There are twins sold to fishermen on the Columbia river that stand in the same relationship to Marshall's Twins as a wooden image does to the human being—they lack strength—life—evenness—and lasting qualities. Don't fool yourself into the belief that other twins besides Marshall's will do "just as well." They won't. They cannot.

The request was denied by Minister Hatch. The principal reason for not allowing Woodhouse to see the prisoner is on account of his attitude toward this government. He has repeatedly meddled in the affairs and has treated it with contempt on different occasions. The following resolution was adopted on the 20th ult. by the legislature: "Resolved, That the senate and house of representatives of the Republic of Hawaii hereby declare new fealty to the policy of annexation of this country to the United States. "Resolved, That we put forth this sentiment in the firm belief and sincere hope that all who have the true interests of the nation at heart and that all who support or are friendly to the Republic of Hawaii, will be impelled to even greater continued effort to bring about the relation sought."

Olympia, August 10.—Only meagre details have been received from the burning district south and west of here. The rain came down yesterday and the only method of communication was by messenger. The city is covered by a dense smoke, and a shower of the same is falling continually. Thus far the only deaths reported are Lars Peterson and Thos. White, who were riding on the logging train near Sheldon. The train went through a burning trestle but the engineer and fireman escaped. Peterson and White were burned in the wreck. Simpson's logging camp burned out completely and the heavy draft horses were saved only by heroic efforts of the men who rode them through the flames. The men saved their clothing and personal property by digging trenches. All the logging roads are blocked by falling timber. Heavy winds fanned the fire through the dry timber till the roaring of the flames was heard a long distance and the quick successive falling of giant trees resembled the noise of a battle. At Summit, 15 miles west of here, several ranches were destroyed and there is a great fear for the settlers. Some of the settlers who escape by the road is cut off. Millions of feet of valuable timber are lost.

LEGALLY IN POSSESSION.

Omaha, August 10.—The district court this afternoon rendered a decision in the Omaha police commission case. The court holds that the old board is legally in possession and entitled to maintain its possession until further legal proceedings may show it is not properly in power. The court, however, refused to make a permanent injunction restraining the A. P. A. police commission from performing its duties. The important part of the decision is as follows: "In the light of these decisions defendants are entitled to continue in possession of the office until the commissioners under the law of 1893, now in force, must be held to have appointed and to be entitled prima facie to the office in question. Such being the case, a court of equity will not restrain them from claiming such offices or from proceeding in a lawful manner to obtain peaceful possession thereof. Notwithstanding the views herein stated, as to the rights of the defendants to the possession of the office in question, yet plaintiffs have the right to peacefully remain in possession and to exercise the functions of said office until otherwise ordered in proper legal proceedings."

MULTINOMAH WINS.

Portland, Or., August 10.—By winning today's game with the Portland Amateur Athletic Club, the Multnomah Amateur Athletic Club has won the championship of the Pacific Northwest baseball league for the season of 1895. The score today was Multnomah 9, Portland 3. The intense rivalry between the clubs drew a crowd of 3,000 people to witness the game and the crowd was not disappointed, even if the game was a decided affair after the first inning. The "rooting" of the Multnomahs was the most noticeable feature of the Portland ball field, and chief speaker "Billy" Law made a good leader.

INDIANS IN ARIZONA.

Tucson, Ariz., August 10.—Word was received today that at sunrise on the 4th inst. a gang of nearly 100 Yaqui Indians attacked the Santa Rosa hacienda of Don Juan D'Albuquerque, about 20 miles east of Guaymas, Mexico. They killed him and robbed the place of everything available. A few days previous another band surprised a troop of Federal soldiers and killed six soldiers and Captain Lopez, who was in command. For years the same Indians have been a menace to the peace of Sonora and a demand will be made on the federal government to suppress their depredations. Besides killing the country with widows and orphans, they have destroyed property aggregating in value \$7,000,000.

DASTARDLY OUTRAGE.

Spring Water Poisoned and Many Made Sick. Albany, Or., August 10.—News of a dastardly outrage in a harvest field was received this evening. The threshing crew of P. B. Williamson on the Emmet farm, two miles from this city, in Weston county, were all made deadly sick today by drinking water from a spring into which some noxious had placed poison. Two of the men are dangerously ill and it is thought one will die. A horse shoe was found in a bundle of wheat and a buggy and harness were stolen from the barn of J. H. Noon, in the same neighborhood. The thieves were traced in the direction of Independence.

STILL WANTS ANNEXATION.

Honolulu, August 1, via steamer Wirohimo, to Victoria, August 10.—Major J. H. Woodhouse, formerly British minister to this place, leaves for England today accompanied by his family. Previous to his departure he requested permission to see ex-Queen Liliuokalani.

WATERBORN ON THIRD TERM.

Detroit, August 10.—Col. Henry Waterborn, of Louisville, was in the city today. In an interview on general politics he said:

FOREST FIRES RAGING.

Much Damage Done Through Carelessness.

DELAY IS DANGEROUS.

