They Lack Life

There are twines sold to fishermen
on the Columbia river that stand in
the same relationship to Marshall's
Twine as a wooden image does to the
human being—they lack strength—life
—evenness—and lasting qualities. Don't
fool yourself into the belief that other
twines besides Marshall's will do "just
as well." They cannot.

THE RAILROAD BATTLE

Receivers Gain and Lose a Point
in Seattle.

MOTION TO PRODUCE BOOKS

But Court Overruled It—Republican
League Meeting in Chicago—
Valkyrie Sighted.

Seattle, August 14.—In the United States
circuit court today the attorneys for the
receivers of the Northern Pacific rail-
road gained a point and lost one in the
fight made against them by Elias W. Pet-
tit, representing President Drayton Ives
and the American stockholders, as in-
dicated yesterday. There was filed a mo-
tion today that T. F. Oakes, H. C. Payne
and H. C. Rouse, receivers, William N.
Cromwell, general counsel, and J. W.
Kendrick, general manager, be cited to
appear in Court August 22 and produce
the telegrams, books and other documents
necessary to the petitioner in order to
sustain his charges of collusion between
the Adams men, the receivers, Judge
Jenkins, and J. J. Hill, and also to estab-
lish the fact that the circuit court for
the eastern district of Wisconsin had no
jurisdiction of the case. Judge Hanson
denied the motion, leaving to the counsel
the privilege of renewing it later in the
case should the circumstances warrant.
The other motion was to amend the an-
swer filed two years ago. It was granted.

AS ENGLAND SEES US.

The Criticisms on American Sportsmen.

London, August 14.—The remarks at-
tributed to Michael F. Dwyer, the Ameri-
can horse owner, in an interview with
him after he landed at New York yester-
day, in which he is quoted as criticizing
his treatment in England, have been cab-
led here and are being severely criti-
cized. The Sun says:

"Because Dwyer and his horses and his
tailor-made jockey have not had matters
all their own way here he declares he
is not unreasonable to estimate that he
should have a very poor opinion of his
sportsmanship. First we found Cornell
unable to take a licking gracefully, and
now the same thing appears in racing.
Fortunately we saw last year that Ameri-
can athletes are true sportsmen right
through, and we know from long expe-
rience that American yachtsmen know
how to behave themselves or we might
be inclined to say Lord Dunraven and
the London Athletic Club."

The Westminster Gazette says: "If we
take our American cousin at what re-
cent events have shown him to be, it is
not unreasonable to estimate that he
should have a very poor opinion of his
sportsmanship. First we found Cornell
unable to take a licking gracefully, and
now the same thing appears in racing.
Fortunately we saw last year that Ameri-
can athletes are true sportsmen right
through, and we know from long expe-
rience that American yachtsmen know
how to behave themselves or we might
be inclined to say Lord Dunraven and
the London Athletic Club."

REPUBLICAN LEAGUE.

Proceedings of the Chicago Meeting.

Chicago, August 14.—By unanimous con-
sent the executive committee of the Re-
publican League, in session today at the
Great Northern Hotel, chose Aaron Bliss,
of Saginaw, Mich., as treasurer of the
league, and treasurer ex-officio of the ex-
ecutive body.

Various committees were appointed and
plans were discussed for the fall cam-
paign. Much dissatisfaction with the
Chicago League headquarters was ex-
pressed, with a strong sentiment favoring
removal to the East.

Those present expressed themselves as
enthusiastic over the outlook for the Re-
publican party. The afternoon session
was marked by energetic speeches and
definite offers of assistance. Secretary
Downing, on behalf of the Republicans
of Minnesota, presented the league with
a check for \$1000 to aid in organizing the
work. Promises of similar assistance
were volunteered by delegations from
various state leagues were received.

The matter of locating the headquarters
was postponed until the regular October
session.

INDIANS WILL HUNT.

Prepared to Resist the Efforts of Set-
tlers.

