly of the Bell Company is to be attacked in dead earnest. The representatives of twentythree of the leading telephane companies in the United States held a meeting at in the United States held a meeting at Portland and organized the National Independent Telephone Company, and discussed plans for fighting the Bell monopoly by pushing cheaper telephone service. In the discussion, the matter of the validity of the Berliner patent on the transmitter, owned by the Bell Company, was taken up, and it was pointed out that the case of the United States against the Bell Company, recently decided in favor of the latter by the federal circuit court of Boston, hinged upon the matter of obtaining the patent. The validity of the patent was not attacked except indirectly. The United States alleged "collusion and fraud," in obtaining it, and Judge Car- Trand," In obtaining it, and Judge Carperter decided against the government, which immediately appealed the case to the supreme court. The Bell Company will undoubtedly bring suit against some of the companies in the new combine for infringement of patent, and then the validity of the Berliner patent will be the pank, and there wages in these of the companies in the new combine for infringement of patent, and then the validity of the Berliner patent will be character where there wages in these of the transitionation of the companies in the new combine for infringement of patent, and then the validity of the Berliner patent will be character at the parks, and there has been in the courts. This vol-untary increase in wages has been made wholly in the lines of industry in which DUANE STREET INPROVEMENT NO. wholly in the lines of industry in which there has been a marked increase in the demand for their products and a rise in the prices they command. Conspicuous among them is the iron trade. The quick-ened demand for iron products was one of the sympions of the revival of busi-ness activity. Then the exceeding low prices began to advance a little. Car-negic theqeupon announced a voluntary advance of 10 per cent in the wages of 24,000 men.
