Well Pleased!

All my customers are well pleased with the value of their purchases at my store, for the following reasons:

1. That the garments are cut full in size.
2. Their cuts are made for the purpose of being worth their money.
3. They are sold at low prices.

All my garments are manufactured and cut to suit the figure of each wearer. They are well made and fitted to suit the purpose of being worn. They are sold at low prices, and I am so far from being satisfied with my customers that I am willing to make them a satisfaction.