Salt Lake, August 14.—A special to the
Tribune from Pocatello, Idaho, says:
The Bannock Indians on the Fort Hall
reservation will yet cause trouble in the
Jackson's Hole country if they persist in
their designs.

Information comes from the agency at
Ross Fork that the Indians are quietly
preparing to return to the hunting
grounds as soon as the hay harvest is
over and supply themselves with meat
for the winter, claiming that the rations
furnished by the government are not
sufficient. They will go prepared to resist
all efforts made by the settlers to pre-
vent them from hunting.

MANHATTAN CYCLING.

New York, August 14.—The most notable
achievement of the day at the Manhattan
Beach cycling events was the smashing
of the ten mile bicycle record by Fred
Titus. He started in a ten mile match
race with Harry Maddox, the holder of

the record of 21:30 1-5. Titus got behind
on the start, and this so discouraged
Maddox that he dropped back a lap before
the second mile was finished. At the end
of the third mile Maddox dropped out.
Titus then turned his attention to the
record and he fractured it every mile
after the first. He finished by knocking
the record down to 20:35 1-5, a cut of 55
seconds.

The other features were the half mile
race between James J. Corbett and Har-
vey Wheeler. Corbett handles the wheel
very cleverly, and he and Wheeler made
good speed, Corbett winning by two feet.

SPOKANE BICYCLE RACES.

Spokane, August 14.—At the bicycle
meeting today the two pace northwest
records were broken.

M. F. Hill, of Aberdeen, Wash., made
the mile open, Class B, in 2:30, and the
two miles to 4:33 1-5, breaking the former
record 1:12 1-5 seconds, and the latter 30
seconds.

In the half mile open, Class B, J. M.
Campbell, of Spokane, won; Guy C.
Brown, of Spokane, second; time, 1:34 1-5.

In the mile open, Class B, M. S. Hill,
of Aberdeen, won; Guy C. Brown, sec-
ond; time, 2:30.

In the two mile open, Class B, M. F.
Hill, won; J. A. Drain, of Portland, sec-
ond; time, 4:33 1-5.

In the five mile handicap Class A, M.
F. Webster, of Spokane, scratch, won;
time, 13:11.

KNOWS THE LEADERS.

Tacoma, August 14.—Deputy Prosecuting
Attorney Will Graves, of Ellensburg, ar-
rived here tonight. He says he knows
the identity of the leaders and many
members of the mob that lynched the
Winsons, and that upon his return to
Ellensburg he will take immediate steps
to see that they are arrested and punish-
ed. He is informed that the lynchings
include many of the most prominent far-
mers and business men in and about El-
lensburg.

He believes that the younger Winson
would have been convicted of murder in
the first degree and hanged, and con-
demns the method of punishment adopted
by the mob.

TO REDUCE RATES.

San Francisco, August 14.—At a meeting
of the railroad commission today, Com-
missioner Larnie introduced a resolution
lowering grain freight rates 15 per cent.
on shipments between San Francisco and
Sacramento, and from Vallejo to Los
Angeles. The reduction on grain ship-
ments to all points in Northern Califor-
nia is by resolution made 20 per cent be-
low the existing rates. The resolutions
went over for two weeks.

FOREST FIRES.

Tacoma, August 14.—Forest fires are
burning again and doing much damage to
timber. In the woods south of Tacoma
quite a fire is burning tonight.

News comes from Shelton that timber
is burning in every part of Mason coun-
ty and the settlers there are all on guard
to keep their property from burning. The
fires are particularly dangerous around
Shelton, where extensive logging opera-
tions are carried on and the scattered
refuge burns like tinder.

THE SEAL CATCH.

Victoria, B. C., August 14.—Mail advices
from Hakodadi estimate the combined
catch of all pelagic sealers in Asiatic wa-
ters this season at 42,000 sealskins at the
outside. Last season the Canadian
schooners alone took 4,000. The shrink-
age in the catch can hardly fail to affect
the October sales in London.

HUNTINGTON FREE.

