They Lack Life

There are twins sold to fishermen on the Columbia river that stand in the same relationship to Marshall's Twine as a wooden image does to the human being—they lack strength—life—evenness—and lasting qualities. Don't fool yourself into the belief that other twines besides Marshall's will do "just as well." They won't. They cannot.

TO BE OR NOT TO BE?

Is the Question That Is Agitating Jim Hill.

WHETHER HE WILL CONTROL

Northern Pacific by Consolidation Is to Be Disputed by Montana—Oregon on the Alert.

The recent telegraphic correspondence relative to the proposed consolidation of the Northern Pacific and Great Northern railroads is more or less conflicting and misleading and calls for careful study by all.

DEFENDER AGAIN WINNER.

THE ALBANY DEMOCRAT.

Several Polk county people recently made the ascent of Mt. Jefferson. The Independence Enterprise says of the experience: The entire party successfully made the ascent, after experiencing numerous hardships, and overcoming many obstacles, and among the number several ladies, said to be the first ladies who ever reached the summit of Mt. Jefferson.

THE ALBANY DEMOCRAT.

The Albany Democrat takes occasion to say: "An Astoria paper publishes the names of a couple of business men who refused to subscribe for a reprint on the river. That is narrow journalism. A man has a right to subscribe or not. He should be public spirited but with a subscription paper under one's nose, it is not every day, it is a matter of self defense to refuse sometimes, and every American citizen has a right to use his own judgment as to whether the issue is the proper one. A newspaper stoops to personality and spite when it names men who refuse to give away their money against their inclination or judgment. There is a growing spirit of independence in such matters. Business men should not be penurious; but they must be careful."

THE ALBANY DEMOCRAT.

In conversation with Mr. Edwin Stone, of the Oregon Central and Eastern railroad, formerly known as the Oregon Pacific, the Eugene Guard learns that Mr. Hammond the purchaser of the road, is now in Astoria looking after the building of the Astoria-Goble road, and that in a week of ten days he will go to Corvallis and then take a team and drive to this city over the route of the proposed extension of the road. He will thus gain a knowledge of the country through which the proposed road will pass. As Eugene is so desirous of meeting the citizens and talking with them regarding the proposed extension.

A FINANCIER'S OPINION.

Mr. Chas. H. Campbell, secretary of the Portland General Electric company, and manager of the Bank of Oregon City, is well known as one of the most careful and conservative financiers on the coast. He says: "I carry all my life insurance amounting to thirty-two thousand five hundred dollars in the Equitable Life of New York, as I consider it the best and most conservative of all life insurance companies." L. Samuel and Eugene Samuel are special agents.
