Another illustration of Democratic inconsistency is furnished in the frantic demand from certain influential parties for that party for Cleveland's renomination. If he is nominated for a third term as it now seems probable he will, the Democratic newspapers of 1876 will furnish some delightful reading.

Let Mr. Cleveland run a third time and the Republicans will have lots of fun in pulling the old record of a certain sort of Democrats on them.

The Toledo Blade says the biggest fish story of this season is found in the fact that the catch of Columbia river salmon last year worth millions of dollars.

"SCIENTIFIC BANKING CURRENCY."

Let us cheer up, Mr. Sovereign has depressed us somewhat by his general order boycotting the national banks, in which the Knights of Labor are commanded to assist the rights of labor by refusing to accept national bank notes in payment for labor.

THE RETURN OF THE DEMOCRATS TO POWER. The return of the Democrats to power naturally restored confidence that after a little the old conditions would return.

When the steamship Elbe went down in the darkness, and with her so many men, women and children, the officers, outside of the captain, as also the crew, were the first to seek for safety, paying no heed to the passengers.

Objections urged against Indio in the past by the large number who otherwise would have been glad to take advantage of its beneficial climate, have been a lack of suitable accommodation. The Southern Pacific Company, takes pleasure in announcing that several