San Francisco, August 14.—The indict-
ment against C. P. Huntington for issu-
ing an interstate pass to F. M. Stone, a
politician and attorney, was dismissed
in the United States district court today,
on motion of the district attorney.

BUFFALO RACES.

Buffalo, August 14.—The chief interest
centered today in the match race be-
tween Salisbury's Plover Horse, Azote,
and Hamlin's young mare Fantastic. The
former won easily in two straight heats.
Time, 2:09 1-5.

THE VALKYRIE SIGHTED.

New York, August 14.—The steamship
Jersey City, which arrived at quarantine
from Bristol and Swansea, reports that
on August 3 she passed a cutter yacht,
evidently the Valkyrie III.

OMAHA POLICE QUESTION.

Omaha, August 14.—Chief Justice Novel
of the supreme court, has just announced
that a special session of the court will
be held tomorrow to settle the Omaha
police case.

IN CHINESE WATERS.

Washington, August 14.—A cable was
received at the navy department today
announcing the arrival of Admiral Car-
penter at Chee Foo, with the flagship
Baltimore.

A CANARD NAILED

Reported Sale of Astoria-Goble
Road Denied.

N. P. IN NO POSITION TO BUY

The Receivers on the Sound to De-
fend Themselves and Not to Buy
Oregon Railroads.

The following telegram, published in
the San Francisco Examiner, has created
some little comment in town:

Tacoma, Wash., August 8.—Today's rail-
road sensation concerning the Northern
Pacific property in the northwest is the
statement that the real object of the
trip of Receiver Payne and Judge Jenkins
to the coast is to look over and arrange
by order of the court, for the purchase
of the right of way and property of the
branch line from Goble to Astoria, Ore-
gon. They will be in tomorrow.

Ex-United States Senators Delph, of
Oregon, and Spooner, of Wisconsin, ar-
riving among the prominent lawyers here to-
night who will represent the receivers
of the Northern Pacific before the United
States court tomorrow in Ives' peti-
tion to oust them. They have agreed to
make no argument, and further time will
be asked and probably granted.

Inquiry at railroad headquarters last
night elicited the statement that so far
as the Astoria and Columbia River Rail-
road is concerned, the story is manufac-
tured out of whole cloth. The proposition
refutes itself. To think for a moment
that the courts would permit a bankrupt
railroad corporation to purchase another
railroad at an expense of several million
dollars is ridiculous. Had the Northern
Pacific Railway Company been in a finan-
cial condition to enter upon such an in-
vestment, it would itself have built the
Astoria-Goble railroad three years ago,
when its engineers examined into the
proposition and reported favorably upon
it to the company. That it did not do so
was simply from a lack of means; that it
wanted to do so is a matter of current
information. True it is that times are
better and that the Northern Pacific
Railway Company under its receivership
management last year cleared up about
\$6,000,000 above operating expenses, yet
that company is a long ways from being
out of the woods, and recent develop-
ments in the action taken for the removal
of the present receivers would indicate
that there is still considerable work to be
done before the reorganization scheme
can be carried out and the road put on
an independent paying basis.

Furthermore, Mr. Hammond has en-
tered upon the construction of the Astoria
and Columbia River Railroad on purely
business principles. His plans are deep
laid and far reaching and to sell out at
the very inception of the scheme would
frustrate all his future prospects and is
contrary to reason to suppose that he
would consider such a proposition at this
stage of the game.

The only object of the Northern Pacific
receivers in making their hurried trip
across the continent the other day was
to head off the vigorous efforts of Dray-
ton Ives to have those same gentlemen
removed from office, at least, so far as
is known by the officials of the Astoria
and Columbia River Railroad.

SILVER CONFERENCE.

Plans Made for the Campaign.

Washington, August 14.—The proceed-
ings of the silver conference developed
some difference as to the line of policy
to be recommended, but these were not
of a sufficiently radical nature to cause
apprehension of serious delay.

