THE NEW ENTERPRISE First Manufacturing Plant of the New Era. FIRST-CLASS BRICK BEING MADE. Other Industries Will Follow in the Wake of This Pioneer of Better Times in Astoria.

Last Friday afternoon the brick yard of Irish & Quinn commenced operations. This new enterprise is situated about one and one-half miles from the Scandinavian cannery, in Upper Astoria. Six men are now employed and it is the intention of the proprietors to double the force in a few weeks. Two thousand bricks were turned out the first day and yesterday with the same number of men 6000 were made. A kiln, with a capacity of 50,000 is now in course of construction and will be ready in three weeks.

Messrs. Irish & Quinn are both practical brick manufacturers, especially the latter, who has had years of experience in the Eastern states, and who is considered an expert in this line of business. A number of brick yards have been started in Astoria in years past, but the quality of the brick turned out has never come up to the expectations or to such a degree of perfection that it could be called a first class article. Mr. Irish has visited various parts of Clatsop county, primarily in the vicinity of the city, for the purpose of finding what he considered the most suitable clay for good brick, and met with such poor success that he was about ready to give it up, when at Mr. Quinn's suggestion a visit was made to the place where is now situated their new brick yard. The quality of the clay in this neighborhood immediately struck Mr. Irish as particularly well adapted for the manufacture of brick, and resulted in the starting of an enterprise which before long will give employment to many men. The Friday and Saturday turn-out of brick have fully carried out the high opinion the expert entertained upon first seeing the clay, and other gentlemen who have visited the yard and made an examination were unanimous in the belief that the brick made at this place will equal if not surpass that of any yard in the state.

The new firm has several contracts on hand and were all the preliminaries arranged, would now be employing quite a force of men. Their first contract will be the manufacture of brick for the new water works system, and the fact that these contractors have satisfied themselves of the good character of the brick will go a long way towards convincing the most skeptical and bringing the brick into general use throughout the county. This enterprise is but one of many that will be started with the coming of the Astoria railway, and Messrs. Irish & Quinn are to be congratulated on being the first men that have been successful in manufacturing in the vicinity of Astoria a truly first-class quality of brick.

CARD OF THANKS. The members of the Astoria Library Association wish to thank very heartily through the press, first, Hon. Benjamin Young, for the generous offer of the room which was used as an Art Gallery, free of charge; Mrs. Ross, for the use of her room for a museum; rent free; Odd Fellows Association, for the use of their canvases for covering; the merchants, who at great inconvenience to themselves, loaned their show cases, others who allowed the use of their dishes for refreshments and lamps for lighting the building; the gentlemen who kindly assisted in hanging pictures; the ladies who assisted in the various committees; the promoters and those who are so remarkably convenient and economical; the High School for the use of their piano; the Finnish Temperance Band; the gentlemen who acted as doorknobs; the judges who so kindly sacrificed themselves for the public good, those who furnished flowers and cakes and all the contributors to the exhibit, which made it such a valuable collection; the expression and errand boys; the press for their liberal account, and all those who had patience with our mistakes, and last of all to those who patronized the exhibit, making it a success, and showing how many warm friends the public library has made for itself in Astoria and vicinity.

MRS. G. WINGATE, Secretary. Astoria, Oregon. DIED. In this city last evening, at 715, Mrs. Sarah Coffenburg, wife of Hon. G. W. Coffenburg, aged 3 months and 13 days. Mrs. Coffenburg was born April 1st, 1839, in Fayette County, North Carolina. When a young girl she was married to Warren county, Indiana, where she married Judge Coffenburg, Feb. 14th, 1858. In 1864 she came with her husband and three small children across the plains to Oregon, and to Clatsop county in 1867, residing here ever since. Mrs. Coffenburg was one of the pioneer women of Oregon and leaves a large family of sons and daughters who survive her.

LOOK OUT FOR THEM. The largest and finest shipment ever brought to Astoria. I am pleased to announce to the music loving public and my friends of Astoria, that our carload of Kimball pianos and organs left our factory in Chicago for Astoria on July 3. This shipment contains an elegant assortment of pianos of all styles, sizes and prices, from a plain case to our handsomest cabinet grand upright containing our world's fair scale. It also embraces a fine assortment of organs from a plain reed case to a most elaborate case with French plate mirrors.

These instruments will be sold to private buyers by the manufacturers direct at wholesale prices, plus the expense of laying them down at Astoria. This will give every one a chance to get a high quality instrument from first hand and save retail dealers' profits and agents' commissions. This is your chance to get ahead of the middle man and get a great instrument from first hand and save retail dealers' profits and agents' commissions. This is your chance to get ahead of the middle man and get a great instrument from first hand and save retail dealers' profits and agents' commissions.

DEATH STOPS YOUR SALARY. Salaried men should assure, for their salary ceases at death. Business, professional, and workmen should assure, for their brains or their muscles are their capital, and their income. Death stops them both. Assure your life and death cannot stop that income or steal your capital, and your loved ones will be saved from want. The Equitable Life, L. and E. Samuel, special agents, furnishes a very simple policy at a very low cost.

Danielson and Martin Olsen are spending the day with Mr. London, on John Day river, where they will eat a large Sunday dinner. Mr. London came in town for his friends yesterday.

Mr. Wm. Harder, the general and wide-awake freight agent of the Great Northern Railway, of Portland, paid a flying visit to the city yesterday. No doubt he secured large shipments of salmon via his route, as his custom is.

INDEPENDENT WAISTS. The fancy and independent waists, to be worn with black skirts, which have so continuously been the rage for the last two years, seem to have lost none of their popularity. They are still in evidence everywhere and will probably continue to be so for a long time, since they are remarkably convenient and economical. The newest thing for these waists is crepon please, in lovely jardiniere patterns. And it is one of the most effective materials made. Black and white crepon is charming combined with colored velvet and jet.

A lovely creation from Paris is of Nile green silk crepon figured with lilies of the valley, and trimmed with a white satin velvet collar and a folded satin belt, with a large jeweled buckle. Jet and velvet are lavishly used in trimming these waists. Spangled laces and glittering spangled bands set upon black or white net or satin are the most effective materials made. Black and white crepon is charming combined with colored velvet and jet.

Today at the M. E. Church will be given a special musical program, both morning and evening. The well-trained choir are noted for their fine anthems and solos and are rapidly making a name for good music and an attractive service.

At August Erickson's can be found all that can be desired in the way of refreshments and amusements. Good music and Kopp's best.