A Much Needed Street Improvement is Asked For.

BRIDGE REPAIRED.

Work About Ready for Active Operations.

BRIDGE REPAIRED.

The repairs to the railroad bridge at Young's Bay are about completed, and soon affairs will be in shape for active construction on the west side. The surveys on the Flavel hills are finished and the engineers east of the city are working in the neighborhood of Knappa.

BRIDGE REPAIRED.

Mr. Hammond remained in Portland over Sunday. Some delay is being experienced in getting the new construction company in working order. It being an entirely new concern, but a few days more and all details arranged and work probably by the time the engineers are ready the contractors will be also. When things move they will move with a rush. The construction company has assumed charge of affairs and will conduct the business of the road during construction, as is the custom in such matters.

BRIDGE REPAIRED.

Depot matters are being crowded by the various parties interested and it is expected that there will be some interesting developments the middle of the week.

BRIDGE REPAIRED.

The trial of John McDowell for killing his son-in-law, John McCallister, February 25, 1885, at the Summit, Ore., was completed at Toledo the other day. The jury returned a verdict of guilty of manslaughter, and Judge Fuernberg sentenced McDowell to two years in the penitentiary. McDowell is sixty-nine years of age, and the reports of the murder when it happened were decidedly against him.

TO SAY NOTHING OF THE INCONVENIENCE IN THE AFFAIRS OF EVERY DAY LIFE.

An ordinance was proposed about a year ago, but was defeated in the council. The property owners who live in the neighborhood are willing and anxious to make the improvement, but the holders of unimproved lots have stood in the way of the passage of the ordinance.

THE ONLY REMEDY IS FOR THE COUNCIL TO STAND TOGETHER AND BY A TWO-THIRDS VOTE INSURE THE PASSAGE OF THE ORDINANCE.

Thirty families are depending on the matter and it is only justice that their rights should be respected, and that the streets for those two blocks should be improved. Streets in other portions of the town, where the necessities were not so great, perhaps, have recently been improved at great expense, while it is stated that this improvement will cost comparatively little money.

IN THE INTEREST OF SAFETY TO LIFE AND LIMB AND IN RECOGNITION OF THE RIGHTS OF TAXPAYERS WHO LIVE IN THE VICINITY, IT WOULD SEEM THAT EARLY ACTION SHOULD BE HAD IN THE MATTER.

YAKIMA FAIR.

The committee in charge of the Yakima, Wash., Fair, to be held October 7 to 12 inclusive, have arranged a very attractive premium list and program, including Indian races, war dances, and barbeques, which will be participated in by over 400 Indians of the Northwest, headed by their most noted chiefs, and accompanied by their entire families.

Each day special horse and bicycle races will be held, together with a grand baseball tournament, including a professional game between the teams of Minneapolis, Minn., and Detroit, Mich., to all of which liberal purses will be given.

The miniature Washington Farm of the World's Fair will be reproduced in detail. One of the best bands in the state has been engaged to furnish music during the entire week.

POPULARITY.

For Fifty-five Years They Have Been on the Market.

And there are 95,000 Fletcher plans in use. In order to fully appreciate this marvelous fact it is only necessary to know that an ordinary piano manufacturer may point proudly to a record of 10,000 pianos sold. It is a wonderful and unparalleled endorsement, this record of 95,000. One of the oldest piano makers in quarter-sawn oak has recently been purchased by Messrs. Fletcher Bros., and will be used in their new opera house. A fine assortment of pianos, as well as the world-renowned Chickering, the peerless Hardman, and the popular Bush & Gerts, can now be seen at the Wiley B. Allen Piano Store, 29 Commercial street. Low prices. Easy terms. Old instruments taken in exchange.

STATE NEWS.

Interesting Items Culled from Oregon's Leading Newspapers.

THE ALBANY DEMOCRAT IS CRUEL ENOUGH TO SAY THIS: "THERE ARE PEOPLE WHO THINK ASTORIA WILL BE A RIVAL OF PORTLAND IN TIME. ONE OF THE FIRST THINGS IT SHOULD DO IN ORDER TO GET THE MONEY AND PEOPLE IS TO ELECT HONORABLE OFFICIALS IN YEARS PAST THE CITY AND COUNTY HAS HAD IN OFFICE SOME OF THE BIGGEST RASCALS ON THE COAST."

This is most unkind. The Astorian has always looked on the Democrat as a most reliable paper. And now it comes out and accuses Clatsop county office holders of being rascals. Perfectly absurd. And so untrue too.

THE PEOPLE OF ROXBURG, SAYS THE PLAIN DEALER, SHOULD OWN THE MEANS OF WATER SUPPLY.

Let them then own that in that direction at once. The sooner the better. The city probably has not the power to bond itself to raise the money under a special charter, but the people can form a new corporation with such conditions as it may wish. The city can do so, by an amended charter from the legislature. It will be allowed to take the plant and refund to the stockholders the amount of stock owned, and the city take the plant under the control of the city authorities.