The committee proceedings indicated
that the report when made will recom-
mend the issuance of an address to the
Democratic party of the country, urging
in very strong terms the maintenance
of the silver cause in the Democratic
ranks and also outline a plan of reorgan-
ization for the silver forces in the party
with a view to the selection of delegates
to the next national convention. This
plan will probably embrace the appoint-
ment of a central committee with mem-
bers from each state and territory which
shall in turn select a member from every
county, the latter to have power to ap-
point a member for every voting pre-
dict in his county. The plan includes a
provision for a national headquarters,
probably at Washington.

GOLD RESERVE.

Washington, August 14.—United States
Treasurer Morgan today received a tele-
gram from Assistant Treasurer Jordan,
at New York, stating that the bond syn-
dicate had deposited \$1,535,000 in

gold in exchange for legal tender and
later in the day another telegram was
received stating that \$1,120,000 in gold had
been withdrawn for export to Europe.
This leaves the gold reserve at the close
of business \$20,431,001. This second de-
posit by the syndicate confirms the offi-
cials in the belief that it fully intends to
see to it that the \$100,000,000 gold reserve
is not invaded.

CONVICTED OF MURDER.

San Francisco, August 14.—The third
trial of Mrs. Louisa Worthington for the
murder of Harry Haddley ended this
morning, the jury returning a verdict of
murder in the second degree.

In 1892 Mrs. Worthington shot at Fer-
rin, her paramour. It was said she had
been urged to murder by her hus-
band. Mrs. Worthington's defense was
insanity. The jury returned a verdict of
second degree murder with a recom-
mendation to mercy. The supreme court
ordered a new trial on the ground of error
in the charge to the jury. Judge Wallace
having sentenced the prisoner to 25 years.
The present verdict is without recom-
mendation to mercy.

BEFORE JUDGE OSBURN.

Business Still Continues Lively in the Po-
lice Court.

In the police court yesterday James Ri-
ley was fined \$10 for being out "on a
time," and becoming disorderly.
Edward Hunter was fined a like amount
for assaulting one Johnson, by striking
him in the face with his fist.

H. Meddick failed to put in an ap-
pearance to answer to a charge of vag-
rancy, and his \$10 bail was declared for-
feited.

Nick Grebe and Fred Nelson, two plain
drunks, were assessed \$5 each.
Mat Cola and William Eagen, for the
same offense, forfeited their bail of \$5
each.

STATE NEWS.

Interesting Items Culled from Oregon's
Leading Newspapers.

A fatal accident happened on the Thur-
ston farm, one mile north of Wells, late
Wednesday afternoon, in which Charles
Saver lost his life. The victim was en-
gaged in hauling grain to a threshing
machine. He left the field with a heavy
load of wheat bundles, and as he ap-
proached the machine a wheel struck a
stump, and the wagon suddenly checked
up. Saver was unprepared for the sud-
den stop and he lost his balance and
fell headlong over the front of the high
load. He struck on the doublecross. This
frightened the horses, and they dashed
away at full speed. Saver dropped from
the double cross to the ground, and the
front wheel of the heavily loaded wagon
passed over his legs, and the hind wheel
of the same side passed over his body,
running nearly lengthwise of it. The ac-
cident was witnessed by the entire thresh-
ing crew and assistance was at once
rendered the unfortunate man. A surgeon
was summoned from Buena Vista, but
in the hour that elapsed before his ar-
rival, Saver's life was practically ex-
tinct.

A warrant was issued Friday morning
from Justice Sober's court for the ar-
rest of Dr. Julius Rothelmer, who is stop-
ping at Wiggins, and Constable Olinger
went out to serve the warrant, says the
Hood River Glacier. The doctor is charged
by a young German named August
Morschback of taking from the postoffice
letters containing drafts to the amount
of \$200 and getting them cashed and retain-
ing the money. Morschback has been sick
all summer and the doctor has been at-
tending him. On the other hand, it is
stated that the young man was owing the
doctor for professional services, and
authorized him to take the drafts from the
postoffice and get them cashed.

Warrants were sworn out Thursday by
members of the Rod and Gun Club, says
the Glacier,
